

Spring Medicine

The best is Hood's Sarsaparilla. It is the best because it does the most good. While it makes the blood pure, fresh and lively, it tones the stomach to better digestion, creates an appetite, stimulates the kidneys and liver, gives new brain, nerve and digestive strength.

An unlimited list of wonderful cures—40,366 testimonials in the past two years—proves its merit. In buying medicine always get the best,—get Hood's.

Sold everywhere. Liquid or tablets, 100 Doses \$1.

Mrs. S. L. Carleton, Ayer, Mass., says: "For a perfect spring medicine to give strength and thoroughly purify the blood, Hood's Sarsaparilla is held in high esteem by our whole family. I have used it from childhood and find it as good for my children as for myself."

FERRY'S SEEDS

Ferry's Seeds are best because in thousands of years have been spent in their cultivation—a history of expert care in making them superior to all others.

We are specialists in growing superior vegetable seeds. 1916 Seed Annual Free.

D. M. FERRY & CO., Detroit, Mich.

Atlas Engines

Many prospective purchasers of engines and boilers are under the impression that because the Atlas Throttling Engine is of such high grade, and because it is fitted with a balance valve and a main bearing, such as only Corliss engines of other makes contain, it is necessarily of such price that it is quite out of their reach. This is not true. An Atlas engine is no higher in price than any other engine, except, perhaps, one that is made entirely in a foundry.

For your information, therefore, we give for the present an approximate price upon a 12-hp. Throttling Atlas Engine, range 43 to 60 Horse Power.

\$350.00

Atlas Engine Works

Includes engine complete with hand wheel, governor, throttle valve, and all regular trimmings and represents the price delivered in a factory, or, if in stock at our Agency at any of the following points:

- Norfolk, Va.
- Minneapolis, Minn.
- Anderson, S. C.
- Omaha, Neb.
- Augusta, Ga.
- New Orleans, La.
- Montgomery, Ala.
- Greensboro, N. C.
- Des Moines, Iowa
- Memphis, Tenn.
- Shreveport, La.
- Birmingham, Ala.
- St. Louis, Mo.
- Leavenworth, Kas.
- New York, N. Y.
- Jacksonville, Fla.
- Little Rock, Ark.
- Athens, Ga.

IN THE NATIONAL HALLS OF CONGRESS

Monday, March 5. — President Roosevelt sent a message to congress today, accompanying plans for coast defense prepared by a joint board of army and navy officers, in which he emphasizes the necessity for further defenses and reviews the history of the defensive works in this country. The president calls special attention to the recommendation of the board that the entrance to Chesapeake Bay be added to the list of places in the United States to be defended. He says the insular possessions cannot be longer neglected if the United States desires to hold them. Defenses are recommended for Manila Bay, Pearl Harbor, Guantanamo, Guam, San Juan and Honolulu, because of their strategic situation. Defenses are recommended for the entrances to the Panama canal.

Washington, March 5. — In the senate today, Nelson continued the discussion of the statehood bill, urging the passage of the measure as reported from the committee on territories. The remainder of the session was devoted to the passage of the bills on the calendar, among them being one providing for compulsory education in the District of Columbia and another regarding the selection of officers in the revenue cutter service. Two others of importance to the West were:

Providing for the issuance of patents for lands to Indians on the Colville reservation, state of Washington, under the Moses agreement of July 7, 1883.

To confer jurisdiction upon the Circuit court for the Ninth circuit to determine in equity the rights of American citizens under the award of the Behring sea arbitration at Paris, and to render judgment thereon.

Washington, March 5. — Legislation by unanimous consent and under suspension of the rules occupied the attention of the house and resulted in the passage of several bills, some of considerable importance. The adoption of a resolution of inquiry as to whether any criminal prosecutions have been begun against individuals in the Northern Securities company furnished the text for a speech of criticism by Williams, the Democratic leader, directed against the administration. Brief answers were made by Jenkins, of Wisconsin, and Grosvenor, of Ohio.

Friday, March 2. — The senate today passed the bill providing for the settlement of the affairs of the Five Civilized Tribes. Under the guise of considering the bill, the senate spent practically the entire day in discussion of the railway question. The bill has passed both the house and the senate, but as the senate amended it in many respects, it will now go into conference. It is a general bill for the adjustment of the affairs of these tribes upon their abandonment of their tribal organization.

Washington, March 2. — The first private claim session of the 58th congress occupied the house today, 25 bills being passed. All these measures carried small amounts for the relief of private individuals, who are precluded under the laws from obtaining their rights. Opposition to many of the bills was made by Mann, of Illinois, and Shackelford, of Missouri. This opposition accounted for the small number of measures considered.

Thursday, March 1. — The discussion of the railroad rate question was continued in the senate today by Dooliver, who spoke in support of the Dooliver-Hepburn bill. He said that the bill was intended merely to supplement the existing interstate commerce law, and contended for its validity from a constitutional point of view, predicting that government ownership of the railroads would be forced upon the country if congress did not meet the present demand for regulation. Dooliver was not questioned, and when he concluded, the remainder of the day was devoted to the bill providing for the settlement of the affairs of the Five Civilized Tribes of Indians after the termination of their tribal relations.

Washington, March 1. — The house today passed the army appropriation bill, also the Foraker bill providing for the marking of the graves of Confederate dead buried in the North. The discussion developed a unanimity of

Test Vote on Philippines. — Washington, March 6. — Senator Lodge, chairman of the committee on Philippines, has decided to make a motion that the senate discharge the committee from further consideration of the tariff bill and it be taken up for consideration. Under the rules a motion of this character is debatable. The senator proposes to make an argument in favor of the bill and ask that action be taken by the senate concerning it. He does not intend, however, to precipitate a continuation until after the statehood bill has been disposed of.

Vote on Statehood. — Washington, March 6. — The United States senate will devote most, if not all, the week to the consideration of the statehood bill, with a view to reaching a vote next Friday, in accordance with the agreement arrived at last week. Senator Patterson probably will close the debate for the opposition and Senator Beveridge for the bill. These will not be set speeches in the usual meaning of that word, but are sure to provoke so much discussion as to cause the controversy to take on the character of a general debate.

Prospects Are Not Bright. — Washington, March 6. — A conference regarding the statehood bill, now pending in the senate, was held at the white house this afternoon, the parties to it being, besides the president, Senators Long of Kansas, Burdett of Nebraska and Warren of Wyoming, all supporters of the measure. It is conceded that the prospects for the enactment of the measure into law are not bright, and the conference was held for the purpose of considering means to save the bill.

Ask Your Own Doctor

If he tells you to take Ayer's Cherry Pectoral for your severe cough or bronchial trouble, then take it. If he has anything better, then he will say; but we know what he will say; for doctors have used this cough medicine over 60 years.

"I have used Ayer's Cherry Pectoral for hard colds, had coughs, and influenza. It has done me great good, and I believe it is the best cough medicine in the world for all these and lung troubles."—E. L. C. STEWART, Albany, Oregon.

Made by Dr. J. C. Ayer & Co., Lowell, Mass. Also manufacturers of SASSAPARILLA, PILLS, and HAIR VIGOR.

Encouragement. — "I'm afraid," said young Stoppington, feeling his way, "that your sister doesn't like to have me call so often?"

"You don't know Sisy," answered the small brother, encouragingly. "She can stand for anybody, just so it looks like a man."

—Cleveland Leader.

To Break in New Shoes. — Always shake in Allen's Foot-Ease, a powder. It cures hot, sweating, itching, swollen feet. It cures corns and blisters. It is good for all druggists and shoe stores, etc. Don't accept any substitute. Sample mailed FREE. Address Allen S. Gimsted, Le Roy, N. Y.

An Amendment Accepted. — "Sometimes I think my typewriter knows more than I do," remarked the New York orator. "I was dictating a speech to her this morning and I said 'The ballot is sacred.'" "A very proper sentiment."

"But she changed it. She mixed the letters of the last word a little and changed it to 'sacred.'"—Washington Star.

Practical Building. — The new Custom House takes its place beside the rest of the modern architecture of New York as an eminently practical building. The old structure on Wall street, with its domical interior, its tremendously deep and gloomy porch, its row of twelve monolithic columns, is full of concessions to the fashions of the day in which it was erected. For that period it was a much more notable undertaking than is the present structure for this. Like many buildings in New York, it was not adapted to the narrow street on which it raises its gloomy, prison-like walls. The new building shows a better adaptation. Though skyscrapers surround it, yet they cannot shut out the light nor interfere with the view. Mr. Gilbert has taken advantage of the site and has met the problems well. Everything points to the likelihood that the officials and the public will find the transfer from Wall street to Battery Park particularly desirable to come to and prompt dispatch of business.—From Charles De Kay's "The New York Custom House" in the March Century.

Quitting Suspicion. — "Mr. Black seemed rather uneasy when I told him you were going to apply for the position of typewriter." "He was, but I soon got him over his alarm."

"What did you say to him?" "Told him I had no matrimonial designs whatever; that I merely wanted to be assister to him."—Baltimore American.

Five Year Census of Agriculture. — Washington, March 1. — Secretary Wilson, of the department of Agriculture, appeared before the house committee on census today in support of the Barlowson bill for the compilation of large statistics by the government every five years, instead of every ten years. Secretary Tomlinson, of the Stockgrowers' association, also urged favorable action on the bill.

Decides for Railroads. — Washington, Feb. 28. — The suits known as the citrus fruit cases, in which all the railroads of Southern California were introduced, were today decided favorably to the railroads by the supreme court of the United States, the opinion being by Justice Peckham. The cases involved the right of the railroad companies to designate the route for fruit shipped East after leaving their own lines. The decision of the circuit court for the Southern district of California and also the order of the commission were reversed.

Prosecute Ohio Roads Next. — Washington, Feb. 28. — Based upon supreme court decision in the Chesapeake & Ohio New Haven coal rate case, rendered Tuesday, the Interstate Commerce commission is preparing to bring suits against several of the large coal lines. Aside from the Baltimore & Ohio, Hocking Valley, Ohio Central and Wheeling will be made defendants in such litigation. Decisions of the supreme court make it illegal for railroads to engage in any business other than that of common carrier.

New Naturalization Bill. — Washington, Feb. 28. — The house committee on immigration and naturalization submitted a favorable report today on a bill to create a bureau of Immigration and Naturalization under the department of Commerce and Labor and to amend existing naturalization laws. Representative Bonynge, of Colorado, prepared the report, which reviews naturalization frauds and says two principles controlling naturalization are included in the bill.

The Retort Feminine. — He—Well, I've found out one thing—you have no heart. She—Oh, come now. How can a man without brains know anything about anatomy?—Cleveland Plain Dealer.

Water freezes every night throughout the year at Alto Cruzero, in Bolivia, while at noonday the sun is hot enough to cause actual suffering.

Mothers will find Mrs. Winslow's Soothing Syrup the best remedy to use for their children during the teething period.

After a juror in a Sydney (Australia) court had been fined \$10 for two days in succession for absence it was discovered that he was dead.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. HALL'S CATARRH CURE, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful, and acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circular and testimonials.

Address, F. J. CHENEY & CO., Toledo, O. Sold by Druggists.

Very Unusual. — "Say, Smith, your boy is about 3 or 4 years old now, isn't he?" "Just three and a half."

"How is it you never tell us any of the bright things he says?" "Never says any to tell."

"Look here, Smith! Take great care of that child! He is destined for great things."—Baltimore American.

RHEUMATISM

BODY RACKED WITH PAIN

No other bodily suffering is equal to that produced by the pain of Rheumatism. When the poisons and acids, which cause this disease, become entrenched in the blood there is hardly any part of the body that is not affected. The muscles become sore and drawn, the nerves twitch and sting, the joints inflame and swell, the bones ache, every movement is one of agony, and the entire body is racked with pain. Rheumatism is brought on by indigestion, stomach-troubles, torpid Liver, weak Kidneys and a general inactive state of the system. The refuse matter instead of passing off through nature's avenues is left to sour and form uric acid, and other acrid poisons which are absorbed into the blood. Rheumatism does not affect all alike. In some cases it takes a wandering form; it may be in the arms or legs one day and in the shoulders, feet, hands, back or other parts of the body the next. Others suffer more seriously, and are never free from pain. The uric acid and other irritating substances find lodgment in the muscles and joints and as these deposits increase the muscles become stiff and the joints locked and immovable. It matters not in what form the disease may be the cause is always the same—a sour, acid condition of the blood. This vital stream has lost its purity and freshness, and instead of nourishing and feeding the different parts with health-giving properties, it fills them with the acids and salts of this painful and far-reaching disease. The cold and dampness of Winter always intensify the pains of Rheumatism, and the sufferer to get relief from the agony, rubs the affected parts with liniments, oils, lotions, etc., or uses plasters and other home remedies. These are desirable because they give temporary ease and comfort but have no effect on the real trouble which is in the blood and beyond the reach of such treatment. S. S. S. is the best remedy for Rheumatism. It goes into the blood and attacks the disease at its head, and by neutralizing and driving out the acids and building up the thin, sour blood it cures the disease permanently. While cleansing the blood S. S. S. tones up the stomach, digestion and every other part of the system, soothes the excited nerves, reduces the inflammation, dissolves the deposits in the joints, relieves all pain and completely cures this distressing disease. S. S. S. is a certain cure for Rheumatism in any form; Muscular, Inflammatory, Articular or Sciatic. Special book on the disease and any medical advice, without charge, to all who write. THE SWIFT SPECIFIC CO., ATLANTA, GA.

WHAT JOY THEY BRING TO EVERY HOME

as with joyous hearts and smiling faces they romp and play—when in health—and how conducive to health the games in which they indulge, the outdoor life they enjoy, the cleanly, regular habits they should be taught to form and the wholesome diet of which they should partake. How tenderly their health should be preserved, not by constant medication, but by careful avoidance of every medicine of an injurious or objectionable nature and if at any time a remedial agent is required, to assist nature, only those of known excellence should be used; remedies which are pure and wholesome and truly beneficial in effect, like the pleasant laxative remedy, Syrup of Figs, manufactured by the California Fig Syrup Co. Syrup of Figs has come into general favor in many millions of well informed families, whose estimate of its quality and excellence is based upon personal knowledge and use.

Syrup of Figs has also met with the approval of physicians generally, because they know it is wholesome, simple and gentle in its action. We inform all reputable physicians as to the medicinal principles of Syrup of Figs, obtained, by an original method, from certain plants known to them to act most beneficially and presented in an agreeable syrup in which the wholesome Californian blue figs are used to promote the pleasant taste; therefore it is not a secret remedy and hence we are free to refer to all well informed physicians, who do not approve of patent medicines and never favor indiscriminate self-medication.

Please to remember and teach your children also that the genuine Syrup of Figs always has the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package and that it is for sale in bottles of one size only. If any dealer offers any other than the regular Fifty cent size, or having printed thereon the name of any other company, do not accept it. If you fail to get the genuine you will not get its beneficial effects. Every family should always have a bottle on hand, as it is equally beneficial for the parents and the children, whenever a laxative remedy is required.
