The Russian soldiers are said to be inveterate drinkers. They are certainly fond of re-treating.

Estacada will have a good, substantial growth this summer. No hot air inflation is wanted, and such a condition should be prevented.

In the late dispatches from Russia is a very interesting bit of news. It says that the peace party argue that Russia is nearly bankrupt, and that it will be very hard to secure money to carry on the war. The war party says that, "should the Czar use his private fortune for war purposes, the money question will be settled." What conditions will permit of such vast individual fortunes. It is food for thought. The thought that one person is wealthy enough to carry on actual warfare against a hostile nation is not new, yet when it is put in practical operation the real significance of it all dawns on one.

Brother Duncan was born June 11, 1879 at Susansville Lassen Co., Cal. and, for the past eight years, has been a worthy citizen of our community. He became a member of Estacada Lodge No. 175 I. O. O. F. on the night of installation and has been an active member until called from us "In the midst of life we are in death." Let us also be ready when the summons comes. While we humbly submit to the edicts of Him Who doeth all things well, we sincerely mourn the loss of our departed, faithful brother. As our brothers fall one by one may we be reminded of the brevity of life, and be inspired to accomplish without delay whatsoever remains to be done.

But as we cherish the memory of dead, and think of their virtues, their ears are deaf to the kind words our lips would utter. Let us rather think of the good in the living; say kind words to those who can hear and appreciate, and scatter the sunshine of loving deeds to gladden the hearts of living brothers.

Attorney G. B. Dimick made a tour through the country about Needy and Maguham last week and declares that in his long residence here he has never observed such fine winter grain, some of which is already 12 or 14 inches high, and the prospects for a splendid crop are flattering.—Ex.
