**Suffered Severely With Headaches—Unable to Work**

Miss Lucy V. McGivney, 452 3rd Ave. Brooklyn, N. Y., writes:

"For many months I suffered severely from headaches and pains in the side and back, sometimes being unable to attend to my daily work.

"I am better now, thanks to Peruna, and am as active as ever and have no more headaches.

"The way Peruna worked in my case was simply marvelous."

We have in our files many grateful letters from women who have suffered with the symptoms named above. Lack of space prevents our giving more than one testimonial here.

It is impossible even to approximate the great amount of suffering which Peruna has relieved, or the number of women who have been restored to health and strength by its faithful use.

**NATION COMING NOBLY TO RELIEF**

Foreign Countries Stand Ready With Help, But Their Aid Will Not Be Needed.

San Francisco, April 20.—Plunged into absolute darkness tonight at 10 o'clock, San Francisco has not seen the conclusion of the devastating work of the conflagration which started at Nob Hill and worked its way to the North Beach section, sweeping that section clear of buildings, was later veered around by a fierce wind and made its way southerly to the immense seaway sheds and grain warehouses. The flames were heading directly for the immense Ferry building, the terminal point of all central overland and local trains of the Southern Pacific road. The darkness and the wind, which at times amounted to a gale, added fresh terrors to the situation.

Tonight the principal remaining fire was confined east of Van Ness avenue and north of Union street, but was burning its way to the shore.

Late this afternoon the police broke open every saloon and corner grocery in the saved districts and poured all malt and spirituous liquors into the gutters.

**HUNDREDS DEAD IN HOTELS.**

Over 75 Bodies Taken Out—One Hundred in Cosmopolitan.

San Francisco, April 20.—The three-story lodging house at Fifth and Minna streets collapsed and over 75 dead bodies have been taken out. There are at least 50 more dead bodies exposed. This building was one of the first to take fire on Fifth street.

At least 100 people were lost in the Cosmopolitan hotel on Fourth street. The only building standing between Mission, Howard, East and Stewart streets is the San Pablo hotel, which is occupied and running. The shot tower at First and Howard streets is gone. This landmark was built 40 years ago. The Risdon Iron works is partially destroyed. The Great Western Smelting and Refining works escaped damage, also the Mutual Electric Light works, with slight damage to the American Rubber company and Vieta Gas Engine company. Folger Bros.' Coffee and Spice house is uninjured, and the firm is giving away large quantities of bread and milk.

Many are dropping dead from the heat and from suffocation.

Over 150 people are reported lost in the Brunswick hotel, Seventh and Mission streets.

**NATION TO THE RELIEF.**

War Department Assumes Entire Control of Situation.

Associated Press dispatches from every important city in the land indicate that \$12,000,000 in cash is already in sight for the relief of the fire and earthquake sufferers in and about San Francisco, and that a total of \$20,000,000 is likely to be raised. The United States will grapple alone with the situation growing out of the total destruction of one of her richest and most populous cities. Foreign countries, in view of the magnificent responses of the American people to the call for aid, will not be asked to contribute, though numerous offers have been made.

Before the cabinet, at its meeting yesterday, had resolved upon this course, however the Dominion of Canada had taken cognizance of the situation in San Francisco by voting \$100,000 in cash for relief, and dispatches from the seaport cities of British Columbia indicate that they are ignoring the existence of the international boundary line and are joining in the work of forwarding money and provisions from their sisters cities on the Pacific coast.

**Ruins Small Companies.**

Chicago, April 20.—It was declared last night by Chicago insurance men that many of the small accident and fire companies probably will be forced to suspend business because of their enormous loss in San Francisco. Even some of the bigger companies will be hard pressed. The total amount of liability involved is now placed at more than \$180,000,000 in San Francisco alone. This is considered conservative. Added to the losses in San Francisco will be at least \$50,000,000 to be met in other cities.

**Pottoffice Department's Task.**

Washington, April 20.—The War Department has learned that the Southern Pacific freight sheds at San Francisco were not seriously injured. The superintendent of the railway mail service at San Francisco has telegraphed that every train to and from Oakland is proceeding with reasonable regularity on slow schedule. He has been authorized by wire to call in subordinate officials and all clerks of the railway mail service not on regular duty and command the use of postal cars available to handle San Francisco mail.

**Can't Deliver Telegrams.**

San Francisco, April 20.—The delivery of telegraphic messages from outside points to people in San Francisco is in impossibility. The messenger service of both the big telegraph companies no longer exists. Even had it companies an army of messengers, they would be of little value for the reason that the people are scattered far and wide, and that a journey from the ferry building to the western addition, or to the refugee camps consumes hours.

**Will Build \$5,000,000 Plant.**

New York, April 20.—It was announced at the office of M. Guggenheim's Sons today that orders have been issued by that firm to proceed as soon as possible with the construction of a \$5,000,000 smelting plant in San Francisco.

**DEATH LIST LARGE.**

Will Probably Exceed Even the First Estimates Made.

San Francisco, April 22.—Now that the extinction of the fire allows of inquiry, it has become known that hundreds, if not thousands, of people lost their lives, either in the collapse of buildings due to the earthquake or in the fire which consumed the ruins in which they were imprisoned alive, but injured and powerless to flee. A merely partial estimate places the total at over 700 in the lodging houses and a few adjoining buildings.

South of Market street the loss of life was chiefly brought about by the collapsing of many cheap lodging houses. Among others, the caving in of the Royal, corner of Fourth and Minna streets, added to the horror of the situation by the shrieks of its many scores of victims embedded in the ruins.

The collapsing of the Portland house, on Sixth street, between Mission and Market, came about in a similar manner.

ner. Fully 60 persons were entombed. Many of these were saved before the fire eventually crept to the scene.

The large five story Brunwick lodging house with its 300 rooms filled with guests, on the corner of Sixth and Howard streets, collapsed to the ground entirely and fire started amid the ruins scarcely five minutes later. It is estimated that over 300 persons lost their lives in this building.

Part of the large Cosmopolitan house, corner Fifth and Mission streets, collapsed at the very first tremor. Many of the sleepers were buried in the ruins, others escaping in their night clothing.

At 775 Mission street, the Wilson house, with its four stories and 80 rooms, fell to the ground a mass of ruins. As far as known very few of the inmates escaped.

**RESTORING WATER SERVICE.**

Within Four Days City Will Have Half Normal Quantity.

San Francisco, April 22.—Experts of the Spring Valley Water company who have been engaged in making a thorough examination of the mains and reservoirs of the system have reported that the company has in its reservoirs enough water to supply the city at the regular rate of 30,000,000 gallons per day for a period of 600 days.

The only immediate problem is that of getting this supply into the city. Already pipes have been repaired in certain sections, and a supply of 7,000,000 gallons per day is coming in through Ocean View from Lake Merced. About 1,000,000 gallons of this is being consumed daily by Ocean View and the other towns along the pipe lines, but 6,000,000 gallons daily is reaching and will continue to reach the city proper.

Within a few hours another supply of 6,000,000 gallons daily will be poured into the city from College Hill station. This will furnish water to the southern section of the city. Already water is being supplied to the Black Point and Pacific Heights districts, and with an additional supply of 4,000,000 gallons daily, which is assured from lines that will be repaired within a day or two, the city will within four days be receiving a daily supply of between 16,000,000 and 17,000,000 gallons, which is practically equivalent to half the amount that was being furnished to the entire city prior to the earthquake.

This makes it certain that the city will be habitable again almost immediately. A food supply has already been assured.

**Earthquake at Grants Pass.**

Grants Pass, Or., April 23.—An earthquake shock which broke some windows and awoke sleeping citizens was felt here at 1:11 this morning. The shock lasted between 15 and 20 seconds and was accompanied by a distinct rumbling noise. The motion of the undulation was from east to west and the oscillation was sufficient to set hanging lamps and pictures to swaying. Mayor George Good states that the shock was felt all over his house, which is a structure 75 feet in length and two stories high.

**South San Francisco Burns.**

Oakland, April 22.—A report reached here from San Francisco at midnight that a brick fire is burning in South San Francisco. The illumination can readily be seen from this side of San Francisco bay, a distance of eight miles. It is believed that the fire broke out afresh from smoldering embers that could not be subdued on account of the lack of water. When the fire was pronounced to be practically out in San Francisco, several frame buildings were standing in South San Francisco.

**Docks Still Do Business.**

San Francisco, April 22.—South of Market street the loss on the water front proper is comparatively small. Several sheds have been entirely reconstructed and small repairs will have to be made to one or two of the docks, but beyond this the property loss is insignificant. There is nothing to interfere with the unloading of ships and steamers at any of the docks south of the ferry building, save at pier No. 2 of Mission dock.

**Glendale is Badly Shaken.**

Glendale, Or., April 23.—A distinct shock of earthquake was felt in this city at 11 minutes after 1 o'clock this morning. The shock was apparently heavier than the one of April 18, causing buildings to rock and rattle.

**SKIN DISEASES**

There is nothing more distressing than an itching, burning skin disease, and upon the return of warm weather those who are afflicted with skin troubles find the symptoms appearing and know that they will be tormented through the hot summer months. The blood is heated with humors and acrid matter, and as they are forced to the surface the skin seems to be on fire. The treatment of skin diseases with external applications is all wrong, because they do not reach the trouble which is in the blood. The most such treatment can be expected to do is, allay the itching and burning and cover up the trouble for awhile, but as soon as it is left off the disease returns.

All food taken into the body contains, in some form, the elements necessary to sustain the different parts. One portion is used for the making of blood, another for muscle, one for bone, still another for fat, and so on. After these different properties are extracted from the food there still remains a portion that is useless, or waste matter, which is intended to be disposed of through the natural channels of bodily waste, the Liver, Kidneys and Bowels. At this season of the year, however, these organs become torpid, dull and sluggish, and fail to perform this duty, and these accumulations remain in the system and are absorbed by the blood to ferment and sour, producing burning acids and acrid humors. The blood cannot properly nourish the system while in this impure condition, and begins to throw off these acids through the pores and glands of the skin, producing Acne, Eczema, Tetter, Psoriasis, Salt Rheum and skin diseases of every description.

**EOZEMA** appears usually with a slight redness of the skin, followed by pustules from which there flows a sticky fluid that dries and forms a crust, and the itching is intense. It is generally on the back, breast, arms and face, though other parts of the body may be afflicted. In **TETTER** the skin dries, cracks and bleeds, and is often very painful. The acid in the blood dries up the natural oils of the skin, causing a dry, feverish, hardened condition and giving it a leathery appearance. **ACNE** makes its appearance on the face in the form of pimples and black-heads, and is particularly disagreeable because of its unsightly appearance, while **PSORIASIS**, a scaly disease, comes in patches on different parts of the body. One of the worst forms of skin disease is **SALT RHEUM**. It discharges a watery fluid, forming sores and producing intense itching. The head and face are the parts usually affected, and sometimes the hair falls out and a mass of sores forms on the scalp.

These and all skin diseases are due to the same cause—burning acids and humors in the blood, and until this vital fluid is cleansed and made pure they will continue. The best treatment for all skin diseases is S. S. S., a remedy that is purely vegetable, being made entirely from roots, herbs and barks, and acts directly on the blood with a cleansing, healing effect. It neutralizes the acids and purifies the blood so that the skin, instead of being blistered and burned by the fiery fluids, is nourished by a supply of cooling, healthy blood. It goes down into the circulation and forces out every particle of waste or foreign matter,

builds up the blood and cures all skin diseases promptly and permanently. S. S. S. does not leave the least particle of the poison for future outbreaks, but entirely rids the blood of the cause for all skin diseases.

S. S. S. tones up the system and regulates the Liver, Kidneys and Bowels so that they will carry off the natural waste and refuse matter through the proper channels, instead of leaving it to be absorbed by the blood. Nothing equals S. S. S. in the treatment of these troubles and for building up the general health. Write for our treatise on skin diseases and any medical advice you wish. We make no charge for either.

Want of Exercise, Indoor Employment, weaken the Bowel Muscles, just as they weaken Arm and Leg Muscles. The Muscles lose tone, tension, strength, to force the food onward. And the longer they stay in that state the weaker they become, because the less exercise they get through the slow passage of food. Cascarets contain the only combination of drugs that acts on the Muscles of the Bowels and Intestines, just as Cold Water, or Exercise, act on a Lazy man. They act like Exercise.

When you have Heartburn, Colic, Coated Tongue, Suspected Breath, Acid-rising-in-throat, Gas-belching, or an Incipient Cold, take a Cascaret.

Remember, all these are not merely Discomforts, but indications of a serious Cause.

Nip them in the bud—eat a Candy Cascaret. Cascarets don't purge, nor punish the stomach like "Bile-driving" "Physics."

They act like Exercise on the Bowel-Muscles that propel Food, and that squeeze the natural Digestive Juices of the body into Food.

Cascarets ward off, or cure, the following diseases:

Constipation Bad Breath  
Biliousness Diabetes

In such cases a little Cascaret in time is worth fifty dollars worth of treatment later on, to say nothing of the suffering, discomfort, loss of Business Energy, and loss of Social Sunshine it saves.

A coming Headache can be warded off in short order, by a single Cascaret, and the cause removed.

Heartburn, Gas-belching, Acid-risings in the throat, and Colicky feeling are sure signs of bowel trouble from food poisons, and should be dealt with promptly.

One Cascaret will stop the coming trouble, and move on the Bowel load, if taken at the first signs.

Don't fail to carry the Vest Pocket Box of Cascarets with you constantly.

All Druggists sell them—over ten million boxes a year.

Be very careful to get the genuine, made only by the Sterling Remedy Company and never sold in bulk. Every tablet is stamped "CCC."

Dear Sirs—My body broke out with a rash or eruption which in spite of all efforts to cure continued to get worse. The itching, especially at night, was simply terrible. It would almost disappear at times, only to return worse than ever. I had tried many highly recommended preparations without benefit, and hearing of S. S. S. determined to give it a fair trial, and was inexpressibly delighted when a few bottles cured me entirely, removing every blemish and pimple from my body. I shall not fail to recommend S. S.
