

E-GOVERNOR OF OREGON

Makes Use of His Family Pe-ru-na in For Colds

CAPITOL BUILDING, SALEM, OREGON

Peruna is known from the Atlantic to the Pacific. Letters of congratulation and commendation testifying to the merits of Peruna as a catarrh remedy are pouring in from every state in the Union. Dr. Hartman is receiving hundreds of such letters daily. All classes write these letters, from the highest to the lowest.

The outdoor laborer, the indoor artisan, the clerk, the editor, the statesman, the teacher—all agree that Peruna is the catarrh remedy of the age. The stage and rostrum, recognizing catarrh as their greatest enemy, are especially enthusiastic in their praise and testimony.

Any man who wishes perfect health must be entirely free from catarrh. Catarrh is well nigh universal. Peruna is the best safeguard known.

Ask Your Druggist for Free Peruna Almanac for 1906.

A Letter from the Ex-Governor of Oregon

The ex-governor of Oregon is an ardent admirer of Peruna. He keeps it continually in the house. In a letter to Dr. Hartman, he says:

State of Oregon, Executive Department, The Peruna Medicine Co., Columbus, O.

Dear Sirs—I have had occasion to use your Peruna medicine in my family for colds, and it proved to be an excellent remedy. I have not had occasion to use it for other ailments.

Yours very truly, W. M. Lord.

It will be noticed that the governor says he has not had occasion to use Peruna for other ailments. The reason for this is, most other ailments begin with a cold.

OREGON STATE ITEMS OF INTEREST

JACKSON TO FRONT.

Stands as Second County in Oregon in Assessed Wealth.

Salem—Jackson county has sprung to second place among the counties of Oregon in taxable wealth. Marion county, which has for many years occupied second place, has dropped to fifth place, and perhaps lower. Not all the assessment returns have been received yet, but it is almost certain that at least three counties have stepped above Marion in assessed valuation.

Multnomah county, of course, is still first, her assessment for 1906 not yet being definitely known. Jackson will come second with a valuation of over \$12,000,000.

Washington probably third with \$10,660,000, Umatilla probably fourth with \$10,165,000, and Marion probably fifth with \$9,824,000. There are a number of wealthy counties yet to report, among them being Lane, Linn and Clackamas, any of which may surpass Marion and put that county still further down the list.

Jackson county's assessment this year shows an increase of about 200 per cent for last year the assessment was only \$4,650,000.

NO DELAY ON KLAMATH.

Bids Will Soon Be Called for Two More Sections of Ditch.

Klamath Falls—Unofficial announcement comes from the officials of the Reclamation service here that the government is not going to cause any delay in completing the great irrigation project for Klamath basin.

A few weeks ago it thought, and in fact, announced unofficially, that the government was not going to rush work on any of the Klamath projects very rapidly, save the first section, for which the bids for construction are to be opened in San Francisco December 29.

This was said to be the wish of the officials, because it would not throw a large proportion of the surplus lands on the market at one time and thereby cause any glut in the land market, and would give private owners a better opportunity to realize the worth of their lands. Now the announcement that bids will be called for immediately after the opening of the bids for the first section for two more sections of ditch is evidence that Uncle Sam expects to lose no time in completing this great irrigation project. Just as soon as the other bids are opened bids will be called for these two second sections, and work will be commenced on them early in the spring.

Chautauqua Wants LaFollette.

Oregon City—Secretary Harvey E. Cross, of the Willamette Valley Chautauqua association, has gone to San Francisco where he will attend the annual meeting of delegates representing the various Pacific coast assemblies, when plans will be arranged for the cooperation of these associations in the holding of this year's Chautauqua assemblies. While the probable talent that will be engaged for this year's meetings has not been determined, it is understood that the effort to procure the services of Senator LaFollette, of Wisconsin, will be renewed this year. An unsuccessful attempt was made last year to engage this national celebrity.

Big Timber Tract Sold.

Medford—A deal has been consummated whereby C. C. Beckman, of Jacksonville, sold a timber tract of 1,640 acres on Butte creek, in Jackson county, to J. C. Dudley, of Michigan, the consideration being \$25,000. This tract is on the proposed Medford & Crater Lake railroad, which is now completed to Eagle Point, about 20 miles from the timber in question. There are other persons here now negotiating for the vast timber tracts that will be opened up by the Crater Lake railroad.

Violate Factory Laws.

Salem—Labor Commissioner Hoff has returned from a five weeks' tour of inspection of the mills and factories in Jackson, Coos, Josephine and parts of Lane and Douglas counties. During his absence he visited 146 mills and factories and in most of them he found exposed shafts and parts of machines which are a menace to life and limb as long as they are neglected.

Polk Land is Active.

Independence—A. M. Bosley, of Missouri, has brought 145 acres of farm land west of Monmouth for \$3,000, and will make his home at that place. The Hill estate has sold 12 acres of land just west of town to M. Mix at \$110 per acre. R. J. Taylor has purchased the J. B. Johnson property in this place, has purchased property at St. Johns, Ore., and moved his family there.

Wallows Bridged.

Elgin—Word has been received in this city that the temporary bridge across the Wallows has been completed. In the near future the new steel structure will be under headway, to unite permanently Union and Wallows counties. This will be built about 700 or 800 feet above the old site, as the O. R. & N. Co. gave \$1,500 for this change. The company's surveyed right of way interferes at the old site. The old bridge collapsed while cattle were being driven across last summer.

Ontario Values Advancing.

Ontario—David Wilson denies the truth of the report that he has sold his townsite property to J. P. Howard, of Sumpter, and he says further that he has no intention of disposing of the property at present. Howard had an option on \$30,000 for the property but the option has expired. Mr. Wilson's agents report that within the last month he has sold lots in the townsite to the value of \$13,000, and has contracts for \$16,000 in addition.

GRAZING PERMITS ISSUED.

Chief Ranger O'Brien Has a Difficult Task in Making Allotments.

Elgin—To issue 250 grazing permits to stockmen and sheepmen, whose combined herds number 280,000 sheep and 15,000 head of cattle, was the task that confronted Chief Ranger Howard O'Brien at Wallows recently. The irreconcilable differences between these two opposing interests from time immemorial, made it a difficult task. The permits are for the Wallows and Chenimnus reserves. The grazing privilege accorded is good for the season, which lasts from three to six months, depending upon the climate. For this privilege the government collects from 5 to 8 cents on each sheep and from 20 to 35 cents on each head of cattle, more than \$20,000 in all.

A vast amount of work is involved in selecting these grazing lands. Not only must the chief ranger know which lands are suitable for sheep and which will best meet the wants of the cattlemen, but he must know the amount of land each owner will require. Boundaries must be marked, and various other details make the task anything but an easy one.

Booth-Kelly Sells Land.

Elgin—It has been reported here that a big land deal has been made whereby the Booth-Kelly Lumber company will part with the Oregon Central military wagon road grant, which comprises in the neighborhood of 1,000,000 acres and extends from the Willamette valley to the eastern borders of the state. The local officers of the company do not deny that such a sale is being negotiated, but say that no sale has been made. The names of the prospective purchasers are not given out, but it is known that they are heavy capitalists in New York.

Enlarge Forest Reserves.

Wallows—Although stockmen of Eastern Oregon who formerly used the grounds now comprised in the Wallows and Chenimnus forest reserves as free grazing lands during the summer season, were opposed to the reserves when first announced, they are now asking for their extension. There is a large area to the north and east of the Chenimnus reserve and extending down to the Snake river that the stockmen wish to have included in that reserve. Petitions are now being circulated for the purpose.

Irrigate Sugar Beet Land.

Elgin—The Grand Ronde Electric company is contemplating the installation of a \$16,000 pumping plant on the Grand Ronde river, near Imbler, which will place about 7,000 acres under irrigation. The contemplated plant will consist of a 200-horse power electric motor and pump, which will force a uniform flow of 200 inches of water during the irrigating season. The sub-irrigation and rainfall in this part of the valley are not of sufficient force to make the sugar beet industry a decided success.

War on San Jose Scale.

Salem—Fruit Inspector Armstrong has inaugurated a vigorous war on the San Jose scale, which threatens the destruction of most of the fruit and shade trees in this county. The mountain ash, of which tree many have been set out as shade trees in this city, seems to be the most affected. Many residents have promptly cut down and destroyed the trees upon receiving notice from the inspector. Those who fail to heed the warning given will be prosecuted.

Two Railroads for Wallows.

Enterprise—While the Wallows Valley people are rejoicing over the announcement of the extension of the O. R. & N. to Enterprise there comes the possibility of the county getting another railroad in the north end. Rogers Bros., of Astoria, are surveying a route up the Grand Ronde, with the intention of building an electric road from their townsite on the Snake. This will take a very fertile farming country.

PORTLAND MARKETS.

Wheat—Club, 69@70c per bushel; bluestem, 71@72c; valley, 73c; red, 65@66c.

Oats—No. 1 white feed, \$25.50; gray, \$26.50 per ton.

Barley—Feed, \$22 per ton; brewing, \$22@22.50; rolled, \$23@23.50.

Rye—\$1.60@1.60 per cental.

Hay—Eastern Oregon timothy, \$14.50@15.50 per ton; valley timothy, \$11@12; clover, \$8@9; cheat, \$7.50@9; grain hay, \$8@9.

Fruit—Apples, \$1@1.50 per box; huckleberries, 7c per pound; pears, \$1.25@1.50 per box; quinces, \$1 per box.

Vegetables—Beans, 12c per pound; cabbage, 1@1.15c per pound; cauliflower, \$1.75@2.25 per crate; celery, 75c per dozen; cucumbers, 50@60c per dozen; pumpkins, 1/2@1c per pound; tomatoes, \$1@1.25c per crate; sprouts, 7c per pound; squash, 1/2@1c per pound; turnips, 90c@1 per sack; carrots, 65@75c per sack; beets, 85c@1 per sack.

Onions—Oregon yellow Danvers, \$1.25 per sack.

Potatoes—Fancy graded Burbanks, 65@75c per sack; ordinary, 55@60c; Merced sweets, sacks, \$1.90; crates, \$2.15.

Butter—Fancy creamery, 25@27 1/2c per pound.

Eggs—Oregon ranch, 35c per dozen.

Poultry—Average old hens, 10c per pound; young roosters, 9c; springs, 10@10 1/2c; dressed chickens, 12@14c; turkeys, live, 15c; turkeys, dressed, 18@20c; geese, live, 9c; ducks, 14@15c.

Hops—Oregon, 1905, choice, 10@11 1/2c per pound; olds, 5@7c.

Wool—Eastern Oregon average best, 16@21c per pound; valley, 24@26c; mohair, choice, 30c.

Beef—Dressed bulls, 1@2c per pound; cows, 3@4; country steers, 4@5 1/2c.

Veal—Dressed, 3@7 1/2c per pound.

Mutton—Dressed, fancy, 7@7 1/2c per pound; ordinary, 4@5c; lambs, 7 1/2@8c.

Pork—Dressed, 6@7c per pound.

A Natural Remedy.

That the remedy is sometimes worse than the disease is again shown by an incident chronicled in the New York Times. A prominent politician has a wife who is a model of domestic carelessness. She has a talent for making bread, and takes great pride in having her loaves turn out well.

One evening she had set the batch of dough to rise in the kitchen and was reading in the parlor, when her 6-year-old boy came running to her, crying, "Mamma, mamma, there's a mouse jumped into your bread-pan!"

The good woman sprang from her seat. "Did you take him out?" she asked, frantically.

"No, but I don't just as good. I threw the cat in, and she's fighting after him to beat the band!"

Submarine Cables.

There are 376 submarine cables in the world, the length of which amount to 178,919 miles. Most of these belong to private parties, only 25,000 miles being owned by the various governments. All, however, bring daily orders from every land on the globe, for Pillsbury's Vitos, the all-day food.

Beggars in London.

It is calculated that 4,000 persons make a living in London by begging and that their average income amounts to over \$1,500,000 a year. Last year 1,925 persons were arrested for begging in the streets, of whom more than 1,500 were sentenced to terms of imprisonment varying from one week to three months. Many of these objects of charity were found in possession of sums of money and even bank books showing very handsome deposits.

Beware of Ointments for Catarrh that Contain Mercury.

Mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is tenfold should you ever possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by Druggists, Price 75c per bottle. Hall's Family Pills are the best.

Lucky Ghost.

And it came to pass that the Hamlet troupe was stranded at a water tank twenty miles from the nearest farmhouse. A roving tramp crept out of the shadows and, approaching the leading man, said in a voice, "Mister, are you really Hamlet?"

"Yes," replied the barnstormer, "but I wish I was the ghost."

"Why so?"

"Ghosts don't get hungry."—Columbus Dispatch.

Mr. Jawback Wins.

Mr. Jawback—I'm going to get a life insurance policy.

Mrs. Jawback—You're foolish. It's all a graft.

Mr. Jawback—But what would you do if I'd die?

Mrs. Jawback—Marry again, of course.

Mr. Jawback—You couldn't if my life hadn't been insured for a good, big sum.—Cleveland Leader.

Motherly Remedy.

Mother's Remedy for Children's Coughs. Mothers will find Mrs. Winslow's Soothing Syrup the best remedy to use for their children during the teething period.

Day to Be Remembered.

"I dread to think of my thirtieth birthday," began Miss Passy.

"Yes," replied Miss Pert, "something dreadful must have happened to you then or you wouldn't remember it this long."—Philadelphia Ledger.

A New One Needed.

Mr. Nagget—A man is as old as he feels, they say, and I assure you your extravagant ideas make me feel!

Mrs. Nagget—And a woman is as old as she looks. But, thank goodness, I can never be as old as this bonnet of nine looks.—Philadelphia Press.

According to Instructions.

A British officer, in his expense list on government service, put down: "Porter, twopenny."

The officer was requested to report to the war office and receive the following explanation: "While executing public duty refreshments are not chargeable to the nation."

"The item does not represent refreshments," replied the officer, "but a fee to a carrier."

"You should have said porterage," was then explained to him.

When the officer had occasion to take a hansom, remembering instructions, he wrote in his account: "Cabbage, 2 shillings."—Philadelphia Public Ledger.

Cable Tolls to Japan.

It costs \$1.76 a word to send a message to Japan, and, with war raging in the Far East, the cable tolls for war news are something tremendous. But as the people will have the war news in connection with their morning dish of Pillsbury's Vitos, the cables are kept busy day and night.

Wants a Holiday.

Mamma—So you want to give your dear teacher a present?

Tommy—Yes, ma; I'd like to give her some of that cheap candy like I had the other day.

"Why, Tommy, that was what made you ill."

"Yes, ma; I know it was."—Chicago Journal.

Fooling Hubby.

"Let me show you the new novel for married ladies," confided the clerk in the book store.

"Novel!" echoed the prospective customer.

"No, it is a dashing, breezy novel with a cookbook cover. You see, when your husband walks in and finds you reading what's apparently a cookbook he will feel so tickled he is liable to hand over the price of a new fall hat."

More Converts Every Year

Every day in every year that comes, more housewives are giving up their expensive priced Baking Powders and turning to K.C., the honest and reliable, which has stood so well the test of years. They are finding out that

K.C. BAKING POWDER

costs one-third the price of powder anywhere near K.C. quality, and makes better, purer, more healthful baking. 25 ounces for 25c.

Send postal for "Book of Presents."

JAQUES MFG. CO.
Chicago, Ill.

It Was No Use.

Dick—Come on and go down the street with me, Jack.

Jack—All right, old man—wait till I finish this letter to my dad.

Dick—Oh, if you're writing to him, don't come. I'm broke, too.—Cleveland Leader.

Christian Science.

In the United States there are about 400 Christian Science churches, with about 100,000 adherents. According to Mrs. Eddy, its founder, the church is making tremendous strides in popularity, in which respect it resembles Pillsbury's Vitos, the popular cereal food.

Lincoln's Hay Crop.

The stories that Kansas newspapers are now printing of the big corn crop recalls Lincoln's story of the big hay crop in southern Illinois. "What," inquired a visitor, "do you do with such a big crop of hay?" "We stack all we can on the ground," replied the veteran stork; "and the rest we put in the barn."—Detroit News.

Stiff and Sore

from head to foot? Can't work today, but tomorrow you can, as the Old-Monk-Cure

St. Jacobs Oil

will soften and heal the muscles while you sleep.

It Conquers Pain

Price, 25c and 50c.

Business College

Park and Washington, Portland, Oregon

"The School of Quality"

A. P. Armstrong, LL. B., Principal

Thousands of graduates in positions: hundreds placed each year; more calls for help than we can meet—it pays to attend our school; largest, most modern, best equipped. Departments: Business, Shorthand, Typewriting, Penmanship, English. Open all the year. Catalogue, penwork free. Call, telephone or write.

Malleable Iron Stump Pullers

Patent, lightest and strongest stump puller on the market. 11/2 Horse power on the sweep with two horses. Write for descriptive catalog and prices.

Color more goods brighter and faster colors than any other dye. One 10c package colors silk, wool and cotton equally well and is guaranteed to give perfect results. Ask dealer, or we will send postal paid at 10c a package. Write for free booklet how to dye, bleach and mix colors. MONROE DRUG CO., Unionville, Missouri.

BLOOD POISON THE BLACK FLAG

The black flag is an emblem of horror and dread. When it is hoisted by an army, the order has gone forth that "no quarter" will be given, everything must be destroyed. Helpless women and children, as well as opposing soldiers, meet the same fate, and a trail of desolation, suffering and death is left behind. Contagious Blood Poison is the black flag of the great army of disease. This vile disorder is known as the blackest and most hideous of all human afflictions, overthrowing its victims and crushing out the life. It is no respecter of persons; no matter how pure the blood may be or how innocently the disease is contracted, when this awful virus enters the circulation the hideous, hateful and humiliating symptoms begin to appear, and the sufferer feels that his very presence is polluting and contaminating. Usually the first sign of the disease is a little sore or ulcer, but as the blood becomes more deeply poisoned the severer symptoms are manifested, the mouth and throat ulcerate, the glands in the groins swell, a red rash breaks out on the body, the hair and eyebrows come out, and often the body is covered with copper-colored spots, pustular eruptions and sores. In its worst stages the disease affects the nerves, attacks the bones and sometimes causes tumors to form on the brain, producing insanity and death. Not only those who contract the poison suffer, but unless the virus is driven from the blood the awful taint is handed down to offspring, and they are its innocent victims. Blood Poison is indeed a "black flag." Mercury and Potash, so often used, never can cure the trouble. These minerals merely drive the symptoms away for awhile and shut the disease up in the system, and when they are left off it returns worse than before. This treatment not only fails to cure blood poison but eats out the delicate lining of the stomach and bowels, produces chronic dyspepsia, loosens the teeth and frequently causes mercurial rheumatism to add to the patient's suffering. S. S. S., the great vegetable medicine, is the conqueror of this vile disease. It goes down to the very root of the trouble and cures by cleansing the blood of every particle of the poison. S. S. S. does not hide or cover up anything but clears the entire circulation of the virus and puts the system in good healthy condition. It cures safely as well as certainly, because there is not a particle of mineral in it. We offer a reward of \$1,000.00 for proof that S. S. S. is not purely vegetable. When the blood is purified and strengthened with this great remedy the symptoms all pass away and no sign of the disease is ever seen again; nor is there left the least trace to be handed down to posterity. Special book with instructions for self-treatment and any medical advice desired will be sent without charge to all who write.

S.S.S. PURELY VEGETABLE.

Several years ago I had blood poison and my flesh was in an awful condition. Great sores would break out and nothing I put on them would do any good. My hair and eyebrows fell out and I was a fright. My mouth was so sore I had to live on milk and water. I took Mercury for a long time and instead of getting better I continued to grow worse and my arms and hands became solid sores. My legs were drawn so I could not walk and I felt that my time was short here if I did not get some relief. I began to use your S. S. S., and it helped me from the start. After taking it a few days all the sores healed, my rheumatism was cured and to-day I am a strong, well man. I get all the same cure out of my system and it cured me sound and well. ADAM SCHNABEL, Evansville, Ind. No. 211 Mary St.

THE SWIFT SPECIFIC CO., ATLANTA, GA.
