

The Maupin Times

AN INDEPENDENT NEWSPAPER

C. W. Semmes, Editor
C. W. Semmes and E. R. Semmes
Publishers

Published every Thursday at
Maupin, Oregon

Subscription: One year, \$1.50; six
months, \$1.00; three months, 50c.

Entered as second class mail mat-
ter September 8, 1914, at the post-
office at Maupin, Oregon, under the
Act of March 3, 1879.

PROFIT ESSENTIAL TO SERVICE

Just as it is true that nothing is
free, so it is true that any business
to be successful, must be operated
upon a basis of profit. Public util-
ities are no exception to the rule
even though engaged in serving the
public universally and continually.
"As a business, the utility is re-
quired to produce enough revenue
to pay the operating costs for the
quality of service which it can mer-
chandise readily, to pay wages to
capital sufficient to insure a ready
flow of new capital as needed, and
to provide some surplus," says M. S.
Sloan, president, New York Edison
company. "It can not be a success-
ful and desirable public service un-
less it is a business success."

FARM REMINDERS

On land that dries out to a con-
siderable extent during the summer
in Oregon either sweet clover or
Grimm alfalfa will usually produce
more pasture than Ladino clover,
finds the experiment station. Sweet
clover is less liable to bloat cattle
than either alfalfa or Ladino clover.
Ladino is best on irrigated or sub-
irrigated land.

Honey, as the bees take it from
the flowers, is a thin nectar consist-
ing of about 60 per cent water and
40 per cent sugar, says the Oregon
experiment station. The bees con-
centrate the sugar by evaporating
the water, thus improving the flavor.
A chemical change then takes place
similar to the process that goes on
in a human stomach after eating
cane sugar. This results in a form
of sugar that can be absorbed easily
by the human digestive system.

Although it is generally known
that cattle prefer to graze in the

open, the reason for this is unknown.
Results of two years' study at the
Oregon experiment station, however,
show that grass grown in the open
contains 9.34 per cent of available
carbohydrates, while that grown
under shade trees contain only 6.67
per cent.

HOME POINTERS

(From School of Home Economics.)

A much-worn linoleum can be
freshened and saved by covering
with a thin coat of varnish.

A good water softener for laun-
dery may be made by heating a
pound of soap in four gallons of
water and adding a pound of soda.
This makes a good solution for
soaking and washing clothes when
the water is hard.

Kerosene is useful as a cleaning
oil as it dissolves wax and resin.

Straw hats which have become
imp from dampness can be restored
to their original freshness by light
pressing with a warm iron over a
lamp cloth.

Any good white window shade
can be cleaned by making a very
thick soap suds of white soap and
warm water and applying with a
soft sponge. The sponge, if wrung
almost dry, will not water-soak the
shade.

Heavy silence cloth, such as is
used as a protector for the dining
room table, makes a most service-
able ironing board pad. The felt,
which may be held firm by thumb
tacks, should be cut large enough
to allow about two inches for
shrinkage.

Clothespins bags are most useful
when shaped and worn like an apron
with a wide pocket. It is best to
have them not too deep, the whole
apron being shallow and wide. Tick-
ing is the most serviceable material
for the bags and can be easily
laundered.

"INSIDE" INFORMATION

Prune salad is made by simmering
prunes until soft, removing the
stones carefully and stuffing the
cavity with well-seasoned cottage or
cream cheese. It is served on let-
tuce with French or mayonnaise
dressing.

To make cinnamon buns of rolls,
simply roll out your ordinary raised
bread dough, cut with a large cookie
cutter, brush the tops with egg, and
sprinkle with cinnamon and sugar.
Do not use too much cinnamon.
Three parts of sugar to one of cin-
namon is a good proportion.

Send for Farmers' bulletin 1471
—F. Canning Fruits and Vegetables
at Home, before attempting to do
any canning. The most recently
recommended practice is to use the
hot pack, and to process only fruits
and tomatoes by the water-bath meth-
od; all other vegetables are pro-
cessed under steam pressure for
safety.

Pickled cherries, flavored with
spices and preserved in vinegar,
make a good addition to your supply
of tasty relishes. Wash and pit
sour cherries, and add three-fourths
of their weight of measure of sugar,
sprinkling it over the fruit in layers,
and letting them stand overnight.
In the morning stir until the sugar
is dissolved and then press the juice
well from the cherries. Tie a small
quantity of whole spices in a loose
cheesecloth bag, and boil in the
juice until the sirup is three-fourth
of its original quantity. Pour while
hot over the drained cherries, and
add 2 tablespoons of well-flavored

vinegar to each pint. Seal and allow
to stand about two weeks to blend
before using.

OREGON NEWS NOTES

Burns—\$300.00 major building
program now underway in this place.
Bend—State Highway commission
awarded contract for trestle on
Roosevelt Highway over central Ore-
gon canal near here.

Plans approved for construction
of bridge at Astoria.

count of my health. Call on or
write Matt Busic, Wapinitia, Ore-
gon. 27-44

SHERIFF'S SALE OF REAL
PROPERTY
In Equity No. 4393

In The Circuit Court of the State
of Oregon for Wasco County.
John Bartholdi,

Plaintiff,

vs.

Black Butte Lumber Company, A
Corporation, John G. Heimrich,
and J. L. Kelly, Trustee,

Defendants

BY VIRTUE of an execution, de-
cree and order of sale, duly issued
out of and under the seal of the
Circuit Court of the State of Ore-
gon, for the County of Wasco, to
me directed and dated the 28th day
of May, 1929, upon a decree for
the foreclosure of a certain
lien, and judgment rendered and
entered in said court on the 29th
day of December, 1928, in the above
entitled cause, in favor of the Plai-
ntiff and against the Defendant
Black Butte Lumber Company, a
corporation, as judgment debtor,
in the sum of Three Hundred
Ninety-one and 84-100 dollars, with
interest thereon from the 28th day
of October, 1927, at the rate of six
per cent, per annum, \$2.40 filing
fee, and the further sum of one
Hundred Twenty-five dollars, as
attorney's fees, and the further sum
of Thirteen and 50-100 dollars,
costs, and the costs of and upon this
Writ, and commanding me to make
sale of the real property embraced
in such decree of foreclosure and
hereinafter described, I will, on the
29th day of June, 1929, at the hour
of 2:00 p. m. o'clock, in the after-
noon of said day, and at the front
door of the County Court House in
Dalles City, Wasco County, Oregon,
sell at public auction to the highest
bidder for cash in hand, all the
right, title and interest which the
Defendants, Black Butte Lumber
Company, a corporation, John G.
Heimrich, and J. L. Kelly, Trustee,
or either of them had on the 28th
day of October, 1928, the date of
the lien foreclosed herein, or which
such Defendants or any of the De-
fendants herein, have since acquir-
ed, or now have in and to the fol-
lowing described real property,
situate and being in Wasco County,
Oregon, to-wit:

About one-fourth acre located on
the south side of the Columbia river
highway, and having thereon a con-
crete office building 20 feet x 30
feet in size, and located directly
across the road from the box factory
building, all located in section 2,
township 1 North, range 13 East of
Willamette Meridian, and being a
portion of Laughlin's Donation
Land Claim, and the record title to
which parcel of real property is now
in John G. Heimrich, of The Dalles,
Oregon, and which building was
erected by the Black Butte Lumber
Company and is upon land described
as a distance of 25 feet on the west
side of the center line of said build-
ing, and a distance of 75 feet east
of the center line of said building,
and running from the Columbia
River highway a distance of 100

feet southerly, being land required
for the convenient use and occu-
pation of said building and necessary
for said office use, or so much of
said property as will satisfy said
judgment and decree, with costs
and accruing costs.

Said property will be sold subject
to confirmation and redemption as
by law provided.

Dated at The Dalles, Oregon, this
28th day of May, 1929.

HAROLD SEXTON
Sheriff Wasco County, Ore.
M30-J27

NOTICE FOR PUBLICATION— ISOLATED TRACT

Public Land Sale. Department of
The Interior

U. S. Land Office at The Dalles,
Oregon, April 23, 1929.

Notice is hereby given that, as
directed by the Commissioner of the
General Land Office, under provi-
sions of Sec. 2455, R. S., pursuant to
the application of James W. Fisher,
serial No. 026756, we will offer at
public sale, to the highest bidder,
but at not less than \$1.75 per acre,
at 10:20 o'clock a. m., on the 20th
day of June, next, at this office, the
following tract of land:
NE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 34, T. 6 S., R. 16 E.,
W. M.

The sale will not be kept open,
but will be declared closed when
those present at the hour named have
ceased bidding. The person making
the highest bid will be required to
immediately pay to the Receiver the
amount thereof.

Any persons claiming adversely
the above described land are ad-
vised to file their claims, or objec-
tions, on or before the time designat-
ed for sale.

J. W. Donnelly,
Receiver.

Years of service in MODEL T FORDS

THE Model T was so strongly and sturdily built that it
is still rendering reliable, economical service to motor-
ists in every section of the country. Millions of these
cars can be put in shape for two, three and five more
years of use at very small cost.

So that you may have this work done economically
and satisfactorily, the Ford Motor Company is still de-
voting a considerable section of its plants to the manu-
facture of Model T parts. It will continue to do so as
long as they are needed by Model T owners. The follow-
ing list gives the approximate labor charges for recon-
ditioning the Model T Ford:—

Engine	
Tune motor (including replacement of commutator case, brush and vibrator points if necessary)	\$1.00
Grind valves and clean carbon	\$3.75 to 4.00
Overhaul carburetor	1.50
Reline detachable car transmission bands	1.50
Install new pistons or connecting rods	6.00
Tighten all main bearings	6.00
Overhaul motor and transmission	\$20.00 to 25.00
Rear System	
Replace rear axle assembly	2.50
Install universal joint	3.00
Reline brake shoes	1.50
Replace rear axle shaft, drive shaft pinion, or drive gear	5.00
Overhaul complete rear axle assembly	\$5.75 to 7.00
Rebush spring and perches	1.75
Oil and graphite springs	3.00
Front System	
Overhaul front axle	\$4.00 to 5.00
Rebush spindle bodies and arms (both sides)	2.50
Replace or straighten spindle connecting rod	.75
Tighten radius rod or steering ball cap	.60
Tighten all sockets and joints of front end	1.50
Replace front spring tie bolt or new leaf	2.50
Straighten front axle	3.00
Chassis	
Replace rear fender	1.75
Overhaul steering gear	3.50
Repair muffler	1.00
Overhaul radiator	7.50
Repaint Coupe	25.00
Repaint Sedan	25.00
Repaint Touring Car	20.00
Reupholster Runabout	8.00
Reupholster Touring Car	15.00
Replace top deck (Coupe or Sedan)	4.00
Overhaul starting motor	3.00
Overhaul generator	2.60

These prices are approximate and are for labor only,
because the need and number of new parts depend on
the condition of each car. The charge for these parts
is low, however, because of the established Ford policy
of manufacturing and selling at a small margin of profit.

FORD MOTOR COMPANY

PARLOR PRICES

Rose City Elbo Macaroni, 13 lbs.	\$1.00
