NEWS OF THE WEEK

In a Condensed Form for Our

A Resume of the Less Important but Not Less Interesting Events of the Past Week.

Senator Heyburn is seriously ill.

Witte's resignation as premier of tussia has been accepted by the czar. Hearst has asked congress to appro-riate another \$2,500,000 for California.

Three men were fatally injured in a riot between striking miners and Penn-sylvania constabulary.

Each side claims a majority of the senators in the question of court review on the railroad rate bill.

Senator Morgan has a plan for the construction of the Panama canal which he has brought before the senate.

The French government has arrested any labor leaders, imperialists and narchists and is preparing for an out-Millions of Chinese are learning English and are translating foreign scientific books. The Chinese Reform Association has worked wonders among the

The supply of food at San Francisco is running low. Mayor Schmitz has issued a statement saying anything in the way of funds, clothing and provisions, can be used.

Anthracite operators have rejected thi the latest terms of the miners and have renewed their former offer.

A drenching rain has made it very neomfortable for the San Francisco

refugees camped in the various parks of that city. Quartermaster-General Humphrey has informed Senator Fulton that there is no intention of even temporarily aban-doning San Francisco as an army trans-port headquarters.

nator Heyburn is improving from second attack of appendicitis.

Bellevue, Texas, has been devastated by a tornado. Forty people are re-ported killed.

The Japanese mikado has giver

An area of 453 blocks was burned by the San Francisco fire. It is estimated that the buildings destroyed will be in the neighborhood of 60,000.

The doubtful vote in the senate on the railroad rate bill is large enough to swing the result either way.

The last of the Russian prisoner have been returned home from Japan The total relief fund from all sources tals more than \$18,000,000 and still

The San Francisco bank vaults are lieved to be uninjured, but it will be week before they can be opened.

Incurance men will have a say on re-building plans of San Francisco and will not allow filmsy structures to be

SEARCH FOR OUTLAW.

Desperado Believed to Be in Hiding Near Woodburn.

Woodburn, Ore., April 29.—The arrival of bloodhounds at the scene of the man hunt near Woodburn is being anxiously awaited by the authorities and the posses. The dogs are expected from Portland on the morning trains, and will be hurried at once to the point where Frank Smith, the outlaw, was fired at on Saturday afternoon, unless a fresher trail is found in the meantime. Great confidence is felt in the outcome of the hunt with trained hounds. In the dense underbrush men can follow

into a plot to aid pretenders to the der instructions to begin work by that throne and depose him. There is no question but that Moroccan chieftains are decidedly angry over reforms demanded by the recent Algeeiras conference, and the fact that the sultan has promised to abide by the demands of the powers has added fuel to their the proposed Drain-Coos Bay Railroad, and the reported that already one wrath. It is reported that already one attempt against the sultan's life has

San Jose, Cal., May 1 .- Governor Par Louck, arrived in this city this morning on a tour of inspection. The party was met at the depot by a number of city and county officials, and was driven about town in automobiles. Later a tour was made through the hospitals and relief stations. The governor expressed himself as highly pleased with the manner in which the crisis is being tided over here and after complimenting the authorities and the people of the city, he left on an afternoon train for Oakland.

pressed himself as highly pleased with the manner in which the crisis is being tided over here and after complimenting the authorities and the people of the city, he left on an afternoon train for Oakland.

Vatican Holds the Principal.

Rome, May 1.—The plan devised by the vatican for the division of the \$7,000,000 paid by the United States for the friar lands in the Philippines has been approved by the Dominicans, and substantially agreed to by the other religious orders. The Vatican will retain the principal, and a portion of the Philippine dioceses and the remainder to the religious orders in the islands, to be divided by them according to the agreement.

Clash of Coal Miners.

Johnstown, Pa., May 1.—A conflict occurred between pany which has enjoyed the right of furnishing service in Albany for many years, filed an injunction suit against the Independent Company, which has recently begun operations in Albany. The latter company has filed an answer, and attorneys for both parties are preparing for a legal battle.

Creamery at Latourell Falls.

Bridal Veil—Latourell Falls is to have a creamery. Repairs and improvements are being made on a two-story building 30x60 feet. Concrete floors will be provided and an engine will be installed, with machinery to handle the product supplied by farmers in the vicinity. The enterprise is projected by Newton Courter, of Latourell Falls.

LOOKING FOR SITES.

San Francisco Wholesalers Want to B gin Business at Once.

San Francisco, April 27 .- The first mportant step toward re-establishing Bloodhounds Cannot Find Track Daniel Burnham Tells of San trade relations in San Francisco was taken tonight when the realty men held a hurried consultation with more than fifty important merchants. The object of the meeting was to secure temporary of the meeting was to secure temporary quarters for the wholesalers, six of SOME THINK OUTLAW IS DEAD MAY REPEAT FEAT OF NAPOLEON whom announced they were forced to go into business immediately.

The meeting was called without warning, so the real estate men were not prepared to offer sites. It was decided that the two bodies meet again Satur day morning at 10," to make final arrangements. The realty men discovered

this search was abandoned.

At noon what is yet thought by many to have been a fresh trail was reported. A man whose description tallies with Smith, appeared at the home of S. D.

town was destroyed and many residences went down.

Twenty fires started, but the water supply was unimpaired, and within three hours the flames were under control.

Cut off by the disaster from communication with the rest of the world, Santa Rosa knew nothing of the destroyed and within three hours of San Francisco, and he was advised that struction of San Francisco, and he was advised that structure of the citation of the disaste

rom the district between Milpitas and Alviso, on the south arm of San Fransisco bay, that fissures have opened in the earth, and water is flowing over the surface. The section is known as the artesian belt, hundreds of wells flowing perennially and supplying means of irri-gating large areas. Such wells require capping to restrain the flow under ordipary conditions, and recent disturbance of the earth's surface has released subterranean streams Roads in this locality are flooded and impassable.

Wilkesbarre, Pa., April 27.-President Mitchell, of the United Mineworkers, tonight made public two proposals, together with a recommendation for another joint conference submitted by the other joint conference submitted by the anthracite miners' scale committee to President Baer and his associates. The first proposal asks for an increase in wages ranging from 5 to 15 per cent, according to the wages now received. The second proposal asks for an advance equal to 10 cents per ton upon the total production of coal to be added to the wages of employes.

Japanese Offer Hospital Ship.

to send a hospital ship at top speed to San Francisco, the state department has replied that owing to the rapidity with which the country has come to the relief of the distressed city it may be safely estimated that there will exist no need for the ship by the time she could cross the Pacific. The president stated his appreciation of the spirit which dictated this offer.

move across the bay. The chairman of the meeting, Mr. Triest, announced that land was offered the wholesalers in Oakland was offered the wholesalers in Oakland practically free of charge for a period of two years.

Triest asked the real estate men for figures and location sites, saying the wholesalers wanted them immediately. From his manner of expression it would appear that some of the wholesale merchants were ready to desert San Francisco ould be rebuilt.

The wholesalers announced their intention to congregate in one district if possible. They preferred the southern part of the city because of the rall coal the menthoned several sites in the vicinity of North Beach the merchants said these would have to receive second call, as they wanted south of Market treet, if such a location were at all possible.

The principal interest in the manhous period of two years.

Triest asked the real estate men for figures and location were at least as dealth of the world. He said San Francisco now has it with the the said however, are in the minority, most everyone preferring to think that he is still hiding in the country about Woodburn, and that he will eventually be routed out.

Today has been one of many rumors and reports, but no material developments. Bloodhounds, and men were not able to locate his rendezvous or to get any well-defined trail. A report reaching here late last night that Smith had appeared near Newberg was generally discredited. It is not thought possible.

The wholesalers announced their intention to congregate in one district if possible. They preferred the southern part of the city because of the railroad facilities there. When the real estate men mentioned several sites in the vicinity of North Beach the merchants said these would have to receive second call, as they wanted south of Market said these would have to receive second call, as they wanted south of Market said these would have to receive second call, as they wanted south of Market said these would have to receive second call, as they wanted south of Market said these would have to receive second call possible.

Francisco's Opportunity.

hunt yesterday was centered about the bloodhounds which arrived here on the morning train from Portland. A great crowd was at the depot to see the dogs, but when the trailers were taken into the woods to work only picked men were permitted to go along. The dogs were first taken to the spot where Smith, or someone answering his description, was fired upon Saturday morning. This trail was fifty hours old, but the down the spot where to Build Steel Structure.

scription, was fired upon Saturday morning. This trail was fifty hours old, but the dogs took it up and followed it through the woods for a mile or more before losing it. At 3 o'clock this search was abandoned.

At noon what is yet thought by many to have been a fresh trail was reported.

At noon what is yet thought by many to have been a fresh trail was reported. also stated that they will put up solid office structures on their Montgomery

Smith, appeared at the home of S. D. Roberts, a mile south of town. He was seen peering in a window by Artie Roberts. According to that boy's story when spoken to the stranger ran back into the thick woods, a hundred yards from the house, and was seen no more. Those who investigated found footprints resembling those left by Smith when he ran out of Woodburn after shooting down Captain Henderson and Captain Shaver.

Late in the afternoon the bloodhounds were put on the trail and worked well.

Late in the afternoon the bloodhounds were put on the trail and worked well for a time. The dogs got off the scent in a ploughed field. After beating the course of construction at the time of the disaster, will be filled with offices.

Capitalists are not in the least dismayed or disheartened. James D. Phelan, chairman of the finance committee and multi-millionaire, said:

sentative of the Red Cross at San Francisco, made the following report today lows' building went with the other buildings, but larger and better structures will replace them.

It is the intention of business men at once to begin rebuilding. The savings bank of Santa Rosa occupied a \$40,000 building. Its new one, which will be an office building, will cost \$250,000.

Con Shea, who lost five buildings, worth \$100,000, says that his five new ones will be worth twice that sum.

The same spirit is manifested by all who have been interviewed.

As soon as the dead were buried business men began clearing a passageway through the streets and teams were put to work hauling the rubbish to waiting the registers. As soon as the dead were buried business men began clearing a passageway and four steamerloads of subsistence through the streets and teams were put to work hauling the rubbish to waiting freight ears.

tional democrats have a clear working majority of seven, 178 members of parliament belonging to that party thus far having been elected. This, however, by no means represents the strength of the combined opposition of the government, as fifteen members have been elected by the social democrats and thirty-seven are classified as progressives. Besides, the opposition is expected to draw strength from forty-eight members who are classified as independents, and from seventeen whose political opinions are unknown.

Oregon Equips Hospital.

Oakland, Cal., April 28.—Oregon has a hospital in San Francisco tonight. This institution dates its birth from this afternoon, when F. W. Leadbetter and Jefferson Myers, of the Oregon relief bureau, visited the Wilmerding school and found Major Sternburg and the Oregon National guard hospital corps stationed at this schoolhouse, which since the earthquake and fire has been turned into a hospital. Mr. Leadbetter and Mr. Myers also visited Harbor View Hospital, where Dr. K. A. J. MacKenzie is pital, where Dr. K. A. J. MacKenzie is stationed. Dr. Marie D. Equi is sta-ioned at the United States General Hos-pital.

Salt Lake, Utah, April 28 .- W. R. William R. Hearst and other candidates of the Municipal Ownership League were nominated, were handed down by the grand jury today. Bench warrants were issued for the men, but none of them had been arrested when Recorder Goff adjourned his part of the general sessions court this afternoon. It is expected they will be taken into court tomorrow. One of the men indicted is Benjamin M. Goldberger. Wales, a prominent physician and manufacturing chemist of Denver, was in this city today, and said he would establish a large chemical factory at Portland in the near future, that would employ many persons of both sexes. He will make chemicals for the trade, and invest thousands of dollars in the enterprise. He already has plants at Omaha, Denver, Kansas City and St. Paul. He will establish plants also at Seattle and this city. He is due in Portland within ten days.

Washington, D. C., April 28.-Repreentative Hermann is satisfied from information he has gathered that he will not be brought to trial in this city on the letterbook indictment until the fall term of court, though no official deter-mination has been made to this effect, and none will be forthcoming until next week, owing to the illness of Hermann's attorney. Hermann is wrathy and thinks profane things about the govern-ment prosecutors.

Havana, April 28.—A resolution was offered in the house today appropriat-ing \$50,000 for the victims of the Cali-
