

Salem—Construction progressing steadily on state office building. Dufur—New grocery store will be open for business in this town soon.

Drain—Construction will start soon on Stage Terminal building. Hood River—Rialto Theater changed hands.

Notice of School Meeting

NOTICE IS HEREBY GIVEN to the legal voters of School District No. 84, of Wasco county, State of Oregon, that a School Meeting of said district will be held at High School, on the 25th day of November, 1929, at 3:30 o'clock in the afternoon for the purpose of discussing the budget hereinafter set out with the levying board, and to vote on the proposition of levying a special district tax.

The total amount of money needed by the school district during the fiscal year beginning on June 16, 1930, and ending June 16, 1931, is estimated in the following budget and includes the amounts to be received from the county school fund, state school fund, elementary school fund, special district tax, and all other moneys of the district.

When the budget meeting is held in connection with the annual school meeting, the following provision of section 232, School Laws 1929, should be observed: "Until the ballots are counted at least one hour after the time set for the meeting in districts of the second and third classes, any legal voter of the district shall be entitled to vote upon any matters before the meeting."

BUDGET

Estimated Receipts	
1. From county school fund	\$ 991.00
2. From state school fund	154.44

Supplies I-2; II-2; III-2; IV-2; V-1-(3), 2-(2), 3 (2), 4 (2)	375.00
Maintenance and repairs V-1-2-3	750.00
Miscellaneous sum of I-3, 4, 5; II-3, 4, 5; IV-3, 4, 5, 6, 7; VI-1-(2) 3-(3), 4-(3), (4); VII-1, 2, 3, 4; VIII-4, 5, 6	\$ 1,625.00
Emergency X-1, 2	500.00
Total	\$ 15,065.00

Dated this 4th day of November, 1929.

Attest
Blanche E. Hedin, District Clerk
H. R. KAISER
Chairman, Board of Directors.

The Maupin Times

AN INDEPENDENT NEWSPAPER

C. W. Semmes, Editor
C. W. Semmes and E. R. Semmes
Publishers

Published every Thursday at
Maupin, Oregon

Subscription: One year, \$1.50; six months, \$1.00; three months, 50c.

Entered as second class, mail matter September 8, 1914, at the post-office at Maupin, Oregon, under the Act of March 8, 1876.

Mrs. Julius Shepflin returned Monday from a two weeks' visit with her daughter, Ella, at Portland. Mrs. Shepflin has been in charge of the cook house at Clear Lake for several months.

Stovall's cold treatment will get that cold. Satisfaction guaranteed or money refunded. Cold tablets 25 cents; cough syrup 75 cents, at the Maupin Drug Store.

GROW ALFALFA HAY FOR COWS

Dairy Bureau Advises Dairymen to Plant More Acreage

When alfalfa grows well it will usually outyield any other legume. It will make cheaper hay than a legume, which must be seeded every year. Although experiments have shown that well-cured soybean hay is equal in value to alfalfa for milk production, it must be remembered that soybean hay is not only likely to be stemmy but is also more difficult to cure than alfalfa. In view of the success at the dairy experiment farm of the United States Department of Agriculture at Beltsville, Md., in raising alfalfa on a heavy clay soil overlaid with an almost impervious sub-soil, it is believed that alfalfa can be made to thrive on many soils often considered unsuitable. Alfalfa makes such a good and cheap hay, according to the Bureau of Dairy Industry, that dairymen are urged to not give up the idea of raising alfalfa until convinced of its impracticability either by trial or by consulting some reliable authority.

Wapinitia Services

Services at Wapinitia on Sunday next will be a unified service of the Sunday school and church service, opening at 10:00 o'clock with a Thanksgiving sermon. We have a good Sunday school. Come out and help make it better. Roy Ward is superintendent. I am sure we will find we have more to be thankful for and help to make others so if we come out to worship God at this Thanksgiving time.

CLARK M. SMITH, Pastor.

Latch String Hangs Out

Rev. Parker writes The Times from Manor, Washington, that Roy Batty and family visited at the Parker home last Sunday. Mr. Parker also says that the latch string at the parsonage hangs on the outside and that he and his wife are always ready to welcome all friends from Maupin and Juniper Flat.

Wood Matter Settled

The matter of the ownership of the timbers and planking salvaged from the old bridge has been settled. Johnny Williams' claim to ownership having been confirmed by the county court. The parties who said they had purchased the lumber released all claim to it.

Ranch Home Burned

The ranch home of Frank Houghton on Juniper Flat was entirely consumed with contents Saturday evening. Houghton and wife had been to the timber after wood, using Bruce Bothwell's truck. As they reached their home they went in and built a fire, then drove the truck to Bothwell's. On their return home they discovered their house in ruins. It is supposed a spark from a long stovepipe started the fire.

Card Party

The Legion Auxiliary will hold a 500 card party at the hall on Saturday evening, the 23rd. Everyone is invited and a good time guaranteed. Tables will be on hand for all who desire to enter the tournament.

Building Machinery Shed

Dee and Lloyd Woodside have been busy this week building a shed in which to house their farm machinery. The building is 24x30 feet in size and has been constructed with an idea of keeping all storms off the machinery.

Bib Baby Girl

Dr. Elwood was called to the residence of Virgil Mayfield Sunday night and before he left had assisted in bringing a fine eight-pound girl to the Mayfield home. All concerned are doing well.

Will Open Pool Hall—Mac Holloman has rented the old Matt Basic building at Wapinitia and next week will open same to the public. Mac aims to keep a full line of soft drinks, tobaccos, cigars and confectionery. As he is personally popular and well known to all in this section it goes without saying he will make a success of the venture.

Some Improvement Noted

Wheat prices in the Pacific Northwest advanced 6 cents to 7 cents per bushel during last week, largely in sympathy with the advance in Eastern markets, although there was some improvement noted in the export demand for flour, and several parcels of both wheat and flour were sold during the week to the Orient from the Portland market. Mills became more active buyers of wheat as a result of the increased flour business. At the 1st of November Big Bend Bluemstem Hard White was quoted at Portland at \$1.34; No. 1 Soft and Western White at \$1.22 1/2, No. 1 Hard Winter, Northern Spring and Western Red at \$1.21 1/2 sacked.

Weather Chilling

It seems that our boasted weather is taking on a winter chill these days. Tuesday morning the thermometer marked up a tally for 19 degrees. The same mark was reached at The Dalles, while some Dufur people claim that a below zero showing was made there.

Making Toy Boards

A. Lincoln Hartman seems to have struck the right idea connected with his improved ironing board. He is busy at work constructing a large number of toy boards, exact replicas of the larger board, painted a bright red and designed for child use. Lincoln says he cannot make boards fast enough to supply orders.

Ladies Aid Busy

The Maupin Ladies Aid met Tuesday afternoon and cut out garments for needy youngsters. Several garments were cut out and these will be put together at the aid rooms while others will be fabricated at the homes of and by the members. The Aid has taken on new life and will soon again be a valuable adjunct to the social circles of Maupin.

Romantic

Mabel: "He's so romantic. When ever he speaks to me, he starts, 'Fair Lady!'"
Fogarty: "Shucks, there's nothing romantic about that. That's just a force of habit. He used to be a street car conductor."

Carried Mail

Ben Fraley carried both mail and mailman Hartman to and from The Dalles Tuesday evening and Wednesday morning. Hartman's mail truck got balky and trainer Schilling's services were required to make it behave itself again.

High School Notes

Richard Crabtree saw a 32-0 football game at The Dalles Armistice Day, between The Dalles and Hood River, the former having the "win" of the score. He also showed for the fights at the auditorium Saturday night where the "Pride of Maupin" won his fight by a knock out in the first round.

A number of High school students attended the Masquerade dance at Tygh Valley Saturday night. Everyone had a real old time in a beautifully decorated hall.

Some students were busy chopping hay and hauling wood over the week end.

Chas. Bothwell and Mr. Poling went trout fishing and caught a cold, besides the limit of trout.

Elton and "Bo" celebrated Armistice day in Portland.

PAGE, LINE AND PARAGRAPH

A Once-A-Week Service to Weeklies and Semi-Weeklies

Milk from tuberculosis cattle should never be fed to other animals without being heated at least to the scalding temperature, or held at 145 degrees F. for 30 minutes.

In selecting a livestock sire there are three main considerations to keep in mind: the individuality of the animal; his pedigree; and the performance of his progeny. The record of the progeny is the most important consideration, particularly in choosing a dairy sire.

No dairy herd is well managed unless a fairly accurate account is kept of the quantity of feed consumed. A convenient and practical way to feed the grain is to use a cart, with feeding charts of cards showing the amount of feed for each cow. A small blackboard can be attached to the cart and the figures chalked

Safety In Our Bank

there is no need for care or vigilance or worry on your part.

Considering this protection and the fact that you can have a safe deposit box for a small sum, can you afford not to have a safe deposit box? Can you afford to worry when peace of mind can be had so reasonably?

Then come in now to arrange for your box. Why not keep your valuables in a Safe Deposit Box? Then you know that they are safe. Then you know that those things which you cannot replace—those contracts—those insurance policies—those heirlooms are safe from pilfering thieves.

In our vaults your valuables are safe. They are guarded day and night by every human ingenuity. They are guarded by time locks—cold steel. And
