## SORES THAT DO NOT HEAL

Whenever a sore or ulcer does not heal, no matter on what part of the body it may be, it is because of a poisoned condition of the blood. This poison may be the remains of some constitutional trouble; the effect of a long spell of sickness, which has left this vital stream polluted and weak, or because the natural refuse matter of the body, which should pass off through the channels of nature, has been left in the system and absorbed into the circulation. It does not matter how the poison became intrenched in the blood, the fact that the sore is there and does not heal is evidence of a deep, underlying cause. There is nothing that causes more discomfort, worry and anxiety than a festering, discharging old sore that resists treatment. The very sight of it is abhorrent and suggests pollution and disease; besides the time and attention required to keep it clean and free from other infection. As it lingers, slowly eating deeper into the surrounding flesh, the sufferer grows morbidly anxious, fearing it may be cancerous. Some sufferer grows morbidly anxious, fearing it may be cancerous. Some of those afflicted with an old sore or

I have had a crippled foot all my life, which compelled me to use a brace. By some unaccountable means this brace caused a bad Ulcer on my leg, about six years ago. I had good medical attention, but the Ulcer got worse. I was induced to try S. S., and am glad to say it cured me entirely, and I am convinced that it saved my leg for me. I have, therefore, great faith in S. S. S. and gladly recommend it to all needing a reliable blood medicine.

Bristol, Va.-Tenn. W. J. CATE. ulcer know how useless it is to expect a cure from salves, powders, lo-tions and other external treatment. Through the use of these they have seen the place begin to heal and scab over, and were congratulating them-selves that they would soon be rid of the detestable thing, when a fresh supply of poison from the blood

would cause the inflammation and old discharge to return and the sore would be as bad or worse than before. Sores that do not heal are not due to outside causes; if they were, external treatment would cure them. They are kept open because the blood is steeped in poison, which finds an outlet through these places. While young people, and even children, sometimes suffer with non-healing sores, those most usually afflicted are persons past middle life. Often, with them, a wart or mole on the face inflames and be gins to ulcerate from a little rough handling; or a deep, offensive ulcer develops from a slight cut or bruise. Their vital energies and powers of resistance have grown less, and circulation weaker, and perhaps some taint in the blood, which was held in check by their stronger constitutions of early life, shows itself. It is well to be sus-

picious of any sore that does not heal readily, because the same germ that produces Cancer is back of every old sore and only needs to be left in the circulation to produce this fatal disease. There is only one way to cure these old sores and ulcers, and that is to get every

particle of the poison out of the blood. For this purpose nothing equals S. S. S. It goes down to the very bottom of the trouble, cleanses the blood and makes a permanent cure. S. S. S. enriches and freshens the circulation so that it carries new, strong blood to the diseased parts and allows the place to heal naturally. When this is done the discharge ceases, the sore scabs over and fills in with healthy flesh, and the skin regains its natural color.

K C Baking Powder.

A popular and efficient baking powder requires two things-first, that the food made with it shall be absolutely wholesome; second, that it shall be sold at a reasonable price.

K C Baking Powder, made by the Jacques Mfg. Company, of Chicego, is best example of such a baking powder at present on the market. K C is sold everywhere under a \$500,000 guarantee of its healthfulness and purity. Its price, one cent an ounce, is most reasonable for a high-grade bak-ing powder, and millions of pounds of K C have been sold at this figure all over the country.
