CLUB MEMBERS TRY FOR NEW SCHOLARSHIPS

Pig and Corn Projects Given Inducements to Work for Scholarship

The Oregon 4-H club member making the best combined exhibit of pigs and corn at the Pacific International Livestock exposition this fall will be awarded a scholarship to the summer school at Oregon State college with all expenses paid, announces L. J. Allen, acting state club leader. Beginning this year this will be an annual award, designed to increase interest in carrying pig and corn club projects together. It is financed from a balance left over from state corn show funds.

Competition is open to club members carrying pig and corn club projects. The exhibit will consist of four market hogs, all litter mates, and 25 ears of corn from at least one acre grown by the member. The club member may compete in both the Portland union stock yards pig feeding and corn growing contests, and his exhibit in these will qualify him for the scholarship competition.

LARGE ATTENDANCE AT SENIOR PLAY, "BILLY"

Smoothness and Detail with Well-Learned Parts. Stamp Play Best Ever Shown Here

After a time of intense preparation and diligent rehearsal the Senior play of the Maupin High school was produced at Legion hall last Saturday night. The hall contained one of the largest audiences of its history and the play was received with generous applause and entire satisfaction. Each member of the cast was letter perfect in his or her part; the "business" worked with the smoothness of a professional troupe, while the story itself proved a revelation, as it varied from any such ever attempted by amateurs in Maupin.

We have indulged in descriptions of the story during the past month, so will dispense with that feature at his time. Suffice it is to say that all connected with the production did himself proud, established a reputation as an actor and granted Maupin people an opportunity to witness something that carried all the elements that went to make an evening of genuine pleasure and entertainment.

The special numbers by N. G. Hedin, the Maupin Ladies quartette and E. Tel Stovall proved most acceptable and added greatly to the pleasure of the evening. The class realized a tidy sum from the entertainment, and that will be applied toward paying for royalty, lumber and on graduation necessities.

Mrs. DeVoe was given much credit for the success of the play, as it was her work and close attention that made it such an unqualified success.

LATEST IN SLICING MACHINES

Shattucks Install New Electrically Driven Slicing Machine

When it comes to all the latest labor-saving equipment necessary in a mercantile establishment Shattuck Bros. are there with bells on. The latest installation at that store is what is known as the White Seal slicer, a machine electrically driven and used for slicing ham, bacon, dried beef, etc. The gauge may be adjusted so that it will cut slices as thin as a wafer and from that up to one-half inch. It will slice bread as easily as it will meat, and do it in a short time and with extreme neatness. The new machine was set up for operation today.

MAUPIN HI TIMES

LEADING EVENTS OF THE PASSING YEAR

Maupin Students Have Been Busy - Resume of Activities

During the past year the Maupin schools have been busy. The boys football team won two games from Wapinitia, lost two to Madras and Dufur and tied three with Tygh Valley. The boys' basketball team won most of their games. They lost one to Madras and one to Grays Valley but through winning eleven games they became champions of Wasco county. The girls' team played four games but lost all of them. The baseball season is not over yet. So far they have made a good showing. The first game with Wapinitia was a tie. With Dufur they have played two games, both winning and losing one. They defeated Tygh Valley one game and Friday they play the return game at Tygh. The track team made a good showing, too. They won the cup for a third time, making it a permanent possession of this school. Three parties have been given by the students. The first one was the Freshman initiation. Harry Rutherford is waiting for the next crop of Freshmen, so he can push them around in a baby carriage. Two other parties were given, one for the football boys and the other a farewell party for Velma Crofoot.

The schools have also given several entertainments. The grades have given two programs. The minstrel was given January at which a large crowd attended. Mr. DeVoe's sewing class gave a fashion tea to display the dresses the girls had made. A movie vaudeville show and party was given to help buy baseball suits and to aid the clubs. The Senior play "Billy" was also given, which met with the same success as the other entertainments did.

Those in our school who have helped with out assemblies are: Andrew, Richard, Beth, Bessie, Doris, Irene, Merle, Mabel, Leah, and Nova. We all have had much help from outside people. Mr. Stuart spoke to us and explained the deposit ticket. Dr. Elwood upon the value of cleanliness. Mr. Hedin addressed us several times, one of his topics being Mr. Hood. Mrs. Woodcock, Mr. Morris, Mrs. Wilson and Mrs. Bothwell have appeared before the group several times and sung for us. Mrs. Morris also gave a reading before the school. Mr. Woodcock played a violin solo and Mr. Staat has sung for us.

The clubs have also been very active. Prizes were awarded at an open air assembly. The club has given two programs at which Mr. Daigh and Mr. Gronewald were present. A club movie was given to show what good times were had at summer school. The "Maupin Hi Times" which the upper classes put out has followed closely the events of the year. We hope that it has been a pleasure to those reading it as well as to the students.

MAUPIN DEFEATS TYGH

Last Friday Maupin Hi won a victory over Tygh Hi in a no hit game played on the local field. Although Maupin played without two regular players, they played a game that was interesting to watch.

Maupin scored one run in the first inning, and two more later during the game. Tygh scored in the last inning. It looked as though they would be shut out, but due to errors they were allowed one score. Neither team made any hits, the scores being made on errors.

Maupin now has two game won, one lost and one tied toward the pennant offered by Wasco county. The next game will be on Friday with Tygh on their field.

JUNIOR SCIENCE

The Junior Science class has two boxes of pansy plants. They have been taken care of carefully and are very pretty now. Limb water and potassium nitrate were put in the soil; sulphur was added, afterwards a good fertilizer was applied.

When the flowers had started growing a brace was put on the boxes to hold the plants straight. This makes them stronger and more shapely. They were cultivated by taking a knitting needle and stirring the soil up well. This allows the air to go down into the soil. This is important as air is four-fifths nitrogen, and nitrogen is a necessary element for plants.

DR. POLING TO DELIVER BACCALAUREATE SERMON

The Senior class is very much pleased that it will be convenient for Dr. Poling to deliver their Baccalaureate sermon, Sunday evening, May 19th, at the High school auditorium. The Seniors invite their many friends from far and near to listen with them to this well known speaker. Dr. Poling's keen knowledge is recognized throughout the state. He is sure to have a message for all who hear him. Come and enjoy this sermon with the students and the patrons of the school.

MAUPIN CLUB MEMBERS ACTIVE

Cake and Candy Sale Scheduled For Saturday

Thursday afternoon Miss Cowgill and Mr. Gronewald attended the club demonstrations given by the club members of this school. Miss Cowgill chose the following teams, to demonstrate at the county fair this fall: Ralph Kaiser and Jim Slusher, bachelor sewing; Nova Hedin and Nina Matthews, sewing; Betty Slusher and Irene Woodcock, cooking; Jean Reñick and Beth Rutherford, home-making.

Don't forget the food sale May 11th, at the Shattuck store.

"BILLY" A GREAT SUCCESS

Audience Appreciated Our Efforts And Gave Much Applause

A full house appreciated the Senior class play which was presented last Saturday night at the Legion hall. The crowd is said to be the largest ever congregated in this hall and because of that probability it had been decided to give it in the hall rather than the auditorium.

The audience was very attentive throughout the entire play. This naturally encouraged the cast and made them do better than ever before.

Prizes were awarded to Jim Slusher and Ralph Kaiser for their efforts in selling tickets. Jim sold the most and received \$2.50 while Ralph was a close rival and won \$1.00. Both boys added to the popularity of the play by their hustling.

The amount cleared above expenses exceeded all other amounts cleared from like entertainments.

In addition Mr. Hedin's song pertaining to the sea added to the spirit of "Billy. The accordion solo by Mr. Panchisin was equally as popular with the large audience. The song by the Ladies' Quartette was not excelled by the other numbers.

The evening was brought to a close by dancing. The music was furnished by the pantatrope from B. D. Fraley's.

The play represented considerable time and efforts of the cast, coach, and to other members of the school. In some way or other every member of the schools contributed to the success of the evening. It is hoped that such splendid audiences may be frequently attracted to the future activities of this school.

GREENE GETS ROAD CONTRACT

Will Construct Two Miles on Burns-Bend Highway

Morris Greene has entered into a contract with the state road commission for the construction of two miles of highway on the Burns-Bend trans-state road. He will ship his equipment to Bend today.

The contract entails the moving of 27,000 yards of dirt and rock, there being about 1,600 yards of the latter to loosen up and scatter on the roadway. His portion of that highway is but a short distance from Bend, which place will be his headquarters during the time he is at work. He expects the job will require about four months to complete.

Morris is taking his son, Earl, "Tots" Chamber, Jim Baxter and Henry Pennington with him, and will increase his crew as time goes on. The contract price was in the neighborhood of \$8,000.

Umusical Serenade

A group of young people gathered up all the tin pans obtainable last evening and proceeded to the Gus Derthick residence, where they held an old-fashioned charivari. Jim Vaughan and bride being the chief recipients of the serenade. The musician were invited in and were treated to cigars and candy, after which they departed, leaving best wishes for a long and happy married life for the newlyweds.

Look over our presents for graduation. A nice assortment reasonably priced to choose from, Maupin Drug Store.

MEXICANS DROWN IN CELILO WHILE WASHING CLOTHES

Boat Rocks Away From Shore and Four Men Are Thrown Into Swirling Water

Celilo falls claimed two victims on Monday when two Mexican section men found death in the swirling water; of that part of the mighty Columbia river. One body was recovered but that of the second man floated away and up to the time of going to press had not been taken from its watery grave.

The men had been at work on the O. W. section at Celilo but had been laid off. They went to the river ostensibly to wash their clothes and in doing so stepped into a boat which had been drawn up on the bank. The motion of their steps loosened the boat from its resting place and it swung into the swift current. Two of the men jumped into the water and were hastily washed over the falls. One of them was handed a dip net by an Indian fisherman, who assisted the Mexican to shore. Another man was whisked away before he could be helped, and another was caught in a whirlpool and taken from the water but not until life was extinct.

Still another man struck the piling of a fish wheel and managed to climb to the top, where he rested a matter of six hours before taken to shore. His rescue was affected by heaving a weighted fish line to him he grasping it and then hauling a rope to the piling. This he looped about his body and willing hands pulled him through the swift current.

EXTRA PRIZES OFFERED

GADEN CLUB MEMBERS

Money and Tools Offered for Excellence in Those Lines By Philadelphian

Oregon garden club members may compete at the state and county fairs this fall for additional prizes offered by S. L. Allen and company of Philadelphia, who are posting the awards to increase garden club projects.

The champion garden club member of each county will be awarded a single wheel hoe valued at \$7.75, providing such county has a membership of 25 or more club members enrolled under the supervision of a county extension agent, who is to determine the winner, subject to the approval of the state club leader.

A combination reeder and wheel hoe valued at \$18 will be presented the state winner, who will also be eligible to compete for the national championships of \$300 and \$200, to be awarded the national and reserve champions respectively by this company. Details may be obtained from county agents or club leaders.

FALK-VAUGHAN

A marriage which was not entirely unexpected by Maupin people, occurred at The Dalles Tuesday, May 7, in which Miss Fannie F. Faulk, youngest daughter of Mrs. G. I. Derthick became the wife of James W. Vaughan, the ceremony being performed by Rev. Edgar B. Luther, pastor of the Baptist church of The Dalles.

The bride is one of Maupin's promising young ladies, being possessed of a most pleasing personality and deservedly popular among the younger set. Her husband, while not well known hereabout, is a young man of industrious habits, and is a son of one of Roseburg's influential fruit growers. He is at present working at the Oak Springs fish hatchery and is competent in every way to make a happy home for his recently-acquired wife.

The happy couple left this morning for Roseburg, where they will spend a week and upon their return will go to Montana where Mr. Vaughan has accepted the management of a fish hatchery. The congratulations and best wishes of a host of friends will accompany them on their journey through wedded life.

666,000 IN ALL THE 4-H CLUBS

447,000 Have Completed Work and Membership Still Growing

Boys and girls in 4-H clubs in 1828 numbered 47,000 more than in the year previous, according to advance tabulations of county agents' reports to Washington. In 1927 there were 619,712 boys and girls enrolled in club work in agriculture and home economics, and 399,107 of these completed the projects which they undertook. The advance figures for 1928 indicate an enrollment of more than 666,000, with 447,000 members completing their work.

Building Hog Yard

Job Crabtree and Arthur Creighton were busy a few days the first of the week building a hog yards at the Resh stockyards. Oliver has a nice bunch of porkers at the yards and is making more room for them to circulate in.

POPPY SALES HELP DISABLED WAR VETERANS

Big Time Promised at Poppy Sale by Ladies Auxiliary on Saturday Evening

Saturday evening of this week at Legion hall will occur the annual poppy sale of the Legion's auxiliary. The poppies were made by disabled soldiers and the money realized from their sales revert to the benefit of those veterans of the late war who are in a condition that requires assistance. When you buy a poppy you are contributing your mite toward the maintenance of many deserving ex-soldiers and thereby making life more pleasant for them.

There will also be a fine literary and musical program, and a cupper prepared as only Auxiliary members know how. After the sale and program an old-time dance will be held, at which some real old-time music will be heard. The entertainment will be free, only a moderate charge being made for the dance. Let all turn out.
