

Spring Medicine

There is no other season when good medicine is so much needed as in the Spring.

The blood is impure, weak and impoverished—a condition indicated by pimples and other eruptions on the face and body, by deficient vitality, loss of appetite, lack of strength, and want of animation.

Hood's Sarsaparilla and Pills

Make the blood pure, vigorous and rich, create appetite, give vitality, strength and animation, and cure all eruptions. Have the whole family begin to take them today.

"Hood's Sarsaparilla has been used in our family for some time, and always with good results. Last spring I was all run down and got a bottle of it, and as usual received great benefit." Miss BEULAH BOYCE, Stowe, Vt.

Hood's Sarsaparilla promises to cure and keeps the promise.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

TAINED BLOOD

Columbus, Ohio, May 19, 1903.

Some four years ago I was suffering from impure blood and a general run-down condition of the system. I had no appetite, was losing flesh, and had an all-gone tired feeling that made me miserable. I began the use of S. S. S., and after taking seven or eight bottles my skin was cleared of all eruptions and took on a ruddy, healthy glow that assured me that my blood had been restored to its normal, healthy condition. My appetite was restored, as I could eat anything put before me, and as I regained my appetite I increased in weight, and that "tired feeling" which worried me so much disappeared, and I was once again my old self.

I heartily recommend S. S. S. as the best blood purifier and tonic made, and strongly advise its use to all those in need of such medicine. VICTOR STUBBINS, Cor. Barthman and Washington Aves.

Wheeling, W. V., May 28, 1903.

My system was run down and my joints ached and pained me considerably. I had used S. S. S. before and knew what it was, so I purchased a bottle of it and have taken several bottles and the aches and pains are gone, my blood has been cleansed and my general health built up. I can testify to it as a blood purifier and tonic. 1533 Market St. JOHN C. STEIN.

FRANCIS JOSEPH.

Austrian Kaiser Has Been Long Upon His Throne.

The Austrian Kaiser has sat longer upon the throne than any other King, his occupancy now being well into the 57th year. He is 75 years old and bids well to live to celebrate the sixtieth anniversary of his coronation, steps for which are now under way. His position has been anything but a bed of roses. Though he presides over 48,000,000 subjects, he is far from being a happy man. He knows Hungary will leave Austria upon his death and that the dual kingdom will be no more. His closing days have been embittered by the suicide of the crown prince under disgraceful circumstances at Meyerling—the only son who could have preserved the integrity of the empire. Family troubles came thick and fast and yet beneath the load he has the love of his people such as no other potentate in the world commands. There are some 22 races to be appeased under his rule, whose divergent aspirations are as wide apart as they well can be. Yet, when disputes are submitted to their sovereign, every claimant departs perfectly satisfied with the ruling, for they feel that exact justice has been meted out to the disputants.

Francis Joseph is truly a sagacious ruler. In his cabinet his conclusions

EMPEROR FRANCIS JOSEPH.

are accepted without question, yet discussion is as free as in any law-making body of Americans. No other ruler has to pass upon the innumerable and delicate problems unavoidable in a polygot state which, excepting Russia, is unparalleled in the Old World. He has been likened to some beneficent grand seigneur of mediaeval history whose single aspiration was the prosperity and happiness of every one of his subjects. His tact, dignified kindness, sense of rectitude and far-seeing discernment have prevented war in a dozen instances and ended untold racial contentions which threatened serious consequences. Loyalty to his person is the most distinguishing characteristic of the millions who glory in his supremacy. At each recurring anniversary of his birth, Dec. 2, the ceremonies in honor of it take on added splendor. The exercises begin with a thanksgiving mass in St. Stephen's Cathedral, which the Emperor, his suite and the great men of the nation attend. This is followed by a military mass in the great Church of Our Savior, a native edifice erected two decades ago on the ground where Francis Joseph miraculously escaped assassination, and which was paid for by popular subscription. At this service the most impressive religious ceremonial in the world takes place. 20,000 soldiers taking part. To roll of drums and the clarion notes of the bugle this soldier host presents arms at the elevation of the mass.

The Foolish Fish.

Deacon Good—Don't you think it cruel for you to draw a fish out of his native element by a sharp iron hook?

Fisher Boy—It's no fault of mine. When I'm just giving a worm a salt water bath, what does a fish want to hook himself on to my line for? It's no business of his.—Boston Transcript.
