## Wapinitia

### FOOTBALL SCHEDULE

Tygh Valley—Oct. 4, 1929.  
Maupin—Oct. 18, 1929.  
There will probably be a game with The Dalles second team on November 11th. There will be a return game with Maupin and Tygh Valley on dates later than October 18th.

### Friday's Football Game

Friday, September 20th Wap's "Cyclones" journeyed to Dufur to play the eleven of that place. Dufur won the toss and chose to kick. Wapinitia received on the 30-yard line but failed to return the pigskin. At the end of the first quarter neither team had scored. With about five minutes to play in the second quarter, Dufur, by means of a forward pass and a line plunge, carried the ball over for a touchdown. They failed to kick the ball over for the extra point. In the third quarter Dufur again crossed the line. Stueber succeeded in kicking the ball over the rail. Again in the fourth quarter Dufur crossed the line by means of a forward pass but failed to make the extra point. At the final whistle the score was 12-0.

Although they did not win, the "Cyclones" played a good fighting game and hoped that with more practice they will develop into a "crack" team.

Dufur's outstanding players were Stueber, E. Weisler and Fetich.

### Student Body Meeting

A Student Body meeting was called Monday evening at the High school. As the Freshmen were sent outside they think that things look bad for them.

The members of the Sophomore class have been telling stories for their English work. They are rather nervous now, but Mr. Heckman says they will soon lose their nervousness

as they will have lots of practice by the end of the year.

On Friday morning the Wapinitia school, assembled for the purpose of singing and "pepping up" the football boys. The singing was led by Helen Endersby and Ruth Shorthill played the piano and Mr. Heckman accompanied on the violin.

### FOOTBALL PRACTICE

Every evening at 3:30, Mr. Heckman says "The football boys are exercised." Then there is a noise that would raise a dead cat from a good sound sleep. This noise lasts until the boys have crawled into a suit and gone to the field.

After going to the field, the boys throw or kick the ball to the other players, who usually miss it. When they get tired of this, the would-be quarter back decides that they need some line practice, so they line up and he calls, "Signals! 48, 62, "Oh, Heck! Can't you big saps ever figure out that you are to stay on that line? Alright—" But here some one cuts in on him and they all enjoy a good old gang fight, which lasts until the coach makes his appearance. Then the coach starts in, calling each one what he thinks of him. "Come on you boneheads and we will have some tackling practice," he states.

The boys all begin to find tricks that would keep them from practicing. Lloyd remembers that he has a sore leg. Roscoe discovers a sore ankle. Albert is afraid that he will get knocked out like he did the night before.

The coach raves on, "Here you boneheads, you. You are all yellow that chinaman is white compared to you. If you big saps, who are so sore, don't tackle me, I'll run over you and grind you into the earth."

And you can bet your last sweet dollar that they tackle him because he is a hard boiled baby. When they tackle until their black and blue spots are increased considerably in number

and have run round the edge of the football field four or five times, they go to the house and change clothes. But all jokes aside, the boys can accomplish more fighting in an hour now than they could in a year.

### Mr. Lillard Visits

Tuesday afternoon Mr. Lillard visited the Wapinitia High school. He gave us an interesting talk on salesmanship before presenting the plan of selling magazines published by the Curtis publishing company. Hazel Laughlin was appointed business manager for the greens, and Avis Endersby sales manager for the reds, two soliciting teams having been chosen.

Miss Irene Linn of Pine Grove visited the High school Tuesday.

## Tygh Valley

### Tygh Won Football Game

Our football team feels quite elated over winning the game between Maupin and themselves on the local field last Friday. The Tygh boys played an excellent game, showing the result of careful and faithful practice. Fortunately one player was injured and that was not serious, as the player finished playing his position during the rest of the game. It is the hope of Tygh Valley student body that the injured player's position during the remainder of the season. The score was 6-0 in favor of Tygh Valley.

### Ring Samples Arrive

The Seniors have received several samples of class rings, they coming from various companies manufacturing such. The class will hold a meeting soon and will then determine just what style ring to purchase.

### Went to Salem Fair

Alice Gesh and Carl Wrenn were the club members from Tygh Valley who went to the state fair at Salem. They won the privilege by the excellent showing of their exhibits at the Tygh Valley fair last month.

### Publisher's Agent Calls

Tygh High school was visited by a representative of the Curtis Publishing company who laid out a plan whereby the student body might benefit by selling subscriptions to his company's publication. His plan called for two teams with two leaders each. Each team is now busy selling the Country Gentleman, Ladies Home Journal and Saturday Evening Post, striving to outdo the other team.

### SHORT SCHOOL NOTES

Carmel Woodcock was absent from school Monday, and Leslie Woodcock and Roland Louis were each absent a half day.

The Freshmen are doing fine and becoming accustomed to the ways of the High school.

Practically all books have been purchased and every student is getting down to real work.

Jokes are being collected by students for a paper—"Laugh"—which is read every other Friday afternoon, beginning Friday, the 27th.

### A SUMMER VACATION

(By Frank Hachler)  
A High school boy's vacation is great is he doesn't weaken. His summer vacation is mostly hard labor so that he can have a little "jack" in his pocket while he goes to school.

For my vacation I left the Flat for the hills June 21st to work in the Forest service. I started to work the next Monday morning.

The first Sunday four of us went fishing in Shell Rock lake. We caught thirteen trout, and they were large ones. It took two of us to carry them back to camp.

The days went by, one by one, until the first of August. Then I had to fight fire for six days. The 27th of August we were called to fight fire again. I fought there until the middle of September, when I came out to go to school.

Mr. and Mrs. D. B. Apping and daughter, Marjorie and Marie, and little Lois Herring spent Sunday afternoon with Mr. and Mrs. Arch Hannah at Shaniko.

Harry Rutherford spent Sunday afternoon with the Kirsch boys. They did some football practice and later tried making a batch of peanut butter fudge, which they said tasted good. There wasn't a sample left, so we don't know.
