For County Commissioner.

In view of having been solicited by the representative republicans of my home and three other adjoining precincts to allow myself to become a candidate for the nomination to the office of county commissioner; I, therefore say, that the citizens of this county will find my name upon the ballot as a republican candidate for the nomination to that office.

In placing my name before the people of this county I want it distinctly understood that, prior to this I have not asked any one of my vicinity or county to support me; That I will be, if chosen at the next two elections, a commissioner for the whole county and not of my neighborhood alone; and that I neither have nor will have any political debts or bargains to pay should I be elected.

In view of these facts, I trust the people of the county will give me their support at the next two elections.

—F. J. Harkenrider.
