

THE MAUPIN TIMES

VOLUME II

MAUPIN, OREGON, NOVEMBER 7, 1929.

NUMBER 9

Minstrels Will Sing Favorite Old Songs

We are sure that the minstrel songs this year will be enjoyed and appreciated.

The number, "Highways Are Happyways," brings to mind the joy of the auto on a smooth Oregon road and helps us to better realize the charms of road and car when "Highways Are Happyways" and lead the way to home. It is a reminder of how dear home is and how we enjoy the return from distant places.

"Old Black Joe" by Stephen Foster, will be sung by the chorus in their most tuneful voices and sweetest notes. This stirring old song is familiar to all. It and other well-known masterpieces of Stephen Foster have become so generally known that they can be regarded as folk songs.

"Loves Old Sweet Song," another of America's favorites, will give the darlings an opportunity to express their appreciation to the folks out in front.

Remember November 26th at the Legion hall, the minstrel chorus of thirty-five voices selected from the high will present their show of 1929.

MRE CRANDALL GIVES AN ENTERTAINING TALK

Last Tuesday the students enjoyed a historical talk by Mrs. Lulu Crandall. She is an active member of the Daughters of the American Revolution and is historian for the Pioneer association.

Her subject for the history of Wasco county, and in her talk she explained how and why Wasco county was so named. A tribe of Indians named "Wascos" which means "cup", gave their name to this territory.

The present status of the Indians was then taken up. Although the government school goes only to the Sixth or Eighth grade, the Indian children leave the school prepared to speak, read, and write the English language. All Indians are citizens, the same as any natural born citizen and they were given complete citizenship by ex-President Coolidge.

During the war twelve hundred Indians volunteered to go and fight. Because of their mountain life and their skill in shooting, they made the best scout troops in the army. The returned soldiers have become the leaders in their respective reservations.

Mrs. Crandall also spoke a few sentences in the Chinook jargon. The present attitude of the Indians toward that old form of speech shows how far he has progressed from the old tribal customs.

Mrs. Crandall suggested that the school should treat the Indian as a fellow patriot, and ask him to participate in games.

LEAF FROM PIONEER BOOK

This school is happy to say that you do not have to keep a constant guard over your belongings. There is no petty thievery in the Maupin High school.

In the good pioneer days of Wasco, we were told by the old settlers when men left their cabins, they left them unlocked so that travelers in need going by could stop and refresh themselves. The law of hospitality was that you were required to wash the dishes and refill the wood box.

This old idea has not been forgotten in the Maupin school, for every one respects the property of others.

NEW MICROSCOPE ARRIVES

A new microscope arrived last week, which adds about seventy-five dollars to the laboratory equipment. The size of the microscope is 4mm. -16mm. It was purchased from Bausch and Lomb Optical company.

The case in which the microscope is packed shows some very skilled work as it has one separate place for every thing.

The physics class are waiting for the day to arrive that they may study the paramecium found in stagnant pond water.

Heppner-Phelps Funeral home is opened for business.

BOY SCOUTS PREPARE FOR STAR SCOUTSHIP

After the excitement has died down over the court of honor, the Boy Scouts find that they still have plenty to do in preparing for advancement.

With the 2nd class work the boys can earn five merit badges, to be received at the first class-rank court of honor. The boys who took the first class examinations received the merit badges for the Star Scout rank and are now ready to take the examination for this promotion.

Boys living in the country now find it more convenient for meetings and they are held every two weeks and the boys are preparing for the coming honor.

GRAPE JUICE

Imps and Witches

Mr. DeVoe congratulates Maupin students on their good behavior on Halloween. They failed to ring the school bell, though it must have been a great temptation to them. There was nothing standing in their way but the lack of a bell rope and a bell clapper. Where they went is still a great mystery.

A Ford car standing in front of the Kelly hotel Friday morning failed to have air in the tires. "Who's car was it? Does anybody know?" "You bet, it was Podo Poling's own Henry Ford." Was Mr. Poling angry? Gracious no!

While practicing for the Minstrel last evening Flopear failed to know his lines. Paddock Poling then made a flying tackle and when Flopear came too he wanted to know what his wife, Lackawanna, had hit him with this time.

While taking a Physics test the other morning, Nova Hedin became excited and spilled a whole bottle of ink. It spread all over the room and most all landed on Nina Matthews' feet. All the paper towels in the room were given to Nina to clean her No. 9's but the supply fell short, so Nova tried to collect damages from Nina, but Nina was "broke" "burst", "bust", "Hang those irregular verbs!" says Ab.

Last Friday Mr. and Mrs. DeVoe, Mr. Poling and Mr. Hampton went to Portland and Saturday took in the football game O. A. C. and W. S. C. Mr. Poling rooted for O. A. C. and Mr. DeVoe and Mr. Hampton for W. S. C. W. S. C. won and the result is Mr. Poling is still being razed.

At the carnival dance Saturday night most of the High school students were present. It was a real old time Carnival with all sorts of gambling games and dancing to amuse older ones. While for the children, and the older folks as well, there were whistles, horns, squawkers for making noise, and paper hats and false noses for disguise. A good time was reported by all the students who attended.

THE NIGHT HAS A THOUSAND EYES

The night has a thousand eyes, And the day but one;

Yet the light of the bright world dies With the dying sun.

The mind has a thousand eyes, And the heart but one;

Yet the light of a whole life dies When the love is done.

—William Bourdillan

Honor Roll

The purpose of the Honor Roll is to encourage students to work toward the highest standards of their school. Students who make the Honor Roll are to be exempt from final examinations. They are also to be given public recognition at commencement exercises by a medal awarded them for their scholarship. When students go away to college their superiority is represented by their High school standing. Those who are now on the Honor Roll for the first six weeks are: Lelah Weberg, Charles Bothwell, Evelyn Powell, Richard Crabtree, Mary Greene, Gladys Martin, Blanche Northrup, Ivan Donaldson, Nova Hedin, Laco Greene and Alta Chastain.

Falls City—Excavation completed for new channel at bridge which will be replaced east of this place.

Grass Valley Takes Last Game of Season

Last Friday the Cubs staged their last scheduled battle of football on the local field, with the "Grass Valleyans" who were lucky enough to push the ball over twice, for touchdowns and once for an extra point. The game ended 13 to 0 in Grass Valley's favor.

The score may sound one sided, but the game was hard fought from the first to the last whistle. The first quarter ended 0 to 0. However, the second quarter ended differently. Grass Valley pushed the ball over for a touchdown and the half, ended 6 to 0. Again in the third quarter they scored and made the extra point. The score stood 13 to 0 at the end of the game.

At the beginning of the fourth quarter Elton Snodgrass, the quarter back, was kicked on the head and knocked groggy. For several minutes he continued to give signals but in a foreign language. The Cubs all regret that their "little giant quarter back" was hurt in the Grass Valley game. The Cubs are now ready for winter quarters.

Second School Inoculation

The second diphtheria clinic was held last Thursday afternoon in the High school gym from 2:00 until 3:30.

Everyone who received the first inoculation also received the second one. Also some were somewhat prejudiced when the clinic was held the first time several new names were added to the list last Thursday.

Several of the students' arms were swollen and red for a day or two, others complained of having sore arms, and one High school girl even exclaimed, "Ouch" when the needle was injected into her arm.

The third and last clinic will be held today.

HIGH SCHOOL NEWS NOTES

Miss Thompson, the Red Cross organizer, spoke before the High school last Tuesday on the Junior Red Cross.

She told of the benefits and interest to be derived from membership. One particularly interesting feature of her talk covered the making of portfolios, showing the products and interesting features of a country, and then exchanging the portfolios with some foreign members.

Junior Red Cross brings together the school children of different lands in a mission of mercy and to work for the internationalizing of childhood of all countries.

Seventh and Eighth Grade Notes

The next book to be read to the school is Uncle Tom's Cabin. A majority of pupils voted for this book, so it was chosen. We have a period of ten minutes set aside for reading each day.

The idea of having the whole week's spelling on Monday proves popular with the students. Everyone who gets one hundred per cent on Monday is not required to take spelling until Friday, when a review of the week's spelling is given.

Fifth and Sixth Grade News

Mrs. Joe Chastain visited school on Monday, the fourth. John Slusher, who has been absent a week on account of illness, returned Monday.

The Fifth grade pupils are now struggling with fractions. Emery Crofoot and Alice Greene brought some flowers to school on Tuesday.

Third and Fourth Grade News

Leon Kettner has dropped from the Third grade on account of moving to Bend. We are all sorry to lose him.

The Third and Fourth grades are working on a Christmas program. A device for teaching the multiplication one which they enjoy in pond which we are using Mr. Duss and Mrs. F here to visit us one day

Primary

James Crabtree has been sent several days on account of illness.

FISTIC TALENT GETS CHANCE TO SHOW WARES IN RING

Twenty-Two Rounds of Fast Work Arranged—Floyd Holloman Fights More Scrapper

Maupin post of the American Legion, through its committee, Don Miller and Lester McCorkle, has arranged a smoker to be held on the evening of Saturday, November 16. Twenty-two rounds of fast fighting will be put on and the contestants will be young men well known to all hereabouts.

The main event will be of six rounds and will bring together Floyd Holloman, the pride of Maupin, and Harry McDonald, a lad from Moro who has figured in a number of scraps heretofore. The card follows: Curtain Raiser, four rounds 128 lbs. Elton Snodgrass vs. Willard Conley.

Four rounds, 145 lbs.—Doug Holloman vs. Walter McGreer.

Four rounds, 160 lbs.—Bob Shepflin vs. Albert Hachler.

Four rounds, 170 lbs.—Coach Gosnell vs. Willis Brittain.

Main event, 145 lbs.—Floyd Holloman vs. Harry McDonald.

At the conclusion of the smoker a dance will be held. Prices have been placed within reach of all, they being: Ringside, \$1.00; reserved seats, 75 cents; general admission, 50 cents.

DECRYPT FORD BEARS MANY TERSE STATEMENTS

O. S. C. Student Decrypts Car With Snappy Inscriptions Germanic to Species

A student at Oregon State College drives a Ford of ancient vintage. He has decorated about all available space with terse and snappy inscriptions, nearly all of which pertain to the make of the car. Some of them we print below: Danger—10,000 jolts the first two miles.

Satan's hack, the curse of mankind.

I refuse to run in 1930.

Four out of five like me rest on the kampus.

G. I. M. hot. I making walking a pleasure.

Familiarity breeds contempt.

Five days in this make one weak.

Mother calls it sin; daughter calls it experience.

Don't crowd, Gails.

This car stops at all railroad crossings, blondes and brunettes.

The wages of sin is breath.

Wood Mix-Up

When the contractor was wrecking the old bridge Johnny Williams bought the old floor covering and timbers used over the flat. He had the debris hauled to the Billy Hunt tract. Later he found that the stuff had been sold to another party. This has caused somewhat of a mix-up and the county court will be called upon to untangle the snarl tomorrow.

Managing Cinderella Shop

Mrs. J. L. Elwood is the new manager of the Cinderella Frock Shop in The Dalles. Mrs. Elwood has long been connected with the A. M. Williams store at the county seat and is eminently qualified to demonstrate styles and handle the business of the latest apparel establishment in The Dalles.

Brunswick records at the Maupin Drug Store. If we haven't what you want we will get them for you. See the Maupin Drug Store.

The First and Second graders will be happy to have him back.

Jeanne Mayhew went to the valley last Thursday. She will return to us the first of the week.

The First graders are one round ahead on the cleanliness ladder.

The newly elected policemen are: Elnora Cunningham, Elwin Doty.

The health inspectors are Edna Cantrell, Phyllis Troutman.

The First and Second graders have started work on the Indian project. Much fun is being had in building an Indian village on the sand table.

ARMISTICE CELEBRATION BY DALLES LEGION

Big Parade With Prizes Offered; Football Game, Shows, Dance and Boxing Bout

The Dalles will be in possession of the Legion post of that place on Monday next when a big celebration of the day—Armistice Day—will be staged. The first on the program will be a parade in which floats, military company, girl's drum corps, school band, firemen, Crag Rats from Hood River and other organizations will participate. Prizes will be given for the best fraternal organization showing, best float, best decorated store window and for other features.

A football game in the afternoon between Hood River and The Dalles High schools. Another feature will be a tug of war between a town team and a team representing the local Legion of the county seat.

A special showing of a talking picture at the Granada—"Salute"—telling of naval life at Annapolis, will be run from two until 11:00 p. m.

In the evening there will be a boxing tournament at the public auditorium in which some of the best talent of the coast will show their wares. Floyd Holloman of Maupin is down for a four round bout with a scrapper named Gorton who hails from Medford. The boys will mix as 145 pounds. At the conclusion of the boxing the auditorium will be given over to those who care to dance, this concluding the program of the day.

It is expected that many from Maupin will take in the doings, especially the boxing show, as Floyd Holloman has a large following here, each of whom will take his best voice with him in order to root for our own boy.

LEGION ELECTS NEW OFFICERS

Meeting Held Tuesday Evening Well Attended

Maupin American Legion Post No. 73 held its regular election of officers at a meeting called for Tuesday evening. A report of the activities of the various committees was made and then the following were chosen to administer the affairs of the post for the coming term:

Omar Brittain—Commander.

W. E. Foreman—Vice-Commander.

D. E. Miller—Second Vice-Commander.

Floyd Kelly—Historian.

J. C. Pratt—Adjutant and Finance officer.

Visited in Washington

R. W. McCorkle and wife returned the first of the week from a visit at various parts of Washington. They left last week Tuesday and went to Longview, where they visited with their son and wife, going from there to Castle Rock, stopping a time with the family of Mrs. McCorkle's sister. On their return trip they called on Rev. J. I. Parker at Manor, near Vancouver, Washington and on the family of C. E. Baty, who recently moved to that section. The McCorkles came home by way of the Wapinitia cut-off.

Many at Wapinitia Clinic

The toxin anti-toxin clinic held at Wapinitia last Wednesday brought out a large number of adults and children. After explaining the benefits accruing from the treatment Dr. Elwood and Miss Lord punctured the arms of about 50 patients. Another clinic was held at Wapinitia yesterday, at which those who were treated last week were given a second injection.

Hats Stolen

Three new hats grace the top part of three Maupinites this week, each having been deprived of their other headgear at the Legion carnival last Saturday night. Stealing hats seems to be habit with some folks, and whoever is found with one of those stolen at the carnival is in for a bunch of real trouble.

Bought Fine Rams

Clarence and Art Fargher went to Corvallis last week and on their return Monday brought seven full blooded rams with them. The new stock animals are Lincolns and Cotswolds and will make a valuable addition to the Fargher sheep bands.

STATE ADDS WEALTH AND GAINS MANY NEW SETTLERS

\$246,000 Invested by Newcomers—Ten Months of 1929 Show Total \$2,516,076

Oregon gained 73 families during October who located in all parts of the state, according to the monthly report just issued by W. G. Ide, manager of the state chamber of commerce. The report further shows that the new families bought 4410 acres of land and made investments in acreage, equipment and other property of \$246,000. In October 1928 only 41 families came to Oregon. For the ten months of 1929 the report shows 640 families who bought 41,721 acres of land and made a total investment in all forms of property of \$2,516,076.

To further the work of attracting unimply financed families to Oregon especially from Southern California and from the middle states, the state chamber has arranged to get display material from the county agricultural exhibits shown at the Pacific International Livestock Show which will be sent to the California headquarters of the state chamber in the downtown section of Los Angeles and also to railroad agricultural departments in the St. Paul, Minnesota, area, from which many families annually come to Oregon.

Took in Game

A party of football enthusiasts made up of Lloyd Woodside and wife, Addie Wray, Dan Poling, Wade Hampton and "B" Wilson journeyed to Portland last Saturday and took in the football game between the Washington State College and the State College of Oregon that day. Prof. DeVoe and wife also attended the game.

Grant to Open Store

Charley Grant, for a long time the only cafe man in Dufur, has rented the room formerly occupied by Harvey Martin, adjoining Charley's eating place, and will stock it with modern outlay of groceries. Mr. Martin recently sold his business to a man who moved the stock to another building. Mr. Grant is well and favorably known to many around Dufur and should make a success in the grocery line. Here's hoping anyway.

Will Take Barber Course

Earl (Budge) Greene went to Portland Monday and there will enter a barber college with the idea of learning all about tonsorialism. Budge has been working on the Bend-Burns highway all summer and remarks that anyone can handle a pick and shovel but it takes a deft hand to wield a razor.

Lesser Wheat Crop

The estimated world crop of wheat is 500 million bushels less than last year, and the total supply after allowing for carryover is 360 million bushels less. The bureau of agricultural economics estimates that the world market for the season will average 35 to 40 cents above the average last year.

Mrs. Creighton Calls

Mrs. Arthur Creighton came over from The Dalles Monday for the purpose of disposing of her furniture, in storage here. She sold most of it and Tuesday afternoon Elza Derthick took what was left to the county seat. Mrs. Creighton says that her husband recently sustained a crushed foot, a heavy timber falling on it.

"BURNING BRIDGES"

Harry Carey, that old western favorite, will be seen at Legion hall next Sunday night in a thrilling western drama—"Burning Bridges." Harry has been off the screen for some time and that he has decided to return is cause for joy among his many followers. In the coming play he plays a dual character in a romance of the rails and range.
