FAREWELL TO THE MARTINS

Community Club Speeds Departing
Member at Surprise Party

The members of the Maupin Community club were entertainers at a party given at the home of Mr. and Mrs. John Confer last Thursday evening, the event being in the nature of a surprise party given in honor of Mrs. Alvis Martin, a member of the club, and her husband, they being about to leave Maupin and take up their residence at The Dalles.

The ladies had prepared a nice luncheon and when everything was in readiness the guests of honor were introduced, they coming in with much perturbation, being most agreeably surprised. The evening was spent in general conversation and the Martins speeded to their new home with the best wishes of all present. They left for the Dalles on Saturday.

Tum-A-Lum Busy—

Oscar Renick, manager of the Maupin yards of the Tum-A-Lum lumber company, reports that the sale of lumber is increasing just now. Many ranchers are making repairs and many other are putting up new buildings. The Tum-A-Lum company carries all necessary material for building and their prices are as low as is possible. See their ad. in another column.

Teachers Sign Contracts—

A. W. DeVoe and wife, Dan Poling, Mrs. Cantrell and Mr. Joynt have signed contracts to teach in the Maupin schools next year. Miss Harris has decided that another year as a student at school is what she needs to complete her education, therefore has declined to sign up to teach here again. Mr. Davies will attend the university the coming year.

MAY DAY—CHILD HEALTH DAY

President Hoover Propounds a Fine Childs Bill of Rights

President Hoover has expressed himself emphatically on the rights of children to the end that all such shall be vouchsafed the best care and hygienic treatment, that all may grow into perfect men and women. His bill of rights for children follows:

The ideal to which we should strive is that there shall be no child in America:

That has not been born under proper condition.

That does not live in hygienic surroundings.

That ever suffers from under-nourishment.

That does not have prompt and efficient medical attention and inspection.

That does not receive primary instruction in the elements of hygiene and good health.

That has not the complete birth-right of a sound mind in a sound body.

That has not the encouragement to express in fullest measure the spirit within, which is the final endowment of every human being.

OPENS OFFICE IN CALIFORNIA

Oregon State Chamber of Commerce to Exploit This State

The directors of the Oregon state Chamber of Commerce have decided to bring the attributes of Oregon to the attention of more than 100,000 tourists who enter the coast states through the Los Angeles gateway. In order to do that the chamber will open a branch office in Los Angeles. The move is backed by various California chambers, which are anxious that the west be settled, whether in that state or in some others of the coast states.

The new office will be charge of man who knows Oregon from one end to the other and who realizes the opportunities offered to new settlers. It will be open ready for business by May first.

Mrs. Miller Improving—

Mrs. J. M. Miller, who suffered a severe injury some time ago in a Portland factory, and who has since been under the doctor's care, is up and about after a relapse.

A Once-A-Week Service to Weeklies and Semi-Weeklies

A hen will brood from 10 to 15 chickens successfully early in the season and from 15 to 20 in warm weather, depending on her size.

One of the best temporary pasture crops for sheep where the soil in thin is the soy bean. This crop has the desirable ability to make new growth after being grazed and can be pastured from July until the first frost.

Small-sized eggs mixed with normal-sized eggs detract from the market value of the package and should be used at home or sold separately. Neither is it desirable to include unusually large eggs in a standard package, as they are very likely to break.

A good-sized piece of seed potato is preferable to a small-sized piece. Seed pieces with 1 to 3 eyes and weighing 1 to 2 ounces will, if planted from 12 to 14 inches apart in the row, give better results than smaller pieces cut to single eyes. Cut seed pieces are liable to rot if the ground is cold and wet after they are planted. Under this condition the small-sized pieces will not furnish as much plant food to the young plant as the larger pieces and they are also more likely to dry up and fail to germinate if the ground is very dry or poorly prepared.

ELEVEN YEARS AGO

From the Times April 11, 1918:
The Maupin school will become a standard four-year school next year, the only one in this end of the county.

D. B. Appling is hauling lumber for the construction of a schoolhouse at Ridgeway, the building to be a bungalow style.

Tygh Valley has gone over the top in the third Liberty loan by a good figure, and still there's more to be added.

At a patriotic meeting held at Shaniko last Friday evening, J. W. Hoeh announced that Shaniko's

quota for the third Liberty loan had been placed at \$35,000 but that amount had been oversubscribed. The list showing that \$40,900 worth of bonds had been taken.

Carl E. Hornquist, Oscar W. Butler and James Harpham of Maupin were three of the five Wasco young men ordered to report for military service on May 1.

Manager O. B. Derthick of the Maupin and Tygh Valley switchboard association, gives notice that exchange between the two boards will be discontinued on May 1.

A party of fishermen attempted to go to Clear lake by auto last Thursday. They found the snow too deep to travel by car so made the trip on foot, walking a distance of nine miles.

Mrs. F. D. Stuart and daughter, Crystal, have been visiting at Mosier the past week. While there Mrs. Stuart was taken with appendicitis and went to The Dalles hospital, where an operation was performed yesterday.

Pick Ups About Town

Morris Greene is dirt farming at present at work on his Criterion acre. Morris takes delight in raising prize apples, peaches, grapes, etc., on his riverside home place, but considers the season wasted if he does not cultivate several acres of spuds as well as more of wheat, rye and hay. This season he is somewhat handicapped with a couple of "flat wheels"—he having a touch of rheumatism in one hip and in his other ankle.

Phil Starr is serving as night man at the Fargher sheep camp during the hectic days of lambing. He also cultivates a fine Bakeoven garden, delivers the mail on the Shaniko route, but does not let either occupation conflict with the others.

Bob Wilson attempted to qualify as a fisherman on Tuesday. The Times man went to the Wilson store and was confronted with the story that Bob had fished but one hour on the river and in that time had landed 23 fine red ides. Later he admitted that what he told us was but another fish story.

We suggest that the Portland Mazama club make a trip to this section and make the descent into Bakeoven canyon at the Fargher sheep camp. Then turn around and make the climb out, choosing one of those shell rock pinnacles as a site for their operations. If they can make that trip and not feel all the torments of a hard attack of rheumatism for days afterward they will have qualified as real mountain climbers. We know for we have made the climb.

Arthur Creighton is a genius with tools—carpenter, plumber, painter, and possibly tailor. He recently fixed up our sink drain, has done innumerable carpenter jobs about Maupin and is now engaged in painting the interior of the Chas. Crofoot cottage. If in need of soles on your shoes, a patch on your Sunday trousers or your fishing rod needs putting in shape for the season, we suggest you call on Arthur and have the job done right.

With two schools, plays advertised, one at Tygh Valley on Saturday, April 27, and the other at Maupin on Saturday, May 4, our people need not bemoan a dearth of amusement. The Tygh play is under the title, "Dummy." Do not surmise from that that the pupils taking part are "dummies" for the opposite is the case. A brighter bunch of amateur thespians never

tackled a play and those who attend will awaken to the fact that all are wide awake. The Maupin play is out of the ordinary in that it is staged on the deck of an ocean steamer, carrying all the attributes of a salty crew and sophisticated passengers. "Billy" will be the play of the season and a big house is promised.
