

RIOTING IS RESUMED

Chicago Police Resort to Clubs to Preserve Peace.

BUILDING TRADES ARE INVOLVED

No Prospect of Immediate Settlement and Mayor and Peace Committee Give Up Hope.

Chicago, May 27.—Rioting broke out afresh today in the teamsters' strike, and although nobody was seriously hurt, there were a number of vicious fights in the lumber district, during which the police were compelled to use their clubs, and in one instance revolvers, in order to disperse the mob.

The strike today spread in a small degree throughout the building trades. There were a number of instances where woodworkers refused to receive the material delivered by non-union teamsters and walked out. This move in every instance was made by the men as individuals only. No official action was taken by any of the trades unions looking to the active sympathetic support of the teamsters' strike. Several of the labor leaders in the ranks of the material trades have declared within the last 24 hours that there is no prospect in their opinion, of any complete tie up of the building trades by a strike of the men.

There is no movement at present looking towards a settlement of the strike. Mayor Dunne today for the first time since the commencement of the teamsters' strike declared that he knew of no contemplated plans for peace. The mayor talked as though he had abandoned hopes of a settlement. Dever, chairman of the City Council Peace committee, appointed a week ago, said tonight that he had practically ceased work, as the committees could see no avenue in the controversy looking toward an adjustment of the differences between the teamsters and the employers.

Chinese Did Not Understand.

Chefoo, May 29.—W. W. Rockhill, who succeeded Mr. Conger as American minister at Peking, arrived here today, en route to Taku. Minister Rockhill stated that he was informed, at a conference with Chinese at Shanghai, that it developed that the stories given wide circulation by the Oriental press, to the effect that the Chinese were contemplating a boycott on American goods as a retaliation for contemplated American legislation against Chinese immigration, were the result of a misunderstanding.

Trenton, N. J., May 30.—H. J. Stone, H. C. Quintard, Charles W. Russ and James Russ, of the Nonpareil Cork works, of Camden, N. J., tried on a charge of conspiracy, were acquitted tonight. They were accused of placing iron in life preservers.

RUSSIAN FLEET ANNIHILATED

Long Expected Battle in Far East a Victory for Japs.

Tokio, May 29.—It is officially announced that Admiral Rojestvensky's fleet has been practically annihilated. Twelve warships have been sunk or captured and two transports and two torpedo boat destroyers have been sunk.

London, May 29.—No details of the fighting between the hostile fleets have been received here as yet and none are likely to be until one of the Russian ships reaches a neutral port or the Japanese government releases the censorship on messages from Tokio. This latter is not likely until the fight is over.

Only the barest bulletins are printed in the morning papers here, but they all point to a sweeping Japanese victory. In fact, the correspondent of the London Mail at Tokio, who is generally most conservative, makes the bold statements that the Russian Baltic fleet as a fighting force has been completely wiped out, that some of its best vessels are sunk, others are prizes of war, and the remainder fleeing before the Japanese vessels. He adds no details, which is not surprising, inasmuch as the censor apparently got in his work on his message, which reached this city unfinished.

Just what has taken place is hard to say, but the naval experts think that Togo attacked the Russians Sunday morning with his destroyers, which have already scored heavily in the past, and then he followed up the fighting with his whole fleet.

END NOT IN SIGHT.

Chicago Labor Unions All Planning for a Long Struggle.

Chicago, May 30.—Nothing developed today that would indicate an immediate settlement of the teamsters' strike, which has been in progress for nearly two months. That the labor unions are of the belief that the fight will be a long one was demonstrated at the meeting of the Chicago Federation of Labor today, when arrangements were made for holding a strike demonstration July 5. According to the present plans it is the intention to hold a monster parade of the strikers and the affiliated unions unless the controversy has been ended before that date.

At the meeting today each union affiliated with the central body was represented by three delegates at the request of President Dold. The strike situation was discussed in all its details and the sentiment of the meeting was that the teamsters should continue the fight until the seven express companies should offer some sort of a compromise. The officials of the express companies are still obdurate in their declaration that no concessions need be looked for from their side, so the matter of settlement through this channel seems as remote as ever.

Russians to Enter Mongolia.

Paris, May 29.—The Temps this afternoon publishes a dispatch from St. Petersburg saying that the foreign ministry announces that the Russian armies in Manchuria are preparing to enter Mongolia in order to avoid a collision with the Chinese troops, commanded by General Ma, which would provoke intervention on the part of the powers. The sole reason for the Russian operations, it was added, was to counteract threatening movements that have been made by the Japanese who are in Mongolia.

Sigsbee Will Sail About June 8.

Washington, May 23.—Orders were prepared at the Navy department today directing Rear Admiral Sigsbee, whose squadron has been selected for the trip to France to bring to the United States the remains of Paul Jones, to be ready to proceed from New York not later than June 8.
