

TESTS HAVE BEEN MADE AND SAMPLES SENT HOME

Returns have been received from the large quantity of clay which the Estacada Brick & Tile Company sent east to be used as tests to see just what quality and class of goods can be made from the Estacada clay beds. President Hurlburt of the O. W. P. & Ry. Co. received a letter

the first of the week stating that the samples of the clay in the finished article were ready to be sent home. It has taken some time to get these tests made owing to many unforeseen delays. Immediate steps will now be taken to get the plant under way of construction.
