Many Fishermen Here—
Tuesday morning opened in any but an auspicious manner for good fishing. The wind blew a gale and came from all directions, besides the moon was full, which is an augury of poor fishing conditions. Many fishermen were on the Deschutes, many, no doubt, being lured here by the broadcast of last Saturday night. The fish caught were mostly small ones, although some real old-time redsides were pulled from the water. Nearly all who tried their luck came in with the limit. Clarence Ziegenhagen holds the record of the day with a 20-inch rainbow trout, caught near Johnson's.

Candidate Calls—
Senator J. E. Bennett, one of the six gubernatorial candidates running on the Republican ticket, was a caller at this office last Saturday. Senator Bennett is author of the law changing the payment of the automobile license tax from January 1 to July 1, and is a booster for good roads and several other measures proposed for the betterment of Oregon.

SCREEN STAR TO MAKE PERSONAL APPEARANCE

Howard Webster, Lead in "North of Nome," Will Be in Maupin Soon

Robert Howard Webster, who led the company in the screening of the Alaskan story, "North of Nome," will appear in person in Maupin on Sunday, April 27, at which time his picture will be shown. The part taken by Webster is that of the villain and as he is acclaimed as being one of the best actors in that line, his rendition of the heavy part in the picture may be taken for a great worth. Webster is the running mate of the great McKim, said to be the very best heavy in pictures, and who was associated with him during the pictureization of the great northern story.

Manager Matthews of the local theatre made a ten-strike when he booked "North of Nome," with Webster in person. In the character of "Quig Lannigan" Webster shines among his fellow actors. His work is said to be touching in the extreme, and as the story advances he is all the more appreciated.

During the progress of the picture Mr. Webster will give a short history of its making, telling of the various place shown and of the many hardships and trials endured while the story was being transferred to the film.

Maupin Boy Shows Speed—

Estel Stovall is on the Freshman track team at O. S. C. and at the try-outs held last Saturday showed just how speedy he was. In the 100-yard dash Estel was clocked in 10.4, being beaten by a lad from Vancouver, Washington, by one second. The coach prophesies that Estel will be making the 100 in 10 seconds flat before the track season ends, and that with more coaching and practice he stands a chance to even better that mark.

Birthday Party—

Saturday was the 31st anniversary of the birth of Leonard Weberg. The family gathered around the Weberg table at the ranch the following day and proceeded to take on many substantial delicacies and solids in remembrance of the birthday. O. P. Weberg and wife and daughters, Mabel and Leah, from Maupin, were members of the family from Maupin who enjoyed the occasion.

Church Newly Painted—

Wilson Bros., painters, have just completed one of the finest jobs of interior decorating ever done in Maupin—that of varnishing the interior, pews and altar of the Catholic church. The floor and pews, with the prayer bench and altar are resplendent with varnish, and the effect is that of a new interior. The varnish has brought out the full grain on the wood and is as bright and smooth as a mirror.

Easter Sabbath School—

The Maupin Sunday school will take up at 10:00 o'clock next Sunday morning. The Easter program, service and reception of members will take place the following Sunday, April 27. The meeting will conclude with a basket dinner.

Mrs. T. B. Slusher has about completed taking the census of people living in Maupin precinct and will soon begin on Wapinitia precinct. Mrs. Slusher says that but few ranchers have taken time off in order to fill out the blanks sent them by

the census headquarters, and on that account she is greatly handicapped, as she must assist in filling out the blanks, all of which cuts greatly into her time.

Many, many men have pulled it but Adam was the only one to speak the truth when he said: "You're the only woman for me."

Gerald—I have a bone to pick with you.
Geraldine—Is that why you are scratching your head?

Let us figure a screened porch for you. They make a nice sleeping room for summer.

Fishing on Deschutes bring a little business. We figured a couple of nice cottages for up the river this week.

Sandy: "I want to speak to the spirit of George Washington."
Medium: "I have him now."
Sandy: "Ask him where the dollar landed that he threw across the Potomac river."

Now, everyone isn't able to throw dollars around and we all are not so Scotch that we have to look for them, after they are lost. If you want to be sure that your dollars are not being thrown away in buying building material or fuel, just come to us for full value.

If you go to the mountains in the summer, you will want a summer cottage. We have plans of several.

In order to detect which side of the bread is buttered, we offer the following test. Simply drop the bread and see which side hits the carpet. It has never failed on a million rugs.

It is about fly time. Screen doors and window screens should be put up now to protect the health of the family.
