Fire at Hotel Estacada

A Small Blaze Starts, but is
Soon Extinguished.

The fire department was called
out at 1 o'clock last Monday morn-
ing to put out a fire in Hotel Esta-
cada. Manager Martinez, who had
occasion to be up at that hour, dis-
covered the fire, aroused all occu-
pants of the house and gave the al-
arm. The fire company responded
at once. The bottom of the floor
round the fire place had caught fire
and had been smouldering for some
time filling the hotel with smoke.
After considerable work with axes
a hole was cut through and water
turned on the blaze from underneath
the floor and the fire soon exting-
uished. A few hundred dollars
will cover the damage to the build-
ing which is fully insured. Messrs
Morris and Keady were out Mon-
day to see the effects of the fire.
Business at the hotel is not inter-
rupted.

Bridge Across River Needs Repairs

North Approach to the Bridge
at Estacada is in Danger-
ous Condition.

It is two years since first the at-
tention of the board of county com-
missioners was called to the fact
that the bridge spanning the Clack-
amas river at Estacada was in an
unsafe condition for public travel to
pass over it. The earth sills and
underpinning to the North approach
are rotten and should be replaced.
The long rain has hastened the cli-
max and last Tuesday the bridge
began to settle.

A small sum of money would be
sufficient to put the bridge in good
shape again, and the repair should
be done at once, or someone is li-
able to get injured if not killed.
