SEPT. 7, 1905

If a town affords a good and ready market for anything and everything the farmers have to sell it, in time, becomes the farmers' mecca, and is greatly benefited thereby. It has been suggested that Estacada should make more of an effort to secure the farmers' selling and buying trade. And this should be done. Farmers go where they find the best market for what they have to sell. With its firstclass shipping facilities this should be a fine point for a firm that would take all and everything the farmer has to sell. We must buy what the farmer has, and then we can sell to him. The city should work together in this matter and, if possible, establish such a market as is suggest, and our zone of influence and trade will rapidly extend.

The city council transacted business Tuesday evening. An ordinance providing for the collection of road and poll taxes was passed. Also, an ordinance granting a 30-year franchise to the Estacada Brick & Tile Co. to build and operate a railway on Shafford, Ninth and Wade streets. The petition of W. A. Cunningham for a saloon license was granted. Some discussion was had about the sewer and sidewalk questions.

Japan is one of the first powers of the World. Had she lost as much as Russia has her plight would be terrible indeed.

The Pacific Coast is never visited by the dreaded diseases—cholera and yellow fever.

Estacada Is an Open Market

It has been said that the impression prevails in some parts of the farming community that farmers are not permitted to sell their vegetable and fruit produce in Estacada without paying a license established by a city ordinance. There is no such ordinance, and no farmer is asked to pay a license for the privilege of selling his produce within the city. Every day farmers are in town selling stuff to the people. Someone must have got Estacada confused with Portland.

Manager Belknap of the Estacada Brick & Tile Co. met with an accident last week. He was riding a horse down a hill when the animal stumbled throwing him violently to the ground. He received a severe sprain of the right wrist. The injury gives him much pain, though

the accident might have been worse.

MRS. M. C. PORTER

Mrs. Porter who has been living with her son, W. W. Porter, died, Tuesday, after an illness of several weeks. The funeral takes place today at Mt. Zion cemetery. Mrs. Porter has lived here several years and was well thought of. The sorrowing relatives have the sympathy of all.

A. F. Shultz & Sons, Estacada's leading gents' furnishing goods dealers, have moved their goods from Oddfellows' hall over into their fine new store at the corner of 1st and Main streets. They are busy arranging the goods on the shelves, but have time to show, and sell you goods at prices that will cause you to "come again."

Ladies looking for a bargain in tinware, read Cary's ad.

Mrs. Crane has received her new fall stock of millinery goods.

Mrs. English and son and Miss Short were guests of Mr. and Mrs. L. C. Possen last week.

Hans Tracey killed a beautiful five point deer up the creek. R. A. Stratton secured the antlers and is having them mounted.

Lichthorn-Sagner Marriage

Baker G. H. Lichthorn who runs the Estacada Bakery has taken unto himself a bride. Last Sunday he went to Portland and met Miss Emma Sagner who has just arrived from Bresleau, Germany. They were married on Sept. 5th, at the Hotel Zur Rheinpfalz, and arrived home in the evening. The News, with many friends, extends best wishes to Mr. and Mrs. Lichthorn.

Work at the Brick Plant

Work of construction on the Estacada Brick & Tile Company's new brick factory is progressing as rapidly as is possible. The foundation for the large dry shed is completed, though work on the shed has been delayed some because of having to wait for timbers. The millwright work is being done in the main factory. This building is three story with three rooms, the boiler room 20x34, the engine room 16x34 and the press room 20x34, on the ground floor. The concrete basements for the dry pan and the four mould dry press are finished. Millwrights U. O. Hickel and Eugene Johnson are doing the inside work. The plant is to be equipped with a Four mould Chisholm, Boyd & White Dry Press a nine foot dry pan and a fine automatic clay mixer, besides the numerous sieves and other apparatus. All the work is under the supervision of Mr. Charles Smith, who has been building brick plants and making bricks all his lifetime. Mr. Smith built a \$300,000.00 factory at Salt Lake, and factories at various other places. He is expert authority on the manufacturing of brick and other clay products. Mr. Smith and wife expect to remain in Estacada permanently.
