The social and ice cream and luncheon party given by the Rebekah lodge Monday evening was a very pleasant occasion. The people from out of town turned out well. The evening was spent with card games and refreshments. The purpose of the social was to raise money with which to buy an organ for the lodge rooms. About \$15 was taken in, and everyone present thought their good time worth twice what it cost them. The cakes and cream were delicious, and it is hoped another such party will soon take place.

How the Business of the World Is Conducted

A mortgage for \$10,000,000 given by the Portland General Electric Co in favor of the U. S. Mortgage Trust Co. of New York, was filed in the county recorder's office last Thursday. It covers all the property of the company in this and Multnomah counties, including the Willamette Falls power plant at Oregon City, and surrounding real property; also the power plant in North Portland, the Alder street property, etc. The franchises already acquired are like wise embraced in the mortgage.

The duration of the instrument is 30 years, and it provides for the immediate issuance of \$4,000,000 in bonds and to issue bonds to the amount of \$6,000,000 later on from time to time as may be required as additional plants and franchises are acquired or improvements need to be made. There is also a provision that \$2,500,000 bonds held by the Central Trust Co. of New York are to be redeemed. The document is perhaps the largest ever put on record here, and covers about 100 printed pages.

Senator John H. Mitchell Sentenced to Six Months in Jail and to Pay \$1,000 Fine

Senator Mitchell one of the oldest and most respected members of the United States senate has been given a sentence of six months and a fine of \$1,000. The law should have no partiality for persons, but it has, because it is administered by human agencies. Mitchell's punishment is severe, and yet it is light. Few there are who thought Mr. Mitchell would receive such a strong sentence. It will be nearly a year before it is known if the conviction and punishment will stand, for the speed of the law is made slow by professional pettifogging. The appeal to the U. S. Supreme Court is based principally on the constitution which says that a U. S. senator is not subject to arrest while in office except for treason or felony.
