INHERITED SCROFULA

When a child I had a very severe attack of Diphtheria, which came near proving fatal. Upon recovery the glands of the neck were very much enlarged, and after the free use of iodine, the right one was reduced to its normal size, but the left one continued to grow—very slowly at first, until it was about the size of a goose egg, which began to press on the windpipe, causing difficult breathing, and became very painful. An incision was made and a large quantity of pus discharged. The gland was removed, or as much as could with safety be taken out. For ten years I wore a little piece of cloth about an inch long in my neck to keep the place open. During this time I had to have it cut open by the doctor every time I took cold or the opening clogged. In the Spring or early Summer of 1884 I was persuaded by my wife to use S. S. S., which I did, strictly in accordance with directions. I took twenty-six large bottles, and was entirely cured, for I have not suffered since that time.

On the Trail with a Fish Brand Pommel Slicker

"I followed the trail from Texas to Montana with a FISH BRAND Slicker, used for an overcoat when cold, a wind coat when windy, a rain coat when it rained, and for a cover at night if we got to bed, and I will say that I have gotten more comfort out of your slicker than any other one article that I ever owned."

THE OLD FOLKS AT HOME

Are Never Without Pe-ru-na in the Home for Catarrhal Diseases.

MR and MRS. SCHWANDT,
Sanborn, Minn.

MR and MRS. J. O. ATKINSON,
Independence, Mo.

Under date of January 10, 1897, Dr. Hartman received the following letter:

"My wife has been a sufferer from a complication of diseases for the past 25 years. Her case has baffled the skill of some of the most noted physicans. One of her worst troubles was chronic constipation of several years' standing. She was also passing through that most critical period in the life of a woman—change of life.

"In June, 1895, I wrote to you about her case. You advised a course of Peruna and Manalin, which we at once commenced, and have to say it completely cured her.

"About the same time I wrote you about my own case of catarrh, which had been of 25 years' standing. At times I was almost past going.

I commenced to use Peruna according to your instructions and continued its use for about a year and it has completely cured me. Your remedies do all that you claim for them and even more."—John O. Atkinson.

In a letter dated January 1, 1900, Mr. Atkinson says, after five years' experience with Peruna:

"I will ever continue to speak a good word for Peruna. I am still cured of catarrh."—John O. Atkinson, Independence, Mo., Box 272.

Mrs. Alla Schwandt, Sanborn, Minn., writes:

"I have been troubled with rheumatism and catarrh for twenty-five years. Could not sleep day or night. After having used Peruna I can sleep and nothing bothers me now. If I ever am affected with any kind of sickness Peruna will be the medicine I shall use. My son was cured of catarrh of the larynx by Peruna."

Mrs. Alla Schwandt.

Why Old People Are Especially Liable to Systemic Catarrh.

When old age comes on, catarrhal diseases come also. Systemic catarrh is almost universal in old people.

This explains why Peruna has become so indispensable to old people. Peruna is their safeguard. Peruna is the only remedy yet devised that entirely meets these cases. Nothing but an effective systemic remedy can cure them.

He Is Still the Boss.

The old man called his typewriter into his private office.

"Miss Hammerton," he said, "you have been a faithful worker during the two years you have been in my employ, and I believe you would make a desirable wife. May I hope to claim you as such?"

"While I appreciate your kindness and the honor you do me in making the offer, Mr. Oldboy," replied the little azure-eyed blonde, "before accepting I wish to say one word. As your stenographer I have allowed you to dictate to me, but if I become your wife I shall reserve the right to do all the dictating myself, and—"

"Pardon me for interrupting you, Miss Hammerton," said the old man, "but I think it will be best for you to continue in your present position. I shall add an extra dollar to your salary, which will enable you to drown in ice cream soda any hopes that my words may have raised."

His Awful Blunder.

"See here, young man," said the society editor to the new reporter, "don't let a thing like this occur again."

"Why, what's wrong?" asked the new recruit.

"In this paragraph," replied the s. e., "you say the lady was 'handsomely dressed' instead of saying she was 'smartly gowned.'"
