One Year	\$1 00
Six Months	.50
If paid in advance	

JUNE 15, 1905

The \$2,000 damage suit of Wm. McDonald against Clackamas Co. for injuries received on a defective county road comes up tomorrow in district court.

June 20, 21 and 22 Oregon City will be the camping grounds of the Grand Army of the Republic, the Women's Relief Corps and ladies of the G. A. R. of the Department of Oregon.

The cruisers Boston and Chicago arrived in Portland today and will remain two weeks as a part of the government's exhibit at the fair. A warship is something that practically all of the fair visitors have never seen, and will be an interesting feature to see.

The Lewis and Clark Exposition is a dream of loveliness in its June time dress of verdure and flowers. Roses run riot, perfuming the air; the grass is gloriously green and the big fir trees in Centennial park, in the western part of the grounds add a touch of the real forest to the Forestry building, and everywhere are flowers and shrubs in profusion.

One of the best newspapers in the United States, when it was announced that Governor Herrick was to receive \$150,000 a year as the head of the Equitable, went up into the air and said that no man could earn that much in a year. The same paper has no objections to the conditions that give Carnegie, Rockefeller, Morgan and their kind such fabulous incomes. Consistency!

Monday, B. O. Boswell started for Rossland, B. C. near where he will superintend the construction of a 200 mile line of electric transmission wire which will transmit power to operate a large smelter at Greenwood, also several mines along the line. The construction work will include clearing a 100 foot right-of-way for the line through a rough, timbered country. It will take 18 months to complete the work. The line is for the West Kootenay Power & Light Company for whom Mr. Boswell has built several other lines in the same country. His departure has been rather sudden but Mr. Boswell received a couple urgent messages asking him to come at once. His absence will necessitate another appointment on the board of Councilmen. Mrs. Boswell will remain at their pleasant home here, but expects to make a visit north next year.

Deering mowers is the subject in the Cary Cash Hardware ad.

Mr. and Mrs. Charles Woodcock and family of Woodlawn were guests at F. J. Harkenrider's last Sunday.

Mrs. J. W. Reed and Mrs. H. A. Williams attended a church social given at the home of Mr. and Mrs. A. F. Campbell last Thursday for the benefit of the Luthern church in Sellwood.

Miss Mazelle Mulkey, who closed a term of school at Springwater last week, left Monday to spend a three months vacation with her people in Southern Douglas county. She will return in the fall to resume her duties at the Springwater school.

W. A. Heylman's new bank building is nearing completion. It is to be plastered throughout with hard finish. On the first floor are the banking room and vault, a law office and two private consultation rooms. The second floor contains four pleasant rooms that can be used for office purposes or as living apartments.

Mrs. A. F. Shultz opened her new ice cream and confectionary parlor for business last Sunday, and many Estacadans enjoyed ice cream and pleasant drinks from the new place of business. Mrs. Shultz has a very neat and pleasant refreshment resort. In addition to refreshments she will serve hot coffee and light lunches.

James Johns and W. S. Henninger have decided not to go into business in Estacada. This decision was arrived at the first of this week. They will go to Echo and establish a bank at that place, and engage in other lines of business. They expect to move from here next week. What effect their withdrawal from this field will have on the Estacada Banking Company is not known.

SPRINGWATER GOSSIP

Grain is looking fine. Early cherries are ripe, and the robins are doing justice to the occasion.

Albert Smith of Astoria spent last Sunday and Monday with his parents here. Print Hall and Earl Shibley are working on the Lewellen wind mill.

Thirtyeight visitors attended the closing exercises at the school Friday. Among the most enthusiastically received was a prophecy of the changes that will have taken place in Springwater 15 years hence.

An entertainment and ice cream social will be given at the Grange hall Saturday eve. June 24. Every one COME. Mame Shannon and brother Welsey of Denver and Mrs. Bertha Geisy are visiting their father. Merchant Lewellen and wife went to the city Wed. to visit the Fair until Sunday.

Dellah Guttridge is getting to be quite an expert with the gun having killed twelve robins Tuesday. Ed. Closner, the road boss, has a crew at work on the Springwater-Estacada road. Uncle Billie Samson was out from Oregon City Tuesday putting up 4th of July posters.
