

Neighborhood School Notes

Tygh Valley

(Dorothy Hood, Correspondent)
School Activities

The Tygh Valley High school is once more on its regular schedule and going strong. Owing to the fact that there has been so much trouble the last semester it was not expected that things would run smoothly. Nearly all the pupils have returned and are studying hard to make up their grades. Of the nine Seniors all expect to graduate and are making plans now for graduation and ordering announcements and diplomas. The baseball team has been organized and is making up its schedule of games. The girls are going to start organizing a Glee Club soon. The High school is considered to be going fine since things have quieted down and all expect to pass with I and II on their cards.

Student Body Meeting

The usual Student Body meeting was held at 10:30 Tuesday and it was decided to have the piano brought up from the gymnasium that we might sing in the mornings and begin practice for graduation. It was decided to sell our chairs to the Wamic Grange, also our cups and spoons. The secretary was appointed to see about ordering letters for those who won them in football, basketball, baseball and also those who win letters in track.

The High school baseball team was defeated in its first game, which was played at Wapinitia, by the score of 14 to 2. The boys have had practically no practice and no subs, but despite these draw backs they played a splendid game and expect to come home from Maupin next Friday victorious.

The Wamic children are once more driving their own private cars to school, owing to the fact that the Wamic bus has stopped coming. There were not enough children to make it pay to drive the bus it seems.

Those absent from school last week were Leslie Woodcock, and Selma Ashley. Selma has returned.

The annual tryout for the track meet is to be held April 11, at the Tygh Valley baseball field, if there are

only a few, but if quite a few are here it will be held at the Fair grounds.

The Tygh Valley High school received an invitation from the Maupin High school to attend their assembly next Friday before the baseball game, and we have decided to do so.

We are planning on giving a picnic the last day of school, which is to be May 16, (Friday) and all parents are invited to come and bring lots of cats.

The Sophmores held a class meeting Monday afternoon and seem to be very mysterious about something, but absolutely refuse to tell us what it's all about.

A special Student Body meeting was held Wednesday afternoon for the purpose of ordering new baseball equipment.

The Senior class held a class meeting for the purpose of deciding on the number of announcements to order and making plans for graduation.

Visitors this week were Esther Knox and Margaret Magill, both who are attending college at La Grande this year.

Wapinitia

School News

Lee Laughlin was on the absent list Monday morning. "More spring fever," says Prof. Heckman. We wondered what he meant by "more."

The arrival of the Tygh Valley baseball team gave the Wapinitia school a surprise Friday. The weather was stormy and the game only went seven innings.

Wilbur Mathews returned to school Monday after an absence of nearly two weeks.

There seems to be five minds with but a single thought in the Bookkeeping class—that thought is to work bookkeeping at every spare moment.

The Biology class has been studying the chapter "Types of Fruits" which deals with the types of fruits and their classification.

The Bookkeeping class is now struggling with the May Ledger Closing exercise of C. W. Keeland's practice set.

The weather is a peculiar thing. About Monday morning the wind is blowing without any sunshine. Possibly Wednesday the sun is shining brilliantly and the wind is blowing a gale. Maybe around Friday the rain is falling, the wind is blowing and the sun is shining all the same time, and Oregon is living up to her reputation as a land where "rain and sunshine meet."

Student Body Meeting

A Student Body meeting was called last Wednesday afternoon for the purpose of electing a baseball captain and an advertising manager and setting the price of admission to baseball games. Lloyd Claymier was elected baseball captain and Avi Endersby advertising manager. The price of admission was placed at 25 cents and 20 cents. Other minor business was also settled.

Sports

Last Friday afternoon, March 21, Tygh Valley baseball team journeyed to Wapinitia. Due to the fact that they did not let us know whether they were coming or not, we didn't have time to advertise for the game, so consequently there were very few spectators. At the end of the seven innings played, the score stood 14 to 2 in Wapinitia's favor. Due to the wind and showery weather it was a bad day for baseball. Although Tygh lost, their team showed good sportsmanship from start to finish.

Baseball Schedule

March 28—Dufur at Dufur.
April 4—Maupin at Wapinitia.
April 11—Tygh at Tygh.
April 18—Dufur at Wapinitia.
April 25—Maupin at Maupin.

Primary Room Officers

The officers in the Primary room are: chairman, Verel Teschner; paper monitor, Winifred McCoy; pencil monitor, Harvey Wall; desk monitor, Agnes Lewis; library monitor, Ted Hachler.

The Third and Fourth grades have postponed their field trip until better weather.

The Fourth grade pupils have finished their Geography and are now starting to review.

Intermediate Room Officers

The officers in the upper grade room are: mayor, Norbet Wall; secretary, Velma Teschner; councilmen, Lee Woodside, Glen Hammer and Howard Pechette; boys' class

reporter, Everett Hammer; girls' class reporter, Frieda Hachler; bellringer, Ellen Hachler; door keeper, Beth West; waste paper monitor, June Hachler; desk inspector, Roberta Wood; writing paper, Francis McCoy; eraser dusters, Howard Pechette and Everett Hammer.

Frieda Hachler and Cleo Holloman were absent from school Monday.

Roberta Woods experienced the sensation of having the wind knocked out of her while playing pop the whip on Thursday last.

Wapinitia Jottings

Gottlieb Teschner, who is working at W. E. Hunt's, visited at the G. R. Bell home over the week end.

Floyd and Nick Holloman are starting work at W. E. Hunt's Monday.

Earnie and Avis Enderby spent the week end at the home of R. A. Crabtree.

Lillian Washburn visited at the home of Sam Brown over the week end.

A Christian Endeavor party was held at the Parsonage Friday night. Not many young folks attended.

The H. E. Hammer family were guests at the Ed. Bothwell home on Sunday.

Miss Lillian Washburn was on the Flat during the week end.

Alva Hammer visited Wapinitia over the past week end.

Miss Viola West is appointed to lead Christian Endeavor next Sunday evening.

Sunday March 30, the Wapinitia Pick-ups, will play the Maupin town team at Maupin.

By a score of 18-6 Wapinitia took the baseball game from the Simnaho Indians. Despite the day a large crowd attended the game. The High school took in \$8.75 which was turned over to the St. den. Body.

Several from Dufur were guests at the Lester West home on Sunday.

A party was held at the Lester Coffey home to which several friends were invited.

Mrs. Roy Crabtree and son, Carson, and Mrs. Earnie Endersby were in Maupin Saturday morning.

Kenneth and Elton Snodgrass called at the Roy Crabtree home a short time on Sunday.

N. G. Hedin, now on the air at Portland, visited this section a short time on Sunday.

L. E. Walters has rented the Hedin ranch and will farm it this summer. Henry Holland, the well driller, went to The Dalles the first of the week after his outfit. He will clean out wells and then put down wells for Flat ranchers.

Mrs. Chas. Davis is reported as being very low after her recent confinement.

George Davis is plowing for Ray Kaylor.

Irene Linn, having recovered from her recent illness, is now employed by Mrs. Ray Kaylor, doing house work.

Ben Richardson and Virgil Mayfield were visitors at The Dalles on Tuesday.

Fred Alt has sold his timber interest at Pine Grove and with his wife went to Portland. Later they will go to Medford, where Fred will again engage in logging. The new owners here are Plyter & Son.

Mac Holloman will soon open a post camp in the timber and cut fence posts for the ranchers.

A new family has arrived at Pine Grove and are occupying the Overman cottage. Their children have entered school at Pine Grove.

FARM REMINDERS

Pit silos are becoming quite common in many sections of the country, finds the experiment station. The popularity of this type of silo has come about due to the less satisfactory service from wooden silos under the prevailing climatic conditions and the high cost of constructing masonry silos in some of the more of less isolated sections. Pit silos can be constructed by unskilled labor at a comparatively small outlay of cash. When properly constructed they are permanent and safe with practically no cost for repair.

Successful vegetable growers in Oregon bear in mind that the primary consideration in fertilization is the incorporation of humus in the soil through stable or green manures.

In Oregon too great haste in working the soil in early spring when it is somewhat sticky condition is often regretted later when clods must be contended with. Soil temperatures are quite important in seed germination and root development.

Free to Public

The only place in the U. S. where catalogs and advertising matter covering any line of business or product can be obtained Free and Without Obligation is the American Industrial Library. Write for Business Advertising Matter you are interested in; same will be promptly forwarded. AMERICAN INDUSTRIAL LIBRARY, Engineering Building, Chicago, Illinois

hence no appreciable gain results from too early planting.

It is well to keep on the farm a supply of hinges, clips, wire, tin, twine, paint, oil, grease, screws, nails, staples, and harness repair parts with bolts, rivets and solder on hand at all times, renewing the stock from time to time as it runs low. It is important also to keep every item in a definite place where it is readily found and where it is well protected from the weather, recommends the agricultural engineering department.

Appearances are often deceiving and a rank growth of soft pasture grass may seem to be good feed for sheep when it is not. The sheep raiser should judge the condition of his flock by feeling of the bone of the loin or back of the sheep. Ewes in lamb, especially, should be kept gaining steadily throughout the fall and winter. In open wet falls there is danger of waiting too long to start feeding.

MAUPIN HI TIMES

(continued from first page)

Ben Fraley, Beth Rutherford and Nova Hedin.

As last week's Maupin Times was late in coming out, the food sale was not advertised so Leslie Troutman and Franklyn Renick, showing their usual club spirit, delivered sale posters to each housewife in Maupin.

Both boys and girls in the Health club are practicing all the exercises for developing postures and strong bodies.

ENGLISH IV CLASS

The English IV class is studying Elizabethan Lyrics, which flourished in the age of Shakespeare. As the name implies, lyric poetry originally was composed to fit some song or chant. Some of the great writers of that age were: William Shakespeare, George Peele, Robert Greene, John Lyly and Christopher Marlowe, while Thomas Decker was a prominent poet of that time. The first stanza of his poem, "O Sweet Content," follows:

Art thou poor, yet hast thou golden slumbers?
O sweet content!
Art thou rich, yet thy mind perplexed?
O punishment!
Dost thou laugh to see how fools are vexed
To add to golden number, golden numbers?
O sweet content, O sweet, O sweet content.

MAUPIN HI MISCELLANEOUS

The "Grand Screech" of the "Society of Babble," Robert Shepflin, has skillfully piloted the members through some of the stormiest meetings that were ever put on record. The "Assistant Grand Screech's" hardest task is to keep the "Grand Screech" on the job. The "Grand Short Change" has finished his campaign for dues and as a result the society has enough money for a banquet. This banquet will be given near the end of the school year and some very good "after dinner speeches" will be produced. The

public will be invited as "listeners" at this banquet.

Mr. Hampton, Mrs. Carr and Mr. Poling jumped into the Ford last Friday evening and "fivoted" to Portland. The report was "The sun was shining brightly, and it rained all day that night." Mr. Poling purchased some good bats for the High school. The party arrived at Maupin on the return trip late Sunday evening and Mr. Hampton is slipping around with a "stiff neck" from looking at the tall buildings.

GRADE NOTES

Seventh and Eighth

Last Friday the Seventh and Eighth graders had a spelling match. Henry and Jean were captains. Henry's side was declared the winner.

We received the manuals which contain the questions of last year's state examinations.

In Geography the Seventh grade is studying about "The Earth as a Whole."

Fifth and Sixth

Dorothea has returned to school after almost a week's absence.

Everybody in the Fifth and Sixth grade room reads the Weekly Reader and seem to like it very well.

Spring time has come. It was warm enough Monday to go all day without a fire.

Last Friday after school, Mrs. Joynt and a number of Third and Fourth graders gave Eunice Lindley a linen embroidery shower. The party lasted until six o'clock. Refreshments were served and a good time was had by all concerned.

Adaline Schilling received severe burns on her hands and arm when the coal oil, which she had poured on a fire, ignited.

Ervin Hughes has left school and is now working at Farghers.

Charlotte New returned to school after a long absence.

Primary

There are several long absentees on account of sickness. Don Stogdill has been very ill and out of school for over a week.

James Crabtree is again confined to bed. We all wish him a speedy recovery.

The Second graders are nearing the completion of Elton Reader, book two, the third and last required texts. They will have the Second grade Silent Reader as a supplementary book.

The First and Second graders have completed the Dutch project. They will soon have a Bear project.

A letter was received from a former Second grader, June Redifer, who moved to The Dalles at the close of the first term of school. She is in the fastest group of Second graders at The Dalles.

Elnora Cunningham and Gertrude Kirsch are the inspectors for this week.

The policemen chosen for the week are: Dean Crabtree and Gayle Mayhew.

The Primary room had several little guests Friday afternoon. Some of them are our future First graders for next term.

The First and Second graders were enthused over their group pictures. Nineteen pictures were ordered.
