### THE COUNTRY WEEKLY

As an advertising force, the coun-  
try weekly is regarded by many  
prominent manufacturers as the  
leading medium in America. Al-  
though there are still many who  
have not discovered its possibilities,  
it does hold a unique position among  
periodicals. A writer has listed a  
number of the advantages of the  
community paper. His points follow.

"At one sitting the average read-  
er scans all the pages of the local  
paper. No other publication has all  
its pages read as carefully by so  
large a percentage of its readers.

"There is no publication that  
reaches so many families in a given  
trade territory as does the local pa-  
per. No other is read by as many  
people for each subscriber. The  
whole family reads it.

"An advertisement in the local pa-  
per backs up the sales effort of the  
local retailer a more effectively  
than any other medium."

For these reasons the country  
weekly is able to serve, not only  
the advertisers, but every worthy  
cause for the betterment of the  
entire county.—Yaquna Bay News.

From far off China a missionary  
writes The Times that modern flap-  
perdom has at last acquired a root-  
ing. The missionary, Rev. H. G. C.  
Hallock, says the modern Chinese  
girls bob their hair, patronize beauty  
parlors, ride a bicycle, play tennis,  
basketball and engage in other  
forms of athletics. Well, why not?  
Sports are infectious and like the  
epidemic of flu in 1919 that infec-  
tion spreads over the world. It is  
not to be wondered at that the  
modern slant-eyed damsel takes to  
horse back riding astride, that she  
dances, and even flirts. China has  
assumed a freedom in line with the  
rest of the world and that freedom  
will crop out whenever a chance is  
offered.

We question the merits of the  
move on the part of the directors  
of the Wasco County Fair associa-  
tion in appointing a "manager" for  
the coming fair. It takes experience  
to successfully conduct a fair, make  
it pay and provide entertainment  
for the multitudes attending the ex-  
positions. Secretary A. L. Gillis  
has made good for each of several  
years in the capacity of manager  
and to supersede him with a man who  
knows nothing of the inner workings  
of the situation looks to us as being  
a wrong move. Time will tell.

Senator J. E. Bennett is busy  
building gubernatorial fences, as-  
piring to succeed Governor Patter-  
son. The Times calls the senator's  
attention to the fact that our like  
is some fence builder; has his guard  
rails already up, and we believe they  
will prove too strong for the Ben-  
nett herd to break down.

Albany's big time scheduled for  
Labor Day will include a showing of  
wins. Here's out entry—The "Gold  
Just Twins"—the most advertised  
and popular twins on earth.

#### Jallopers At Gresham—

Dee Woodside and his racing  
string have been at the Gresham  
races and are expected to come this  
way soon. Dee's horses captured  
two firsts and one second at the  
Gresham races. The string has been  
on the western circuit for about a  
year, and Dee is said to have cap-  
tured a number of good money  
races. His jockey, Adams, was re-  
turned to The Dalles and will be  
here to ride at the races at the com-  
ing fair.

#### Rode Around Loop—

Last Sunday Oliver Resh with his  
wife and sister and Mrs. Resh's pa-  
rents, W. H. Williams and wife,  
made a trip around the loop, going  
to Hood River and from there onto  
the cut-off highway. The party  
stopped at the Bates Shattuck  
cabin on Bear creek, got supper  
there and came home in the evening.

#### Winter's Hay In—

Roy Richmond has completed  
hauling about 60 tons of alfalfa hay  
to the Job Crabtree dairy. The hay  
was grown by Herman Gesh at Wa-  
mie and is of a superior quality.  
Job purchased the feed through the  
Maupin warehouse company and  
figures he has sufficient to see him  
through the winter.

Dr. Clarke, eye specialist, will be  
in Maupin Sunday, August 18th, at  
Maupin, formerly the Home hotel.

### VISITED MAUPIN GRAVEYARD

#### Father of Maupin Buried Near Ashwood on Hay Creek

Last Sunday Dr. Stovall and wife  
visited the burial place of Perry  
Maupin, the father of our city, near  
Ashwood. They found the burial  
plot in a sad condition of decay, the  
iron fence surrounding the plot be-  
ing badly rusted, while the head  
boards of the graves needed re-  
pairs. The resting place of the  
Maupin family is near Paulina  
Butte, near Perry Maupin.  
killed the renegade chieftain, Paul-  
ina, who had run off some of the  
Maupin horses and who was followed  
by Perry. Interred in the plot are  
the bodies of Howard Maupin and  
wife, and their sons, Garret and  
Perry. Dr. Stovall intends tak-  
ing the Scouts to the butte and then  
painting the fence and also erecting  
a head board at the grave of Perry  
Maupin, as well as fixing up the  
graves. The trip will be made  
some time in September.

#### Released Pheasants—

Game Warden E. Gramse with a  
game commission truck driver were  
in Maupin on Monday, they having  
been on a trip for the purpose of  
delivering chinese pheasants to dif-  
ferent localities. On the way here  
they released 100 birds on upper  
Fifteen Mile, 100 above Wamic and  
delivered another 100 to Bates Shat-  
tuck, who took them to the upper  
Flat and turned them out.

#### Small Pox Scare—

Some Maupin people were thor-  
oughly frightened the first of the  
week when it was learned that little  
Patsy Fraley has contracted small  
pox and that the Fraley home had  
been quarantined. Where and how  
the little girl acquired the disease  
is a matter of conjecture.

#### California Cars Exceed—

The register at the Maupin camp  
grounds shows that California cars  
exceed all others stopping over here.  
In fact the ratio is about 7 in 10.  
Fishermen seem to have taken a va-  
cation, as not many bent on that  
sport have stopped at the camp  
ground recently.

#### Old Bridge Down—

Andy Wittman has finished taking  
down the old bridge, all that re-  
mains of that structure being the  
concrete piers, which will stand as  
a reminder of the first crossing  
across the Deschute.

#### Vaccinates 32 Children—

The smallpox scare now affecting  
Maupin people has made good busi-  
ness for Dr. Elwood. During this  
week he vaccinated 32 children and  
one adult, with more to come.

#### On Week's Vacation—

Carl Pratt and family have gone  
to the mountains for a vacation of  
a week, Carl taking his annual lay-  
off at this time. While he is  
away Carl's mail carrying situation  
is being taken care of by Oscar  
Renick, who has officiated in that  
capacity several times in the past.

#### Bobby Davidson Injured—

Riding on the running board of  
Louie Mayhew's Ford coupe and be-  
ing thrown to the ground when the  
vehicle turned over, Bobby Davidson  
sustained a badly wrenched foot on  
Sunday evening. Louie attempted  
the turn at the flour mill. The  
wheels skidded and the coupe turn-  
ed gently over on its side. Bobby  
was thrown off and in falling he  
wrenched his right foot, the injured  
member keeping him at home on  
Monday. Other occupants of the  
coupe got off without being in-  
jured.

#### Connolly Range on Fire—

A fire which started in Buck  
Hollow on Monday was backed up  
and burned almost  
to the top of the butte east of Maupin.  
It is still burning as we go to  
press and the chances look favorable  
to the whole range grass being con-  
sumed.

#### At Lost Lake—

Ralph Kaiser took his son, Ralph  
and Herbie Kramer to the Scouts  
summer camp at Lost Lake last  
Sunday, where the boys will spend  
10 days enjoying themselves and  
learning more of Scout activities.  
Ralph remained there until today,  
when he returned home.
