## For the Republican Nomination for Representative

JOHN H. GIBSON

of Harmony Precinct

HARMONY PRECINCT'S CANDIDATE FOR THE LEGISLATURE TAKES A FIRM STAND ON ALL IMPORTANT ISSUES BEFORE THE PEOPLE, AND MAKES A CLEAR STATEMENT REGARDING HIS BELIEFS

Candidate for Republican Nomination for Representative

## Mr. Gibson's Principles

In this issue The News presents to its readers the announcement of John H. Gibson, of Harmony voting precinct, of his candidacy for the Republican nomination for representative from Clackamas county.

Mr. Gibson is an old resident of this county, having lived in the Milwaukie precinct for about 12 years. He is thoroughly familiar with the county's needs and promises, if nominated and elected, to give the district an honest, economical and capable representation. He believes that a public office should be faithfully and honestly administered.

His views as to the duties of a representative of the people, are:—

First, To labor earnestly and honestly for the enactment of such laws as the people are in need of and demand, and the repeal of those present laws that the people do not want.

He is in favor of one good normal school rather than two poor ones; the enactment of a banking law, with a state bank examiner; the election of road overseers by the people; the passing of a law compelling corporations and public franchises to pay their just portion of the public taxes; and a separate appropriation for each item of expenditure.

Among the other good things Mr. Gibson believes in are, the abolishment of the office of State Printer, and the letting of the state's printing to the lowest responsible bidder. He also advocates repealing the law on burning slashings, and if elected he agrees to support the people's choice for U. S. Senator. Is a strong supporter of the primary law, and thinks it a means to purify the politics of the state. He is an exstreet car employee and as such will appeal to the railroad hands for their votes.

A vote for Mr. Gibson is a vote for a man who is entirely separate from the present political regime in Clackamas county, and in conclusion he asks that if his views coincide with those of his readers, he hopes they may favor him with their support at the coming election, and promises to devote his time and best efforts in their behalf, and to do all in his power to merit the honor given him.
