### IN MEMORIAM

Our Heavenly Father has, in His Infinite wisdom seen fit to take from us our dearly beloved brother, John W. Ward, who departed this life, March 12, 1930.

Be It Resolved, that we extend to the relatives our heartfelt sympathy in the loss of one dear to them, whose place in their lives can never be filled;

Resolved, that a copy of the resolutions be spread in full upon our records, a copy sent to The Maupin Times and our charter be draped in mourning for thirty days in memory of him.

Local fishermen are complaining that oil is bad for fish, which possibly explains the worried expression we have noticed on the faces of cardines.

The Literary Digest's poll on prohibition shows the wets ahead but then the returns are mostly from New York and Chicago. Just wait until we Americans get a vote.

There are a lot of substitutes being used in building that are taking the place of wood but there never has been anything to properly take the place of a wood shingle applied in the woodshed.

Place your orders for wood early and get the benefit of low prices.

### Buy a Home

A Message to House-

wives

While you are in the midst of spring cleaning why not think of making needed alternations and repairs on your old home? A bit of architectural planning by the Tum-A-Lum, few in-expensive additions and changes in your old home will sometimes transform it from a shabby, unsightly shack into a home of comfort charm, and value. It will cost you nothing to inquire about our plans of remodeling and financing.

No, Panatrophe, the Volstead Act in not in vaudeville.

Monday was a big day for the Irish. St. Patrick cleaned up the Emerald Isle and gave us a day to either wear green or look natural.

"Ague," you don't love me and since you'll never love me, there's only one thing I can do. I'll kill myself," said the young man passionately.

"How?" she inquired.

"I'll shoot myself." "Then won't you be so kind as to buy the revolver in James' hardware store. James is my fiancee, and I would like to help him whenever possible."

This is also our idea, buy at home whenever possible.

How about a little paint to brighten up things a little?
