Geo. T. Angell says that the fol-
lowing should be placed on the head
stone of dead millionaires: He left—
millions of dollars, but not one pen-
ny for the sick, the poor, or the
suffering.

In the fight against the Standard
oil company the state of Kansas is
getting a great deal of encourage-
ment in the way of sympathy from
all the other states—New Jersey
perhaps excepted—but it will take
something more substantial to have
any effect on the Standard.

There are many new towns in the
state of Oregon that are offering in-
ducements to people looking for new
homes and business, but taking all
things into consideration, Estacada
is the safest place for investment to-
day. It is to be a manufacturing
place, the facilities and material to
make it such are here in the em-
bryo, only capital, time and labor
are needed, and capital is coming.
Since the town was started there
have been organized, the Estacada
Brick and Tile Company, the Esta-
cada Wood Manufacturing Com-
pany and the Estacada Telephone
& Telegraph Company. The first
is having tests made of its clay beds
to decide what class of a factory to
put up. The last two companies
are building and constructing. A
number of other industries are sure
to follow. While you are looking
don't overlook Estacada.

It is reported that D. C. Crane of
Portland has purchased the build-
ing where church services are held.
Mrs. Crane will put in a millinery
store. Mr. Crane came out Tues-
day bringing his household goods,
and will remain and fix the building
up for business. Mrs. Crane will be
out about the middle of the month,
and will open her store April 1.

Contractor J. W. Reed has been
in town this week pushing work on
his numerous buildings at Sellwood.
Mr. Reed's work near Portland has
caused quite an exodus of master
mechanics from this place. They
will be occupied four or five weeks
at the work.

A GOOD TIME

The entertainment and basket so-
cial by the Currinsville School was
well attended. The program was
a well-merited success, and it was
greatly enjoyed by all. A little over
\$30 was taken in by the sale of the
baskets and luncheons served.

ter, Mrs. E. F. Surface, Sunday.

You will notice an addition in the
ad of H. Cooper, the furniture deal-
er. He keeps a stock of undertak-
ing goods and makes a specialty of
the undertaking business.

Wiley Howell, who carries the
mail between Estacada and Spring-
water points, was taken sick with
tonisilitis Tuesday, and his brother,
Carl, took his place on the route.

Emmet Hoffman, who is taking a
business and shorthand course at
the Holmes Business College, Port-
land, came out Saturday and visited
his people and friends till Sunday
evening.

Mrs. T. J. Mathews continues to
be quite sick, and the physician re-
ports but very little change in her
condition. She seems anxious to
see her sister, Mrs. Eliza Morgan,
who lives at Winlock, Wash.

Messrs. Cassidy and Ferry, the
painters, are busy painting several
buildings in town. They have the
contract of painting the many new
structures of the O. W. P. & Ry.
Co. at the Sellwood resort.

W. J. Harris and H. A. Schulz
of Kalama, Wash., were here Tues-
day. They are looking for a better
town than their present home, and,
like many other dissatisfied people,
they have their eyes on Estacada.

Mr. and Mrs. Bert Hays have re-
turned from Arrowhead, B. C. and
will perhaps make their home here.
Mrs. Hays is a daughter of Mr. and
Mrs. W. W. Davis of Garfield at
whose home they are at present vis-
iting.

cisco; Oliver and Miss Anna Math-
ews, of Millwaukie; David Mathews

Mrs. T. J. Mathews, are here as-
sisting in the care of Mrs. Mathews
who is quite sick.
