of Leah. "I didn't mind letting him have Leah." he said, "but I'm a little more particular as to Rachel. I've had my doubts all the time, anyhow, about taking into my fam-ily a young man who is willing to work seven whole years just for a girl. He doesn't seem to me to be the kind of man-that would be likely to get ahead in the worid."

But Jacob's willingness to work anoth-er seven years for Rachel struck the old man as showing grit and perseverance, and it is a matter of history that the young man finally made good as a son-in-law.

Monday, May 7. Washington, May 7.—The senate to-day spent the major portion of its time on one amendment, but instead of ac-cepting it, adopted a substitute. The provision which was made the basis of the discussion was that suggested by Foraker prohibiting the granting of re-bates, passed, drawbacks, or special rates to passengers on railways and also prohibiting discrimination in the way of accommodations where equal rates are paid. The discussion took a broad range.

sideration of the army appropriation bill was resumed, and after further amendment it was passed.

Wednesday, May 2.

Nell—Did you hear May's flance rhap-sodizing over her complexion? Belle—Yes, he certainly did lay it on pretty thick. Nell—Yes, but not nearly as thick as Nell—Yes, but not nearly as thick as Off mis Guard. Correspondent—Senator, may I ask what considerations have induced you to oppose the statehood bill? Washington, May 2.—Daniel contin-ued his speech on the railroad rate bill in the senate today, reporting briefly his objections to Bailey's proviso for

his objections to Balley's proviso for the non-suspension by the courts of the orders of the interstate commerce commission. In cases where the courts have suspended the rates of the com-mission, Mr. Daniel suggested that a substantial bond be required of the collocate

and other Southern senators.
Washington, May 7.—Notwithstanding that this was the speaker's seven-ing that this was the speaker's seven-did demonstration to Mr. Cannon as he ascended to the speaker's table, settled down to one of the biggest days in the history of the present session. The day was notable for the number of bills passed, forty-five in number, covering a large number of subjects. Many of the bills could have been passed by unanimous consent, but with Williams' idetermination to object to any legis-lation by unanimous consent, '' these bills came up under suspension of the rules, this being known as ''suspension day.'' The following were among the bills

lay.", The following were among the bills made.

Consideration of the bill was not con-cluded when, at 5:45 p. m., the senate went into executive session.

Man at the Desk—No, sir; I don't want it. I haven't any time to talk to you, either. Washington, May 1.—The proceed-ings in the Senate today included an extended discussion of the railroad rate bill by Daniel, an explanation of the bill by Daniel, an explanation of the status of the appropriation for the re-lief of the earthquake sufferers in Cali-fornia by Allison and a controversy among several Senators as to the pro-priety of adopting without referring to a committee a resolution tendering the thanks of Congress to General Horace Porter for his services in recovering the of the bill, and it was ultimately unani-mously agreed to, after being so amend-ed as to make it exclude gas and water lines from its operation, thus practi-cally confining it to oil lines. There were two roll-calls, but neither was of importance, as on the one accepting the amendment there was no division what-ever, while the action taken on the other, on the question of confining the provision to oil lines, was practically nullified by the subsequent elimination of gas and water from the amendment. Porter for his services in recovering the body of John Paul Jones from its long lost resting place in Paris. In the last-mentioned proceedings Aldrich opposed action by the Senate in advance of com-mittee consideration mittee consideration, and succeeded in having the measure referred to the com-mittee on foreign relations. Statehood Compromise.

Washington, May 5 .- All of the minor Washington, May 4 .- The house spent mendments to the statehood bill are

Washington, May 4.—The house spent another day in consideration of the naval appropriation bill, the speeches in large measure being in support of the bill and the naval program therein out lined. Burton, of Ohio, delivered a scholarly address against what seemed the needless enlargement of the navy, contending that the American nation could well afford to serve notice upon the other nations that it stood for in ternational arbitration and the peace of the world.

til Tuesday.

IN THE NATIONAL HALLS OF CONGRESS RHEUMATISM ALMOST AS COMMON IN SUMMER AS IN WINTER.

While the damp, cold, changing weather of Winter intensifies the pains and other disagreeable symptoms of Rheumatism, it is by no means a winter disease exclusively. Through the long months of Summer its wandering pains and twitching nerves are felt by those in whose blood the uric acid, which produces the disease, has accumulated.

Rheumatism is a disease that involves the entire system. Its primary cause results from the failure of the eliminative organs, the Liver, Kidneys and Bowels, to carry out of the system the urea, or natural refuse matter. This coming in contact with the different acids of the body forms uric acid which is taken up and absorbed by the blood. This acid causes fermentation of the blood. making it sour and unfit for properly nourishing the body, and as this vital stream goes to every nook and corner of the body, the poison is distributed to all parts. The nervous system weakens from lack of rich, pure blood, the skin becomes feverish and swollen, the stomach and digestion are affected, the appetite fails and a general diseased condition of the entire system is the result.

Not only is Rheumatism the most painful of all diseases, with its swollen, stiff joints, throbbing muscles and stinging nerves, but it is a formidable and dangerous trouble. If the uric acid is allowed

Last Summer I had a severe attack of Infamma-tory Rheumatism in the knees, from which I was unable to leave my room for several months. I was treated by two doctors and also tried differ-ent kinds of liniments and medicines which seemed to relieve me from pain for awhile, but at the same time I was not any nearer getting well. One day while reading a paper I saw an adver-tisement of S. S. S. for Rheumatism. I deoided to give it a trial, which I did at once. After I had taken three bottles I felt a great deal better, and I continued to take it regularly until I was en-tirely cured. I now feel better than I have for years. CHAS. E. GILDERSLEEVE. 613 &nd Street, Newport News, Va.

to remain in the blood, and the disease becomes chronic, chalky deposits form at the joints, and they are rendered immovable and stiff, and the patient left a helpless cripple for life. Every day the poison remains in the system the disease gets a firmer hold. The best time to get rid of Rheumatism is in warm weather; because then the blood takes on new life and the skin is more active and can better assist in the elimination of the poisons. With the proper remedy to force the acid out of the blood, and at the same time build up and strengten the Liver, Kidneys, Bowels and other organs of the body, Rheumatism can be permanently cured. External applications relieve the pain and temporarily reduce the inflam-mation, and for this reason are desirable, but they cannot have any effect on the disease. The blood is poisoned and the blood must be treated before a cure can be effected.

S. S. S., a remedy made from roots, herbs and barks, is the best treatment for Rheumatism. It goes into the blood and attacks the disease at its head, and by neutralizing the acid and driving it out, and building up the sour blood so it can supply nourishment and strength to every part of the body, it cures Rheumatism permanently. S. S. S. is the only safe cure for the disease; being purely vegetable, it will not injure the system in the least, as do those medicines which contain Potash or some other mineral ingredient. S. S. S. tones up

every part of the body by its fine tonic properties. While cleansing the blood of all poisons it builds up the appetite and digestion, soothes the excited nerves, reduces all inflammation, relieves pain and completely cures Rheumatism in every form-Muscular, Inflammatory, Articular or Sciatic. If you are worried with the nagging pains of Rheumatism, do not wait for it to become chronic, but begin the use of S. S. S. and purge

the blood of every particle of the poison. Write for our book on Rheumatism, and ask our physicians for any advice you wish. We make no charge for either.

with the election for state officers or is to be held prior to such elections is one of the questions yet to be decided.

Washington, May 3 .- The naval ap-ropriation bill, which carries nearly a

Washington, May 3.—The naval ap-propriation bill, which carries nearly a hundred million dollars for the naval establishment, was taken up by the House today. Beyond the explanation of the bill by Foss of Illinois, chairman of the committee on naval affairs, and the running fire of questions which his presentation called forth, little interest was shown in the early part of the de-bate that ensued. Toward the close of the day, however, a lively colloquy oc-curred among Bates of Pennsylvania, Williams of Mississippi, Clark of Mis-souri, and Payne of New York, over eertain statements made by Bates in relation to the price of steel rails. The discussion took on a wide tariff range, a forerunner of still further tariff dis-cussion as the session nears its close.

Washington, May 3.—This was the last day for general debate in the Sen-ate on the railroad rate bill, and it was

Belmont Is Satisfied. Washington, May 8.—Perry Belmont was asked today what he thought of the proposed amendments to the pub-licity bill. He replied: "I believe the bill, which already covers national and congressional committees, but did not butions and expenses under the close of after elections. As the principle of the publicity is preserved intact by the amendments, I am confident that no member of our organization will object to them." Mato Industry Thriving. Mashington, May 8.—The automobile industry, according to a preliminary bulletin issued by the census bureau to-day, shows a very large increase for the calendar year 1904, as compared with 1900, the year of taking the twelfth census. In the former year 21,386 pas-senger and pleasure machines were pro-duced, as against 3,316 in 1900, and 1,441 vehicles of other styles in 1904, as against \$5,768,857. The value of products increased 461 per cent, the amounts being stated at \$25,645,064 in 1904, as against \$4,748,011 in 1900.
