NUMBER 33

KOIN SETS SATURDAY AS RADIO DATE FOR MAUPIN

Maupin's Sweet Singer, N. G. Hedin, Will Be Master of Ceremonies

Maupin's hour on the radio, to be broadcast from station KOIN, Portland News, has been set for next Saturday evening, beginning at 6:00 o'clock. Newton G. Hedin, who was instrumental in bringing about this broadcast, will be air-master of ceremonies and that fact guarantees that our hour will be filled with instructive and pleasing numbers.

As additional features of the hour Cecil Teague, master of the pipe organ, will be at that instrument. Another feature of direct interest to Maupin people will be the singing of Tom Clarke, who will address a song to his grandmother, Mrs. Arabella Staats. Young Clarke has been a featured entertainer at many Portland radio stations and he will make a special effort to render a selection dedicated to his grandmother and Maupin in general. Governor Norblad will appear before the "Mike" and indulge in a talk on Oregon, its attributes and future.

A special request, signed by Maupin merchants and professional men aided in bringing about the radio hour devoted to Maupin. N. G. Hedin worked up the enthusiasm on the affair and to him should go the glory, if any there be, for the culmination of his efforts to broadcast to the country what he knows about this section.

Those Maupin firms and others sponsoring the hour, and who will be mentioned during the time set apart for Maupin, are:

- Maupin Hotel and Cafe.
- The Maupin Times.
- Shattuck Bros., general merchant.
- Fraleigh restaurant and garage.
- Kramer Bros., garage.
- O. P. Esh & Co., grocers.
- H. R. Kaiser, barber.
- Richmonds' Service Station.
- Maupin State Bank.
- "Bunny" Welch, camp ground.
- Maupin Drug Store, Dr. Stovall.
- Dr. J. L. Elwood, physician.
- W. A. Short, dentist.
- John Williams, auto park.
- Hotel Kelly.
- Woodcock Bros., power and flour.
- Shell Oil Co., local plant.

Another matter to be remembered in connection with the KOIN broadcast is that a Maupin announcement will be made daily, between the hours of 8:00 and 9:00 o'clock in the forenoon, every day until June 15. That hour has been designated by KOIN as "Sunshine Hour," and is filled with entertainment of a diversified nature. Tune in next Saturday evening at 6:00 o'clock and get an ear full of news about Maupin, the big little town on the Deschutes, where all true followers of Izaak Walton come to satisfy their desire to fill their creels with luty rainbow trout.

TWINS CELEBRATE BIRTHDAY

Twenty-First Anniversary Celebrated at Crabtree Home

Sunday was the 21st anniversary of the birth of Kenneth and Merle Snodgrass (Crabtree) and to celebrate the event a family party was held at the Job Crabtree home. Mrs. Crabtree had prepared a tempting dinner and her family, Kenneth and Merle, the latter's husband, his brother, Andrew, Grandfather and Uncle Earle, proved equal to the viands set before them.

CARD OF THANKS

To all those kind friends who so sympathetically extended their aid and assistance after our recent loss by fire, we desire to extend our heartfelt thanks. Their kindness will always remain as one of the treasures in our family and that of a stranger. Again we thank you.

A. M. Morris and wife,
Elizabeth Lyon.

Howard A. Wattles Electrocuted When Contacting With "Hot" Line

Suffered Shock of 2300 Volts; Life Strap Holds Body to Cross Arm

Howard A. Wattles, a lineman aged 44 years, accidentally came in contact with a "hot" wire while at work for the Maupin Power company and was instantly killed. The accident occurred Sunday evening, the pole he was working on being at the rear of the O. P. Weberg residence.

The victim of this distressing collision with a live wire had been at work for the company but one day, having gone to work Sunday morning, and was engaged in connecting up a tran former. As he ascended the pole J. H. Woodcock, in charge of the work, asked Wattles if he understood "hot" stuff and was informed that the workman had had 20 years' experience with such wires and that he was not afraid for results. He had succeeded in tying in one wire and was attempting to get hold of another when he inadvertently came in contact with the other live wire, the contact forming a circuit which was carried through his body, the result being that he was killed instantly. He had hold of one wire at the time and the current passing through his hand burned the fingers nearly off, causing the body to sag and fall to the cross arm, it being held there by his life belt.

Quite a number of people saw the flames issuing from the body and many of them ran to the scene. Woodcock went to the power plant and shut the current off, after which Earl Crabtree went up the pole, loosened the body and lowered it to the ground. There is was discovered that Wattles' left shoulder had been in contact with the live wire, a spot as large as a man's hand having been burned clear to the bone, the flesh being literally cooked.

The body was taken to the lower room of the Odd Fellows' hall where it remained until Coroner Zell came to Maupin and conveyed it to The Dalles.

Decedent had visited Maupin several times, his last previous visit being last summer when he stopped off here while on his way home from Bend. His family home was at Port Angeles, Washington. He had been in the electrical game for many years and had had charge of many important pieces of work during that time. He was a member of the Electrical Workers Union, a large number of that order being present at the funeral, which took place at The Dalles Tuesday afternoon.

Surviving Mr. Wattles are his widow, three brothers: H. F. of The Dalles, William of North Adams,

Michigan, and Alex. of Jackson, Michigan, and four sisters: Mrs. J. L. Harris of Beaverton, Mrs. Esther Schilling of Maupin, Mrs. Hattie Kentner of Bend and Mrs. Flora Carter of San Pedro, California.

The funeral was largely attended, a large number of line men and relatives having driven to our county seat for that purpose. Many floral offerings were in evidence, and burial took place in the Odd Fellows cemetery. Members of The Dalles Odd Fellows acted as pall bearers, deceased having at one time been a member of that order.

PATHE WESTERN NEXT SUNDAY

"The Devil's Twin," Offering—Mack Sennett Comedy

Next Sunday night's bill at the Legion hall will be a Pathe western—"The Devil's Twin," with Leo Maloney in the lead. The story is that of twin brothers, one an outlaw, the other straight and right. Many startling situations run thru-out the story and it carries a love theme pleasing and touching.

A Mack Sennett comedy, "Smith's Cousin" introduces the main story and will prove most acceptable to Maupin film fans.

REPORT OIL STRIKE AT CLARNO

Maupin Stockholders Visit Well in Answer to Report

R. W. Richmond, L. C. Henneghan and L. C. Wilhelm, stockholders of the Clarno Basin Oil company, answering a report that oil had been struck in the well at Clarno, left this morning for that place. The report was to the effect that a well had been brought in. Gas had been encountered at the well some time ago, and those in charge have always carried a sanguine idea that where there was gas oil naturally followed.

If the report is true and oil really found, it will mean a new era of prosperity for this whole section. The company has several thousand acres of land under lease and with the bringing in of an oil well other companies will naturally desire to get in on the ground floor and will take sub-leases and put down wells.

Visiting at Schillings—Mrs. Howard Wattles, living at Port Angeles, Wash., is in Maupin and is a guest at the Wm. Schilling home. She was called to this section by the death of her husband, which occurred Sunday evening.

Fishing tackle—the kind that gets the fish. We have it at the Maupin Drug Store.

Maupin and Wapinitia Share Assembly

Monday, at a joint assembly, Wapinitia and Maupin High schools enjoyed a splendid address of Dr. D. V. Poling. Dr. Poling, of the Oregon State College, spoke to the students and visitors about establishing a character and a genuine fondness for work. He dwelt upon the formula that "Information Plus Perspiration Equals Consumption." The advantage and need of information was told. The perspiration or industry is also necessary in making a success. In speaking of perspiration he said that "horses sweat, men perspire, and ladies glow." Dr. Poling urged all to believe that personality is not a gift but can be developed by cultivation. In speaking of character he said that "the bad thought; will come to all but they need not be harbored but can be expelled and put away."

It was an inspiration for Maupin students to have Wapinitia so courteously come and share in our assembly. We enjoyed it all the more because of the larger number present. Mr. Heckman and the following students from Wapinitia attended the assembly: Helen, Ernie, Avis, Marion, Zelma, Ruth, Melvin, Hazel, Lloyd, Gerald, Lenora, Billy and Frank.

Other numbers of the program were numbers by the Jazz Phoney Harpists a reading on European guides from "Innocent Abroad" by Mr. Hampton, and a piano duet "Tancredi" played by Mrs. H. F. Bothwell and Nova Hedin.

Albert and Richard took some moving pictures with their mysterious machine to show how it would be done at the Senior play on May 3.

Mr. Kaiser as the new Scout master announced the coming Thursday at the date for the next Scout meeting.

Oregon grape with apple and decorated the gymnasium, parts of the annual training boys dresses of sewing girls were displayed.

Visiting town visitors were Mrs. E. Hazen, Mrs. Job Tree, Mrs. Dave Wilson, Helen and Mrs. Weberg, Mr. and Mrs. H. F. Bothwell, Mrs. Ernie, Mrs. Hedin, Mr. Kaiser, Raymond Crabtree, Mr. J. McMillan, Mrs. Don Miller, Mrs. Bob and Mrs. Bert Hill, Mr. and Mrs. Poling, Mrs. Fraley, Mrs. Shattuck, Mrs. Smith, Merle Crabtree, Crystal Stuart and Kenneth Snodgrass.

CUBS DEFEATED BY CYCLONES

Last Friday the Cubs journeyed to Wapinitia to play the Cyclones. The game resulted in another defeat for the Cubs, the score ending at 7-4 in favor of the Cyclones.

A seven-inning game was played. The Cubs were in the lead the third and fourth innings but in the fifth inning the Cyclones ran in five more scores on account of errors on the part of Cub players.

The weather was fine for baseball as it was warm enough to make everyone want to get out and play. We hope the weather continues this way the rest of the baseball season.

MAKING OUR CITY MORE CHARMING

The arrival of spring has brought many kinds of beautiful flowers and blossoms to add attraction to our fair town. Beautiful flowers are seen blooming around the various lawns about town. The fragrant Narcissus beautifies Stuart's lawn, while one is attracted by Confer's exquisite tulips.

Numerous fruit trees are in full bloom, another symbol of spring. Mr. Johnson has planted fruit trees between the school ground and the river which in a few years will add much to the appearance of that tract of land.

Our own school lawn and shrubbery presents an attractive picture when all the roses are in bloom. However, it could be improved by planting lilacs southeast of the Hi school building. Everyone should show interest in the appearance of our home town by making their lawns more attractive with flowers.

MAUPIN TO HAVE NEW STORE

Good Goshwiler's Grocery to Open On May 3

Bigger and better bargains for everybody! The Legion hall has been rented by Orville Goshwiler Fraley and he will open his store for business May 3. There will be many specials on the opening day to make glad the hearts of the housewives of all Wasco county. There will be specials in dill pickles and bologna. There will be extra fresh Brown's Mule bologna direct from Missouri. Everything will sell at special prices, somewhat below wholesale. Mr. Goshwiler Fraley is known to be a man who will work for the best interests of all the country around.

The store will be furnished and decorated in the very latest grocery lines and will undoubtedly hold some valuable hints for merchants. Here is a great opportunity to get bargains in mirth and merchandise. Only one day, May 3rd. Don't let anyone miss it! See "Merton of the Movies," Maupin Senior play, Saturday, May 3.

CEDAR CHESTS NEARING COMPLETION

After steady work since mid-year the boys are bringing their cedar chests to completion. Elden left school in favor of the plow handles and so he did not get very far with his chest. Bo has finished sandpapering and filling and is now busy attaching the handles of the lid. Ivan's chest has received its first coat of varnish and is in the course of drying before being smoothed off by powdered pumice stone.

Those who wish to see these chests and the tables of the first year class, may do so Commencement night.

SCOUTS WELCOME NEW LEADER

Mr. Kaiser, the new scoutmaster, takes special interest in boys. As a veteran of the Spanish-American war he has had experience in military camp life and understands the troop. Mr. Kaiser's activities will include plans for various trips led by assistant scoutmasters, by which the responsibilities will be distributed among the troop. Mr. Kaiser appeared before the Scouts at the Monday morning assembly to announce the date of their next meeting and convinced the boys of his sincere interest in scout welfare.

TRACK MEET TRY-OUT IN ALL GRADES

Last Friday afternoon at 3:20 the Third and Fourth and all other grades besides the First and Second grades proceeded to see what they could or could not do in track events.

The small children were full of all the "life and vigor" that one could possess. The "starter" for the races had a very hard time in getting them to go at the same time.

Some would start when the words, "on your mark" were said, and others when "get set" was heard. Finally all started on the word "go" and away they ran. The following is the line-up for some of the events:

Broad jump—class C boys—First, John Slusher; second, "Buzz" Renick; third, Ernie Confer and fourth Leo Cunningham.

High jump, class B boys—First, Theodore Kirsch; second, Jim Slusher, and Herbert Kramer.

Broad jump, class B boys—First, Theodore Kirsch; second, Jim Slusher; third, Earl Addington; fourth Herbert Kramer.

The judges were Mr. Hampton, Harry Rutherford and Bob Shepflin. Merle Snodgrass Crabtree was down to witness the try-out and assist in whatever way she could.

The Wasco County Track meet is set for Saturday, April 26, so don't forget the date. Let's have a large delegation of Maupinites go over to Tych and root for the old home town.

Baseball players, see the Spalding line at the Maupin Drug Store.

John Day—"Eastern Oregon Ranger" started publication here recently.

Search for Indian Relics Proves Intesesting

Those who like to ramble over the hills in search of Indian relics have read with interest an article in the St. Nicholas magazine about a collection of forty thousands different Indian relics. This collection consists of flint and rock crystal arrow heads, tomahawks, hammers, and other stone instruments. The author says that Indians had both winter and summer camps. He also points out that these camps were always near a spring or a river and that the Indians always chose a site protected against the cold wind of winter and the heat of summer.

Wasco county is rich in this historical interest so that even a casual observer may find many traces of the rude civilization of the past.

At the mouth of Trail Hollow on the Kennedy place there are the pits of ten or twelve lodges. On White river a winter camp was recently found about a quarter of a mile from the mouth on a beautiful green knoll in the bend of the river, protected by high canyon walls on all sides against wind.

This school would like to arrange a display of Indian arrow heads and other relics. We invite cooperation in this fascinating pastime.

TREES (By Bliss Carman)

In the Garden of Eden, planted by God,

There were godly trees in the springing sod—

Trees of beauty and height and grace,
To stand in splendor before His face.

Apple and hickory, ash and pear,
Oak and beach and the tulip rare.

The trembling aspen, the noble pine,
The sweeping elm by the river line;

Trees for the birds to build and sing,
And the lilac tree for a joy in the spring;

Trees to turn at the frosty call
And carpet the ground for their Lord's footfall;

Trees for fruitage and fire and shade,
Trees for the cunning builder's trade;

Wood for the bow, and the flail,
The keel and the mast of the daring sail;

He made them of every grain and girth
For the use of man in the Garden of Earth.

Then lest the soul should not lift her eyes
From the gift, to the Giver of Paradise,

On the crown of the hill for all to see,
God planted a scarlet maple tree.

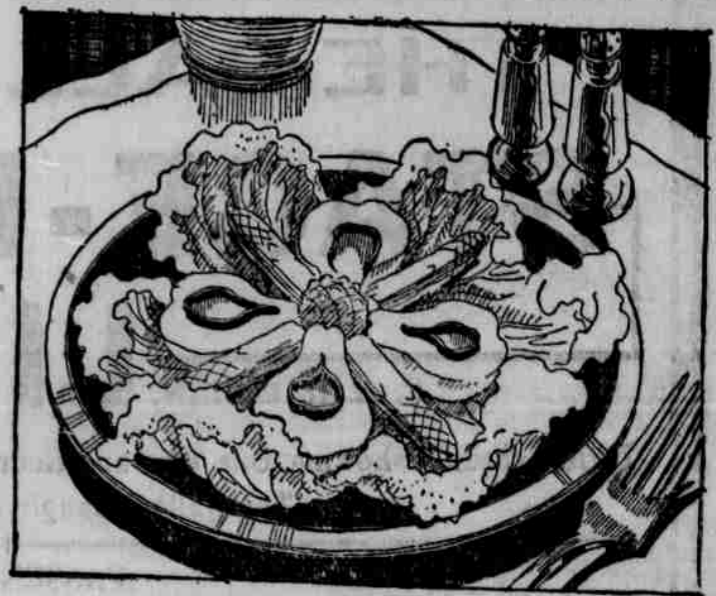

SENIORS GIVE THOUGHT TO THE FUTURE

Life is divided into chapters, like a novel. High school is one of these chapters, and this spring the Seniors are to complete that interesting portion of their life story. It is natural when this experience is soon at an end, to look back over the events that have composed the school career and to give thought to the experience that is to follow. Memories of studies and tasks within school are shared with the recollection of honors won at track meets, contributions made to school, and to what they can do for the upbuilding of their character in the short time they have left in school.

Each of the members of the class of 1930 has taken part in athletics, school as-embles, has written essays and has received training that has increased his intellectual power as well as his earning power.

If the people are to succeed in life, it is necessary that they seek out a definite goal of life and strive

(continued on last page)

Asparagus Tips

THESE are more than asparagus tips—they are tips on asparagus. Ever since the ancient Romans tipped us off to asparagus we have been seeking new ways to use both the tips and stalks of this delicacy, although so far we haven't utilized the seeds for food purposes as they do in some parts of Europe. Because the delicate flavor of fresh asparagus is quickly lost by exposure to air and sunlight, thus darkening its color and rendering its fibre less tender, many prefer the canned product.

New Way with Asparagus
The very newest asparagus recipes you will want to try are:

French Fried Asparagus Tips
Drain one one-pound square can of asparagus tips, saving the liquor for

a soup. Beat one egg slightly, add two tablespoons water, season to taste with salt and pepper. Dip each stalk of asparagus in fine bread crumbs, then egg, then crumbs again and fry in deep fat. Drain on brown paper and serve. This serves six persons.

Asparagus, Pear and Cheese Salad
Arrange lettuce on individual plates. Cut two fresh or canned pears in halves lengthwise and place like petals, radiating from center. Place a whole stalk of asparagus between each section of pear, making a flower. Around the center of each pear section put a long thin strip of pimiento. In the center of the flower put a small half of creamed cheese rolled in minced parsley. Pour French dressing over all.
