

My Hair is Extra Long

Feed your hair; nourish it; give it something to live on. Then it will stop falling, and will grow long and heavy. Ayer's Hair Vigor is the only hair-food you can buy. For 60 years it has been doing just what we claim it will do. It will not disappoint you.

"My hair used to be very short. But after using Ayer's Hair Vigor a short time it began to grow, and now it is fourteen inches long. This seems a splendid result to me after being almost without any hair."—Mrs. J. H. FIFER, Colorado Springs, Colo.

A Western paper tells of a confused clerk who, asked by a young lady for a certain number of yards of muslin, looked at the cloth for a minute, meanwhile fumbling for the end. Finally he said disgustedly, "Dick must have sold both ends of this; yes, I'm sure he did." And with that he pushed his shears across the piece, and from the end thus made sold the quantity desired.

OLD SORES OFFENSIVE-DANGEROUS

Nothing is more offensive than an old sore that refuses to heal. Patiently, day after day, it is treated and nursed, every salve, powder, etc., that is heard of is tried, but does no good, until the very sight of it grows offensive to the sufferer and he becomes disgusted and morbid. They are not only offensive, but dangerous, because the same germ that produces cancerous ulcers is back of every old sore. The cause is in the blood and as long as it remains the sore will be there and continue to grow worse and more destructive. The fact that thousands of old sores have been cut out and even the bones scraped, and yet they returned, is indisputable evidence that the blood is diseased and responsible for the sore or ulcer.

Valuable time is lost in experimenting with external treatments, such as salves, powders, washes, etc., because the germs and poisons in the blood must be removed before a cure can be effected. S. S. S. cleanses and purifies the circulation so that it carries rich, new blood to the parts and the

sore or ulcer heals permanently. S. S. S. not only removes the germs and poisons, but strengthens the blood and builds up the entire system by stimulating the organs, increasing the appetite and giving energy to the weak, wasted constitution. It is an exhilarating tonic, aids the digestion and puts every part of the body in good healthy condition. Book on the blood, with any medical advice wished, without charge.
