And  
Compactness

Whether you need a range now or later, come in and see this interesting and educational display.

Every housewife appreciates the advantage of compactness and the disadvantage and needlessness of great, large kitchens with ungainly equipment.

That's why large kitchens are not being built today. MONARCHS are COMPACT in all their dimensions without sacrificing a fraction of an inch of needed space.

REMEMBER TOO—that a beautiful, practical 12-piece set of Never-Stain Steel Cutlery, or a valuable set of Vollrath Enamel Ware in pink-pearl or Apple green finish will be given ABSOLUTELY FREE to everyone purchasing a MONARCH Range during this Special Sale.

The MONARCH Practical Payment Plan enables you to buy your range now—during this sale—on convenient monthly or single payments—if you haven't the ready cash.

Remember the Dates—June 9th, 10th, 11th, Inclusive

## SHATTUCK BROS.

### Pine Grove Items

Mrs. Chas. Cox returned from The Dalles last Friday, after having spent some time there attending to her son Leonard, who is in a hospital. The mother reports the son as improving, he probably being able to return home this week end.

Mrs. Bronner accompanied Earl Birchard to Portland last week. While at the big town she had dental work done and also had a visit with her sister at Oregon City.

Mrs. Ed. Davis was called to Maupin Monday to take care of Mrs. Aaron Davis and new granddaughter, who was born to Aaron and Ed Sunday morning. The baby weighed 4 1/2 pounds.

George Beebe and family, George Davis and Mr. Murdock are camped in the mountains where the men are making fence posts for several of the Flat ranchers.

Oswald Bronner is working for J. P. Abbott during sheep shearing.

Rufus Abbott and family from Hood River were visitors at the J. S. Brown home last week end.

Ben Richardson left for Prineville on Tuesday, to be gone for an uncertain length of time.

Hazel Laughlin has been on the sick list for some time but is better at this writing.

Hope Walters has been numbed among the sick this week.

### Doings at Frieda

Willis Roberts, Jr., is breaking colts for Ed. Fitzpatrick, and will be at the Mutton Mountain Sheep company's ranch for some time.

Ed. Fitzpatrick forked his horse and rode to Tygh Valley Tuesday, returning Wednesday.

Elmer Ryland of Oak Grove visited with the Roberts family last week and while here indulged in successful fishing.

Mr. and Mrs. Sayles of Portland fished in the Deschutes at this place last Thursday, Friday and Saturday. They made some fine catches.

The "Gallop'n' Goose" on the O. W. R. & N. railway made a trip to Bend on Monday.

The Maupin Times man, Albert St. Dennis and Laco Greene were among the fishermen who cast flies in the Deschutes at Frieda last Friday, also visited with the Willis Roberts family.

Lloyd Roberts landed a dandy redside on Monday, which caused the lad's chest to expand several inches.

The record redside of the year, for these waters, was caught by Joe Fake of Portland on Monday. The trout measured 26 1/2 inches in length.

Orion Farlow, who is now employed at the Hinton sheep ranch, Shaniko, was a caller at the Roberts home last Sunday.

Mrs. Willis Roberts is having exceptional good luck with her chickens this season, having 39 little fluffs added to her flock. Mostly White Leghorns.

Alva Wilcox and Howard Blackerby moved a band of the Abbott sheep to the shearing pens last Friday.

Frieda is becoming well known to fishermen and its popularity is so great that some Portland people

have erected a summer cottage here. Other Portlanders are considering doing likewise.

Willis Roberts came over from the Fitzpatrick ranch and spent Sunday at home, returning in the evening.

### "INSIDE" INFORMATION

Three-cornered wire sink baskets make good receptacles for dirty and oily clothes in the cleaning closet, as they permit a circulation of air and reduce the danger of fire. They take up very little space in a small closet.

If you have not tried making a budget for a year, you might make one for the month just ahead. This is a good plan when changes are likely to occur in the family situation and there is some uncertainty as to what the income will be or the demands upon it. At the end of a quarter or year you can look both backwards and forwards, determine better what the probable outlay for ordinary household expenses comes to each month, and so make a more comprehensive budget.

### FARM REMINDERS

It is much easier to avoid weeds by getting high quality seed, even though it is a little more expensive, than to plant weeds in the lawn and then spend time and money on getting them out.

The idea that thinning fruits will overcome what is known as the alternate bearing habit is incorrect, says the Oregon Experiment station. Alternate bearing is frequently a varietal characteristic which seems only slightly modified by anything the grower can do.

It has long been the policy of the college extension service and its county agent staff to sponsor and actively aid cooperative marketing movements. Many of the successful cooperative marketing associations which are operating in the state today have been rendered definite assistance by the county agents or the extension specialist in marketing.

Overbearing has a marked influence on the color of many fruits, says the Oregon Experiment station. When peaches, apples or many varieties of highly colored pears touch each other during the ripening period, coloring is poor where the fruits come together. Observations have shown, too, that coloring of fruit is usually more brightly when light crops are borne than when heavy crops are produced.

### HOME POINTERS

Milk contains all of the proteins that are needed in the body.

To order to utilize or preserve all the minerals and vitamins contained in the liquor of canned vegetables, pour the contents of the can into a skillet and heat rapidly until it is evaporated.

In washing spinach or other greens, if they are lifted out of the water, instead of the water being poured off, none of the sand will remain on the leaves.

In cutting bread or cake, where only a few slices are desired at a time, if they are cut from the center and the two remaining portions pushed together, it will not dry out so quickly.

In slicing oranges, if the knife is not sharp enough to cut them easily without spoiling their shape, the peeling may be left on until after they are sliced. In can them be removed easily and the slices will be thin and round.

If only clean fresh, sound vegetables and fruit are used in preserving, fewer germs will have a chance to penetrate and the food will be easier to preserve.

## A Dollar Dinner for Four

PROBABLY you, along with hundreds of others, have emerged into the New Year with hoards of good resolutions in your head. And, doubtless, one of them was to be more economical. In order to aid you in this laudable plan, we are presenting a menu and recipes to show that you can purchase the materials for a dinner for a family of four at a cost of only a dollar. Here's how it's done:

Frankfurters with Parsley Peas ..... \$ .47  
Fried Bananas ..... .14  
Bread and Butter ..... .08  
Lettuce, French Dressing ..... .10  
Cup Cakes, Raspberry Sauce ..... .20

Total ..... \$ .99

Frankfurters with Parsley Peas: Heat the peas from an 11-ounce can in their own liquor, then drain, add one tablespoon of butter, and season to taste. Pour into a shallow baking dish. Fry eight frankfurters and place on top of the peas, ar-

ranging them like the spokes of a wheel. Sprinkle with two tablespoons of chopped parsley and re-heat in the oven a few minutes.

### Here's the Dessert

Cup Cakes: Cream two tablespoons shortening with one-third cup of sugar, add one well-beaten egg. Sift together two-thirds cup flour, one and one-half teaspoons baking powder and a few grains of salt. Add to first mixture alternately with two tablespoons of milk. Flavor with raspberry or vanilla flavoring. Bake in the form of cup cakes in a moderate (375°) oven for 20 minutes. While warm serve with this sauce:

Raspberry Sauce: Empty contents of an 8-ounce can of raspberries into a sauce pan. Mix three tablespoons of sugar with one tablespoon of flour, add two tablespoons of water and one tablespoon of lemon juice. Add to the berries and cook until creamy. Serve over the cup cakes.
