A statement from
HARRY L. CORBETT
 Republican Candidate for Governor

"I aspire to the office of governor because I should like to be of service to the state in which I was born, which my ancestors helped to develop and in which my children will live after me."

"I will enforce the laws with sincerity and justice and will appoint no man to enforce a law who does not observe the law."

"I will use ceaseless vigilance to prevent waste in state expenditures. I will be ready to spend a tax dollar for progress if convinced that the state will receive full value for it."

"I believe in the steady completion of our highway system. I shall continue to oppose interfering with the duties of the State Highway Commission for the purpose of log-rolling. The state will pass the peak of its road bond retirement in 1932, and I hope that greater aid may then be given our program of market roads."

"If elected, I will not be obligated to make any appointment in return for political support."

"I will make every appointment on the basis of merit. I will work for the greater development and welfare of Oregon."

"These things I shall take upon myself as a serious duty and a solemn pledge to the people of the State."

LET WELL ENOUGH ALONE

While we are at the typewriter we feel constrained to say a few words about our worthy superintendent of schools, T. F. Brumbaugh. Mr. Brumbaugh was chosen to the position by the county court from among a long list of applicants for the position, made vacant by the death of Mr. Gronewald. The court closely investigated the qualifications of each seeker for the job and finally decided that Mr. Brumbaugh was the best qualified. In that he has borne out the decision of the court, for he has taken hold of the work of the office with a vim, and during his incumbency has worked out many beneficial changes in our school system.

To make a change in the office at this time would be like sending a boy to mill. One who has never been connected with the various matters coming before a county superintendent would make a sorry fizzle of the work for a long time. Mr. Brumbaugh, with seven years' experience in administrative and supervision work, became familiar with the ramifications of the office at once. He was, at the time of his succession to the office, principal of one of the High schools at The Dalles. In that capacity he gave entire satisfaction to pupils, teachers and directors alike. We advise against trading horses in the middle of a stream and are convinced that to trade a certainty for an uncertainty would redound to the detriment of the school system of Wasco county. By all means keep T. F. Brumbaugh in the office of county superintendent and this keep up the exceedingly high standard of the schools of Wasco county.

River Too High

A heavy rain up river caused the Deschutes to rise and Sunday fishing was somewhat of a disappointment for many who had come to Maupin to angle for trout. Some fair catches were made at Oak Springs but in the main fishermen were compelled to return without anywhere near the limit.

Caught the Limit

"Sandy" Saunders, the irresponsible Chevrolet salesman, came over Tuesday and yesterday fished at Jersey. There he caught the limit of the finest trout brought to Maupin this season. Yesterday he fished at the mouth of Wapinitia creek, catching a basket full of large redsides. Sandy said he was going to give the trout to the cook at the tuberculosis hospital at The Dalles, thus giving the inmates a chance to enjoy Deschutes river fish.

Schoolmates Meet

While in Maupin last week Mrs. "Dick" Maupin met an old schoolmate in the person of Mrs. R. E. Wilson. The two attended school at Portland and the recent meeting was reminiscent of days when they were little girls together.

Twins at Wamic

Dr. J. L. Elwood reports the birth of twin boys to Mr. and Mrs. Alvin Savage, Wamic residents, on Monday morning. The little fellows came into their new home 15 minutes apart and weighed about six pounds each.

Laid Out Athletic Field

Tom Baird got busy this morning and laid out the athletic field to be made at the High school grounds. The field will include football and baseball grounds and will be leveled and scraped, thus making the plot an ideal one for the school

Visiting Daughter

Mrs. M. Hammond, mother of Mrs. R. E. Wilson is visiting with her daughter and family. Mrs. Hammond expects to remain in Maupin until the hot weather causes her to return to the cooler breezes of Portland.

Called to Portland

Dr. Elwood made around trip to portland yesterday, having been called there by the illness of his little grandson. The doctor went via the cut-off and reports that highway in good condition also that it is being extensively traveled.
