MARCH 23, 1905

It takes time, money and perse-
verence to successfully organize and
place in practical operation large
business establishments. Those who
have not undertaken these things
cannot see the difficulties encount-
ered in promoting business enter-
prises. A Brick & Tile factory and
a Wooden Manufacturing establish-
ment have been assured as two
industrial features of Estacada, the
latter is already here, and the form-
er is coming. Such an establish-
ment as this brick & tile factory
is takes time in starting. There is
no other brick plant on the Coast
so extensive as this one will be. It
will turn out a dozen varieties of
clay products, and will be a great
advertisement for the Pacific North-
west. The organization of such a
large concern is no small undertak-
ing, full of difficulties and hard la-
bor. If these things do not materi-
alize as soon as some think they
should, it is no fault of the manage-
ment. The magnitude of the whole
thing will only be realized after the
plant is completed.

**Centennial Rebekah Lodge, 147
of Estacada.**

Good success has at last attended
the efforts that have been made to
establish a Rebekah lodge in Esta-
cada. Last Saturday Mrs. Clemen-
tine Bullock and three assistants of
Portland, came out and instituted
Centennial Lodge 147. E. E. Sha-
ron, of Portland, grand secretary of
the I. O. O. F., was also present.
At the institution of the lodge in the
afternoon eleven become members.
A large delegation from the Oregon
City lodge came over in a special
car and participated in the evening
work, when fifteen more become
members. The new order starts out
with 26 members, and bids fair to
grow rapidly.

The officers are: Lillian Surface,
noble grand; Mae Oakley Reed, vice
noble grand; Amanda Davis, secre-
tary; Ida Huxley, treasurer; June
Oakley, Warden; Mrs. Baurnefind,
inside guard; Fred Crawford, out-
side guard; Mrs. S. A. Irwin, chap-
lain; Agnes Davis, conductor; J. W.
Reed, noble grand right guard; Mrs.
John Tracy, noble grand left guard;
E. F. Surface, vice noble grand
right guard; Mrs. J. Johnson, vice
noble grand left guard. The visit-
ing members took luncheon at the
Portland restaurant, and at 10:30
dinner was served at the Hotel Es-

Congregational Church

Services Sundays at corner of Main &
2nd. Sunday school at 10 o'clock, and
Worship and sermon at 11 o'clock. Ev-
erybody will be heartily welcomed.

Save the Map

Some weeks ago the Oregon Wa-
ter Power Townsite company print-
ed with its advertisement in THE
NEWS a map showing the O. W. P.
& Ry. Co's lines. Not only that but
the map shows the country surround-
ing Portland. The map is handy
and convenient, and as well as being
a good advertisement, it is a useful
reference map. It will again be run
a limited number of times, and those
who want it as a reference should
lay it away where it will keep.

**Beautifying the Estacada
Hotel Grounds**

A great change is to be made in
the appearance of the lawn and sur-
roundings of the Hotel Estacada.
W. P. Keady, who has charge of
the work, has laid out plans for ex-
tensive improvements in the looks
of the hotel square. The hotel has
a beautiful white clove lawn, but
the balance of the square is to be
made into lawn with ornamental
shrubbery. A row of evergreens
is to extend around the inside of the
block. The space across the track
is to be cleaned, planted to grass,
shrubbery and trees. Mr. Brown,
who has the park work in charge,
has not made known his plans for
this season's park improvements.

**Estacada Must Have Better
School Facilities**

One of the first things the city
council will be obliged to do will be
to provide better school facilities for
Estacada. A new and better school
is about necessary. The building
in which school is conducted now
has about served its purpose, and
the town has outgrown its accom-
modations. It is only reasonable to
suppose that one year from now the
present number of school children
in the town will be doubled. It is
therefore, necessary to provide pro-
per schools. The only way to do
this is to build a good, four room
school building. It isn't supposed
that this plan will meet with the
approval of everyone. But we must
have more and better school room,
and the future as well as the present
must be provided for, besides the
advantages offered by a good school
will induce many people to become
residents of the town who otherwise
would seek good schools elsewhere.
The town already has a whole block
for a school site. Let us have a
firstclass graded school.

We find our old quarters

much too small to meet the wants of our patrons.
