"Time and tide wait for no man." Time goes on and the tides come and go with a regularity wonderful to behold. With the passing of time comes the passing of some one hard to spare. This week marked the passing of one of those noblemen the good Lord seems to have taken special pains to place on earth—Hugh Fischer. Words fail us when we try to tell of the real goodness of the man, his many virtues, kindness of heart and general loveabilities. That he has gone to a better place none doubt, and those he has left behind should not let their grief overcome them, for the husband and father left them a heritage of good name that is seldom equalled and never exceeded.

EASTERN ANGLERS LIKE ORE.

Non-Resident Licenses to Number of 4,500 Issued Last Year

Since 1919 there has been a steady annual increase in the number of angling and hunting licenses issued by the Oregon State Game commission to non-residents. In 1919 a total of 179 persons bought hunting license and 122 licenses were issued to non-resident anglers. In 1928 the number of licenses issued to hunters from out of the state was in the neighborhood of 700 and non-resident anglers reached a total of more than 4,500. Many of the anglers are men from points east of the Mississippi river who have come to regard Oregon as the fisherman's paradise. Men have been known to come from New York just to fish for salmon below the falls at Oregon City. The game department encourages eastern sportsmen to come to the state as a successful eastern sportsman makes a good advertiser and the entire state

is benefited by the stories he carries home to his friends.

GRAND JURY'S REPORT TO JUDGE F. W. WILSON

Three True Bills and One Not True Bills Returned—One Other Matter Held Over

TO THE HONORABLE F. W. WILSON, Circuit Judge.

We, the Grand Jury of Wasco County, re-convened by your order on the 7th day of February, 1929, respectfully report that we have been in session continuously three days and have finished consideration of all matters that have come before us. We had expected to look over the County properties, but adverse weather conditions necessitated our postponing that work until we will again be re-convened by your order. We have returned three true bills involving four defendants and are returning one not true bill. In all we have had 27 witnesses before us. In one or two cases we have signed recommendations, which are in the possession of the District Attorney to be used in case of pleas of guilty. One matter brought before us has been a charivari party participated in by several young people from the vicinity of Boyd. The conduct of the charivari party was extreme, but we do not find that it justifies the returning of true bill. However, the conduct was disorderly and reprehensible, and we take this occasion of expressing our condemnation of that kind of rowdism. We are holding one other matter under consideration.

Respectfully submitted,
E. L. Leabo, Foreman; C. A. Blake-
ney, George Kasberger, R. C. Ornduff, A. H. Gillis, Geo. Cooper, S. M. Hix.

Attained High Standing

Ella Shepflin, who is attending the Northwestern Business college at Portland, writes that she has recently taken the third grade test and had attained a standing of 99 per cent. She will now pass into the fourth grade. To attain a standing of 99 per cent is exceptional and shows that Ella is applying herself to her studies and that she will soon complete the course.

ASKS THAT VOTERS PAY FOR FRANCHISE PRIVILEGE

Would Assess All Voters Until State Is Out of Debt—Tobacco Tax on the List

(Voter Reporting Service)

To meet the revenue situation, Dr. W. Carlton Smith, representative from Marion county, suggests a \$2.50 voters' franchise tax, to be levied on all voters for the privilege of voting. He believes voters will regard it as a privilege to pay this tax until the state is out of the "red." "They understand this kind of a revenue measure, even if they do not understand all these complicated bills framed up by experts," said he. Senator Miller, of Josephine county, has a universal sales tax applying to everything except farm products. The rates are so low it would nearly all come out of the merchants and manufacturers.

Tobacco tax plans are being revived and a bill is drawn ready to shoot in when revenue necessities indicate. Repeal or modification of the millage taxes levied by the legislature is to be attempted. An adjustment will be attempted to place part of the market roads property burden on to motor vehicles in consideration of reducing license fees on old cars. A way may be found through requiring renewal of the drivers license.

WOULD RECOGNIZE AGE OF CAR IN LICENSE PURPOSE

Island Senator Introduces Measure in Accord With Governor's Idea of Giving Benefit

(Voter Reporting Service)

To place motor vehicles by themselves for taxation purposes, so that the age of the vehicle may be taken into account in fixing the tax, and the proceeds applied exclusively to highway work, if desired, is the purpose of the constitutional amendment introduced by Senator Kiddle of Island City. If passed by the legislature this would be voted upon by the people at the next election. It is understood the measure harmonizes with Governor Patterson's idea of giving the owner of the old car some benefit from license fee reduction.

MEASURE INTRODUCED TO COMBAT LIVESTOCK DISEASE

Appropriation of \$5,000 Asked of State and Government Aid to Be Solicited

(Voter Reporting Service)

Salem, Feb. 14.—To combat an unknown sheep and cattle malady prevalent in certain parts of eastern Oregon, an appropriation of \$5,000 from the state has been asked in house bill No. 380. The money is to be used for research work, directed through the Oregon State college experiment station.

The authors of the bill are Senator R. J. Caraner of Spray, Representative Earl W. Snell of Arlington, and Representative J. P. Yates of Wasco. A memorial will also be sent to congress to ask for federal aid in identifying and fighting the disease.

The disease, which started in last April, has caused a loss of over 300 head of cattle, estimated at \$30,000. It is contagious and is reported to be unlike any other disease known to cattle and sheep. It has defied the efforts of experts from Washington, O. S. C. and numerous veterinarians of the state to analyze it, and find either a preventative or a cure.

RACE CLUB LEASES GROUND

Maupin Monitor of February 22, 1912, Tells of Deal

The Maupin Racing association has completed arrangements whereby it will take a lease for a term of five years from Mrs. W. H. Staats on 20 acres on the Flat above the town of Maupin, which will be improved by the erection of a grand stand and other building; necessary to hold a first class race meet and accommodate any other amusement feature the association may decide to put on. The date for the 1913 meeting has not yet been announced, but it is said it will about the same time as last year—early in July, which seems to be convenient for visiting horsemen. Arrangements for a big celebration in connection with the race meet this year.

made a few trips to attend his case.

Dewey Linn's little girl froze part of her foot while exposed to the severe cold.

Mr. W. S. Endersby's brother, living in Montana, with his son, Claude, died recently. Word came that he was found in a snow drift frozen. It is not known whether heart failure or paralysis caused him to remain out in the severe cold until he froze or not. He is an uncle of Ted, Birdie and Sadie.

Many farmers lost chickens and pigs and lambs during the cold. It was 28 degrees below at Brown's filling station on Sunday, 32 below at Lewis' place, Wapinitia; 22 at Hedin's camp. Hedin's lost 14 Rhode Island chickens while Knute Wasson Portland.

Arthur Gutzler lost one litter of 13 Durock pigs that came Sunday. Quite a cold world of 30-degrees below zero. He has several sows farrowing during the week. The loss of these pigs is a severe one as every pig if a potential \$25 green-back later on.
