EAST MAUPIN NEWS

Frank Lister is employing his talents in showing the Farghers how to shovel hay these days.

Mrs. Dorothea Lister is visiting at the home of her aunt, Mrs. Willis Roberts, and family at Frieda.

Mrs. Andrew Cunningham, having completed her work in the cherry orchards at The Dalles, is at home again.

Mr. R. B. Bell is expected back from Vancouver, Washington, to which place she went last week on business, today.

Laverne Fischer came to Maupin Saturday last and spent the time until Monday with his mother and little daughter.

Jack Donaldson has increased his dairy herd by the acquisition of Mrs. Martin's milk cow, he having bought them this week.

The steel span of the old bridge is about down and the balance of the structure will be taken down by the end of next week.

Hurstel Hollis came down from the Karlen sheep camp on Clackamas lake on Monday and spent a few days in town. His wife and her mother are now camped at the lake.

John Mannion is one East Maupinite who enjoys shady spots. He

puts in a part of the heat of the day under the trees at the Williams auto park. The shade there sure is to be appreciated.

Len Caton and wife were Maupin visitors yesterday, coming up from Portland. Mrs. Caton recently suffered a broken arm in an auto accident and is taking a vacation from her millinery store at Salem.

John Wittman, brother of the builder of the new bridge, with his family has gone to Stevenson, Washington. Jerry Martin, another of Kuckenberg & Wittman's employees, has also moved his family to the Washington job.

A. E. Caton and wife and little Jean, were in Maupin over night the latter part of last week. They have been at Condon for some time, Mr. Caton having been laid up with rheumatism. It is rumored the Catons will take over the management of the new Kelso hotel.

Former Maupin Girl—
Mrs. R. M. Cantwell, formerly known here as Hazel Coleman, was in Maupin several days of late and this week. Mrs. Cantwell is now living in Prineville, but her work as agent for a building and loan association takes her to various parts of the country.

Road in Bad Shape—
The Times suggests to the county board that a little attention be given to the Wapinitia market road. That piece of county highway is anything but inviting to tourists coming over the cut-off and it should be given a little attention. Even running a road scraper over it would help put the road in better condition.

From Crater Lake—
Charley Kramer came in from Crater Lake, where he has been working for a road contracting firm, last Saturday. He will return to the south land today, and will go to California, where his employers have a contract to supply 43,000 yards of gravel for a highway job.

Awaiting Cooling Apparatus—
The opening of Maupin's new eating place and confectionery has been held up by the non-arrival of the cooling apparatus. The floor were painted on Sunday and as soon as the waited-for equipment arrives and is set up the restaurant will be thrown open to the public.

Tygh Valley Merchant Here—
Chas. Van Duyn, pioneer merchant of Tygh Valley, was in Maupin last Sunday, he being accompanied by his nephew, Chas. Van Duyn, Jr., and wife. The younger man is manager of the Imperial hotel at Portland and he and his wife were taking a short vacation.

Californians Fish in Deschutes—
Eric Kosanke, wife and daughter, coming from San Jose, California, were visitors in Maupin Sunday and Monday. Mr. Kosanke obtained a fishing license and proceeded to get his money's worth by fishing in the Deschutes at Oak Springs. He had far luck and carried a good impression of our premier fishing stream away with him. He said our roads were boulevards.

"The Maupin" Cook Coming—
Mrs. Jean Wray, than whom no better cook lives, is engaged to preside in the kitchen at "The Maupin" this city's new eating house and she is expected to arrive from Prineville next Monday. With Mrs. Wray at the head of the culinary department of the new place patrons may be sure they will receive their orders right, and that they will be cooked and served in a manner to reflect great credit on the place.

Bought New Truck—
Lester McCorkle is another who recognizes the worth of the Chevrolet make of truck. This week he accepted delivery from Richmonds of that make of vehicle and is now in a position to market his wheat crop with a minimum of expense and at greatest possible speed.

Back From Montana—
W. W. Richmond and two sons, Roy and Ralph, and Arthur Creighton, are back from Montana to which state they went early in the summer. Creighton was left at The Dalles and from there went on to Seattle, while his companions returned to Maupin. The boys are working at Ollie Bothwell's and their father expects to go to work carpentering at the Warm Springs Indian agency, where several buildings are to be erected this fall.

Went to Portland—
Andrew Wittman went to Portland Saturday and remained there over Sunday. He has decreased his crew at the new bridge, having laid

off all but two men, they being kept to smooth up the concrete work. Mr. Wittman says he will be through here within the next two weeks, and will have the old bridge down and the false work cleared from the new structure by the time mentioned.

"You are coming right to the front, aren't you?"

So observed an officer of this bank the other day during an interview with a young business man. "Yes," he replied, "and your friendly, helpful counsel and banking service have been important factors in my success. . . . And, by the way, your bank is coming right to the front, too! And, deservedly—if the constructive assistance you have given me is a sample of what others receive."

The above, and many more commendations, show the relation in which we stand to the business interests of Southern Wasco County.

Refrigeration From Oil Heat

"Light It and Leave It"

YOU MAY NOW HAVE MODERN REFRIGERATION, in your own kitchen—just "light it and leave it!"—with no more attention than that. The greatest invention ever made for the rural home—no electricity, no gas—just kerosene.

Come in as soon as possible and see SUPERFEX—the new oil-burning refrigerator. We are showing one in operation daily. Many rural housewives who have seen it say—"How have we done without this so long?" And they know it is dependable because it is made and guaranteed by the manufacture of the famous Perfection Oil Cook Stoves.

Saves Steps - Saves Food -

Saves Time - Saves Money!

Let us show you how it does all this! We want you to know SUPERFEX. And we have the model, finish, size and price that will suit you. Convenient terms, too, if you like. You will never want to use caves, cisterns, spring-houses, cellars again after seeing SUPERFEX.
