

# Lets All Smile

At the absurdity of people with good judgment buying Hardware, Sash, Doors Mouldings Paints, Oils, Tinware, Granitware, Woodware, Stoves or Ranges from a Portland Pay-Before-We-Let-You-Have-The-Goods House, bought from a catalog, and if the goods do not suit, never mind, because it is too much trouble to send them back. A whole lot of satisfaction! Is it not? We smile because the people have given us their patronage in the past and that we have been able to make such low prices as to warrant this patronage and again we will make you a price, or sell you the goods as low or lower than prices quoted in catalogs of We-Pay-The-F-eight houses. This includes everything in our line, and on Stoves and Ranges we will save you from \$1 to \$5 and on some articles as quoted in catalog if so desired. We are not here to look at but are here to sell goods and we are selling them, and not only that, we will continue to sell them. We have in our warehouse 40,000 pounds of nails—enough to keep you driving at your leisure time. We also have on hand, with those that will arrive this month, 1,450 Sash and Doors. This, with our large stock of Mouldings, Builders' Hardware, Paints, Oils, &c, enables you to smile because you do not have to go away from home to get your selections or low prices.

Yours with the greatest sincerity, whether your purchase is One Penny or One Hundred Dollars, and the freight is paid.

#### Common Cold Are the Cause of Many Serious Diseases

Physicians who have gained a national reputation as analysts of the cause of various diseases, claim that if catching cold could be avoided a long list of dangerous ailments would never be heard of. Every one knows that pneumonia and consumption originate from a cold, and that chronic catarrh, bronchitis, and all throat and lung troubles are aggravated and rendered more serious by each fresh attack. Do not risk your life or take chances when you have a cold. Chamberlain's Cough Remedy will cure it before these diseases develop. This remedy contains no opium, morphine or other harmful drug and has thirty years of reputation back of it, gained by cures under every condition. For sale by Estacada drug store.

There is but one ex-president of the United States living. Significant, isn't it? We don't want the presidency.

Hon. Grant B. Dimick spent last Saturday in Estacada. Mr. Dimick, who is a candidate for the office of county judge, gives a plain, honest statement of what the people may expect of him should he be elected to the office.

The wreck of the Valencia will, if nothing more, give an investigating committee something to do. But the fact is, shipping on the Pacific needs improving in every respect. There must have been negligence and incompetency on the Valencia and its attempted rescuers.

The frogs have begun to sing. What more welcome sound to the heart and soul Oregonian than the tuneful melody of the little nocturnal, aquatic, webfoot troubadour? The meadowlark for the fields, and the robin for the back yard, but for mergetic, wholesouled crescendo, for care-dispelling, debt-forgetting enjoyment, give us the frog.—Philomath Review.

There will come a time when the famous apples of Hood River will find a close rival in the apples of Clackamas county. And why not? The soil and conditions in Eastern Clackamas county are pronounced to be as good as Hood River's for apple raising. The great trouble with this part of the county is that it has been isolated until now, and the next few years will see a great many experiments in raising fruit which will prove beyond doubt the superior adaptation of this section for apple culture.

Please notice that your opportunity to buy goods at Reed's at catalog prices freight off is off. Last week in setting up their ad the typo made it freight "excluded" instead of freight "equalized" as their ad copy read. Sorry the people did not see this opportunity, but the News was saved some freight bills.

#### What is the Answer?

We will soon have fired at us from every side the old question, "What is so rare as a day in June?" It is all right to have the question propounded by a romantic young woman with soulful eyes, but when the policeman on the corner stops you to ask it the pleasure is all his.

As a matter of fact there are several things rarer than a day in June. Beef-zook in a breakfast house where fuel is an important item is one, and the man who pays you the dollar he borrowed until he could go home and see his wife is another. Rarer than all is the person who has had a smattering of an education who does not come around on a perfect June morning and spoil the day for you with the ancient question.

#### Then She Tolerates It.

A mistake on her upper lip Annoys a lady fair Unless some horrid, awful man Has stily put it there.

#### A Mean Inference.

"When I was out west a fellow took a notion to me and gave me a room rent free all winter."  
"That was nice. By the way, do they keep the jails warm in that country?"

#### Some Incentive.

"I always like to see a man practice what he preaches."  
"But you must remember he draws a salary for preaching."

must win upon their merits. The International Dictionary has won a greater distinction upon its merits and is in more general use than any other work of its kind in the English language.

A. H. Seavey, LL.D., D.F., of Oxford University, England, has recently said of it: "It is indeed a marvelous work; it is difficult to conceive of a dictionary more exhaustive and complete. Everything is said in not only what is right, but also what is wrong in such a way, but also what few of us would ever have thought of looking for. A single entry in the new edition has brought it fully up to date. I have been looking through the latter with a feeling of astonishment at its completeness, and the amount of labor that has been put into it."
