Cattle Goes to Washington—
 W. B. Sloan, manager of the Mays ranch at Tygh Valley, recently sold a carload of young cattle to Stockman Leaton of Glenwood, Washington. Sloan also recently shipped two carloads of fat cattle to the Portland market.

Town Team Schedule—
 The Town basketball team, the "Wildcat," will play a schedule of games, beginning tonight, when the team representing Dufur will occupy the local gymnasium floor. Dan Poling, coach, has about completed the arrangements of a schedule, which will include games with a couple of teams from The Dalles, Madras, Dufur and other places. The members of the team have been practicing with the High school players, and are about ready to take on all comers.

Trains Late—
 Owing to the cold weather and deep snow trains on both railroads have missed schedule several days this week. The up-river train on the O. W. has been from 20 minutes to one hour late, while the O. T. trains have missed but a few minutes from regular time cards.

Maupin Sabbath School—
 The regular Sabbath school session will be held at the Maupin church next Sunday at 10:00 p. m. That session will include the total services of the day, as the pastor will be at The Dalles and attending the church institute, at which Dr. Gordon Howard of Dayton, Ohio, and Bishop Warner will be the main speakers.

Will Attend Meeting—
 Among the sheepmen who will attend the annual meeting of the Oregon Wool Growers association at The Dalles today and tomorrow will be W. E. Hunt, John Conroy and John Fitzpatrick of this place. It is possible that Thos. and A. J. Connolly will also be at the meeting.

Resolves on Road—
 The state Game commission has resolved that a road leading from Oak Springs to Maupin would be the right thing, and to that end have passed a resolution recommending its construction. It is the road it will most likely follow the grade established by the C. T. railway when that railway was being built and over which the trees were hauled to the construction camps at Maupin.

Bought New Truck—
 Oliver Resh has about worn out a Chevrolet truck and in order to further take care of his growing trade has been compelled to dispose of that vehicle. In its stead Oliver is now owner of a brand new International truck, purchased through Shattuck Bros. agency. Jim Chalmers constructed a bed and rack for the new truck.

TUM-A-LUM TICKLER

Published in the interests of the people of Maupin and vicinity by
 THE TUM-A-LUM LUMBER CO., Phone Main 72
 Vol. I Maupin, Oregon, January 9, 1930 No. 21.

According to the plans and specifications of the Supreme Architect, Noah builded an Ark, that withstood the rain of forty days and forty nights. The plans called for a certain kind of material of certain dimensions. Water prevailed upon the earth one hundred and forty days and every thing died except those protected by lumber. Lumber is one of man's best friends and in our yard you will find exactly what you want for any occasion.

T-A-L
 I never hire a cook, I vow I like my wife to hire 'em. But I can tell you anyhow. I'd rather hire than fire 'em.

T-A-L
 Oliver Resh orders material for stock rack for his new truck. James Chalmers will do the work.

Warning
 Beware of Jack Frost. At large and carrying a piece of ice in each hand. Has white hair. Has habit of breaking into homes with empty coal bins. Our burglar insurance is of the best. Let us fill that coal bin today.

T-A-L
 Don't it get your goat to be sitting quietly by the fire reading some wild eyed political organ and listening now and then to the rain falling on the roof, when all at once a drop hits you on the head? You know right away the roof leaks, but you can't do a thing till it stops raining. Fix it before the rain starts, then sit back and laugh.

Facts Not Worth Knowing
 The rungs of a ladder are built a foot apart for convenience and ventilation. It is impossible to build a jail that will give perfect satisfaction to all parties concerned. The distance from Here to There is the same whether you walk from tie to tie or skip every other one.

T-A-L
 A hornet isn't dangerous if you keep his face towards you. Dealers sell birdseed by the pound, as that is easier than counting them. There are no sleeves in vests. **T-A-L** A cord of our wood will warm you up for a while. **T-A-L** Don't cry over spilt milk, hunt another cow.

Personalities

Otto Herring was down from Critterion on business last Saturday.

Albert Hill and wife were over from their Tygh Valley home on Tuesday.

Ernest Confer and wife were at the county seat on business over Tuesday night.

C. W. Daigh, county agent, was transacting business in Maupin on Tuesday afternoon.

Pick Ups About Town

Picked up around town 6.....
 Bob Wilson likes his sleep as well as the next one. Recently while at a dance Bob remarked he had to go home early. When asked the reason therefor he said that while he didn't have to get to work early still he had to get up in order to open the store so that is junior clerk could get in and do the morning chores about the store. Another case of a worthy man being robbed of his beauty sleep.

If there is a worthy woman hereabouts, one who is a good housekeeper, a home lover and who likes nice things, we recommend she set her cap for John McMillan. Mac recently won a hope chest filled with pretty things and when it was delivered to him he said the rafflers had included every thing but a wife. We will not be responsible if Mac turns offers of marriage down, but just give a hint of what might occur.

Morris Greene is some husky when it comes to a wrestle. Sunday night he tangled in a friendly scuffle with the biggest man in town and nearly succeeded in ousting his adversary from the pool room. In the scrap Morris all but wrecked the big boy's necktie. It is said the "Good goods come in small packages" and that was proven during the above mentioned wrestling match.

Julius Shepflin is one of the "workingest" men in Maupin. As a member of the road maintenance crew he is as good as two ordinary men with either pick, shovel or wheelbarrow. Julius is also some pinocle player and during the recent cold spell, when the crew had to lay in, managed to give instruction to numerous players of that intricate game.

Skating on the ponds of the Flat is an attraction that is drawing many of Maupin's young people to "the top." Monday evening a party of youngsters wended their way to Dolph Mayhew's pond and passed several hours gliding over the icy surface. They seemed to take no account of the weather and when they came home some of their shoes were frozen to their feet. And all for a few brief moments of pleasure. We are pleased to state that feet were not frozen.

Most meat markets try to sell none but the best and tenderest meats. Some succeed in that endeavor while others cut and sell tough bull beef and strong pork. Maupin has a meat dealer whose meats are way above the average. Oliver Resh knows livestock and handles none but that in first class condition. His beef, veal, mutton and pork have a flavor incidental to this locality. It is greatly superior to that usually sold in the larger towns and is cut in an attractive and pleasing manner. His pork is all home fattened and when put into the mouth seems to melt like sugar. And this is no jolly, for the goods speak for themselves.

Attended Hurst Funeral—
 Two daughters of the late Wilbur Hurst, Mrs. Fay Ward and Mrs. Wm. Moss, the latter with her husband, attended the funeral of Wilbur Hurst in Maupin last Sunday. The first named came from Portland, the latter two from Banks.
