**"INSIDE" INFORMATION**

Season veal cutlets or chops with  
 a little lemon juice and Worcester-  
 shire sauce as well as salt and pep-  
 per, before cooking them.

Save your baking powder tins to  
 put left-over cooked cereals in.  
 When these are sliced and fried to  
 a delicate brown they are good to  
 serve with meat in place of other  
 starchy foods. Or serve the fried  
 cereals with sirup, honey, or pre-  
 serve, as a lunch dish.

Do you know leaflet 28, "Lamb as  
 You Like it," which may be obtained  
 free from the U. S. Department of  
 Agriculture? About a dozen good  
 recipes with illustrations, and a talk  
 on the principles of cooking lamb are  
 contained in it.

Apple betty and other fruit "bet-  
 family and easy to prepare with the  
 family and easy to prepare. Mix  
 bread crumbs with enough melted  
 butter to moisten, and place them in  
 alternate layers with fruit, spice, and  
 sugar in your baking dish. Serve  
 hot or cold, with or without cream  
 or hard sauce or custard.

Whipped cream dressing is ex-  
 ceptionally good with cabbage salad, but  
 it may be used for any summer salad  
 you like. To make it, beat half a pint  
 of heavy whipping cream until stiff.  
 Add four and one-half tablespoons of  
 lemon juice, 2 tablespoons fresh grated  
 horseradish, a grating of onion,  
 a few drops of tabasco and salt to  
 taste. A dash of cayenne pepper  
 may be used instead of tabasco. If  
 the horseradish is in vinegar use only  
 2 tablespoons of lemon.

**Dairymen Consider Breeds Secondary to Breeding**

Only a small proportion of the dairy animals on the nation's farms are pure bred—or even good grades. Therefore, the activities of Breed Associations in raising livestock standards are a real service to the farming industry. Each association seeks development of the breed it favors. Yet in those expositions whenever the breeds are shown together the friendly spirit of rivalry which exists evidences the realization that BREEDING COUNTS RATHER THAN BREED.

Such is the atmosphere prevailing the Dairy division of the Pacific International Livestock Exposition, 19th Annual of which will be held at Portland, Oregon, Oct. 26-Nov. 2. Here can be seen America's finest and best dairy animals and knowledge obtained how pure-breeds make possible increasing production and profits. Other exhibits include Beef Cattle, Horses, Sheep, Hogs, Goats, Foxes and Poultry; also Dairy, Manufacturers' and Land Products Shows; Boys' and Girls' Club Work Exhibits; Industrial Exposition; and world-renowned Horse Show. \$100,000 premiums are offered of which amount \$14,500 is for dairy cattle exhibits exclusively.

The Maupin State Bank knows from previous experience that information of immeasurable value can be obtained in this great Livestock classic. For this reason we say to every farmer, "Make every effort to attend the Exposition."

**Men like these are testing your car**

Types of the engineers at General Motors Proving Ground who are working for you. Drawn from a photograph. They are shown examining a specially devised instrument for measuring clutch pedal pressure.

It used to be the custom for a man who wanted to buy a car to take a mechanic with him.

Today, General Motors itself employs skilled automotive engineers to make it easy for you to select your new car. These men are working for you at its Proving Ground—the 1268-acre outdoor laboratory in Michigan where every kind of car is tested.

Before any General Motors car goes into production, a fleet of advance models is constructed and sent to the Proving Ground. There these advance cars must meet every test—tests far harder than you would make. Sometimes they are rebuilt, redesigned, retested many times until they are pronounced right, and ready to be put into production.

The tests involve speed, power, endurance, braking, riding comfort, handling ease; fuel and oil economy; body strength and safety—every phase of car construction and performance.

Buying a car is easy today—because these men at the Proving Ground are working for you to assure you of value when you select a General Motors car.
