When weighed, dont be found wanton.

Buy goods that are Made in Ore-
 gon—it helps us all.

Patriotic enthusiasm begins a t
 home; so do most of the family jars
 that shake the world.

Rockefeller advises the young
 men to dig potatoes. He realizes
 that someone must supply the neces-
 saries of life.

Queer, isn't it, that we can not
 get together on questions of civic
 actions—as to what is best and most
 expedient?

Mitchell who ended Creffield's
 notorious career is as much entitled
 to a reward as is Draper who got
 Smith, but he will perhaps receive
 it only in heaven, and that's indefi-
 nite.

The primary election cost Clack-
 amas county less per vote than it
 did most counties in the state. This
 county's vote was the third highest
 in the state, and but half the votes
 were cast.

In this issue is an article from the
 pen of Mr. Johnson, superintendent
 of operations at the brick factory.
 Space is given this article so that
 the people may know the status of
 opinion on matters, public and pri-
 vate, from this direction. Mr.
 Johnson is very closely connected
 with certain interests here, and his
 views may be taken as reflecting
 sentiment in that quarter. How
 much good results from such arti-
 cles, we are not expressing, but we
 want you to read it, that is all.

Another chapter has started in
 the story of The Light and Water
 theme. At sometime close to 12
 o'clock Sunday night some one,
 with more indiscretion than pru-
 dence, destroyed all the glass globes
 to the streets' arc lights. Rewards
 were at once offered Monday morn-
 ing for the apprehension of the cul-
 prits. The citizens of Estacada of-
 fering \$20 and the railroad company
 \$20. Nothing has developed yet to
 bring the offenders to trial, altho it
 is pretty well understood who they
 are. Every citizen of the town re-
 grets that there are those among us
 who will do such things. It was,
 no doubt, the thoughtless act of
 someone not knowing the gravity of
 the offense. This should put a stop
 to such unwarranted lawlessness.

ESTACADA

Is going to grow this
 coming summer more
 rapidly than ever before.
 The great Electric Pow-
 er Plant, costing over
 \$1,000,000.00 will be
 completed, a large saw-
 mill will be built, and
 logs will be floated down
 the Clackamas from miles
 above. The price of prop-
 erty should advance with
 the completion of enter-
 prises now under way,
 and the perfection of those
 already in operation.

We have some choice busi-
 ness and residence lots in
 Estacada which are good in-
 vestments for anyone.
 Prices reasonable and terms
 easy.

Mrs. Will Jones and daughter,
 Ester Lucile, were guests of Mrs
 Dr. Haviland one day this week.

George Stratton who has been
 managing the store business for J.
 W. Reed retires after the old busi-
 ness has been settled up and Mr.
 Sparks takes up his residence here.

T. Vocum & Sons have just com-
 pleted furnishing a large order of
 railroad ties. They have received
 an order for material for the power
 plant which will keep their mill
 busy for a month.

The Estacada Meat Market wants
 an unlimited number of beef cattle,
 hogs, veal, sheep, and chickens for
 which they will pay the highest
 market price.

The Estacada News is the only
 straight Republican newspaper pub-
 lished in Clackamas county. The
 Courier at Oregon City is the only
 democratic newspaper in the county.
 The others are more or less mugg-
 wumps.

R. W. Cary and A. N. Johnson
 have staked their word and honor
 that they will not pull at the filthy
 weed for the period of sixty days
 and thirty nights, bekknown to any
 one, under penalty of a \$5 hat—
 and two months of anticipation.

China pheasants are getting so
 very tame out this way that last
 Sunday as car 21 was passing the
 Burnett farm one of these beautiful
 birds lighted on the front fender of
 the car. The train was stopped and
 the handsome China taken into the
 car very little injured from the col-
 lision.

Merchant A. E. Sparks who pur-
 chased Mayor Reed's mercantile busi-
 ness, and Mrs. Sparks came out,
 Tuesday, from Portland, to remain
 and make Estacada their home.
 They have rented the Page cottage.
 We are pleased to welcome them to
 our midst. Mrs. Sparks will assist
 with the store work.

Matt Ryckman and L. C. Har-
 rington were up from Clackamas
 last Saturday. They came up for
 their household goods. Mr. Har-
 rington and wife will remain the
 e all summer. Mr. and Mrs. Ryck-
 man expect to go to Leaburg and
 spend the season at the McKensie
 fish hatchery where John Talbert
 has already gone.

A preacher, raising his eyes from
 his desk in the midst of his sermon,
 was paralyzed to see his rule boy
 in the gallery pelting the audience
 in the pews with horsechestnuts.
 But while the good man was pre-
 paring a frown of reproof, the young
 hopeful cried out: "You tend your
 preaching, daddy; I'll keep 'em
 awake."

The Clear Creek Mutual Tele-
 phone Company, with its principal
 office in Harding precinct, has been
 incorporated, with a capital stock
 of \$2500. The company was formed
 by the residents of Redlands, Viola
 and Logan to purchase the Bonney
 telephone system. The incorpora-
 tions are W. P. Kirchem, Louis Funk
 J. L. Stewart and Fred Gerber.

Thomas W. Sullivan, resident
 hydraulic engineer of the Portland
 General Electric Company, has been
 placed in charge of the big
 power plant at Estacada, succeeding
 C. I. Brown, of the Oregon Water
 Power Co. who has been in charge
 of operations at Estacada since the
 commencement of the work. Mr.
 Sullivan will carry on the work to
 its termination. He has had years
 of experience in this line, having
 superintended construction of the
 plants of the P. G. E. Co. in this
 city.

A delightful surprise party was
 tendered Mrs. Dr. Haviland Wed-
 nesday p. m. at her home on hill.
 Fancy work was engaged in and
 needles and tongues flew until 4 o-
 clock when a delicious luncheon
 was served "In the Shade of the Old
 Apple Tree," after which the sur-
 prisers departed. Those present:
 Mrs. George Stratton, Mrs. Frank
 Morris, Mrs. Harmon Green, Mrs.
 Will Jones and Mrs. John Lovelace,
 Masters Raymond and Arnold Lovelace,
 Miss Ester Lucile Jones and
 Bernice Morris.

Estacada's fine water system has
 been cut off so far as immediate use
 to the city is concerned. Water
 for the general public's use was
 shut off last Thursday morning by
 order of the proprietors of the sys-
 tem, and the city is dry. This ac-
 tion was taken after the last meet-
 ing of the council, and the citizens'
 meeting. Non-action by the coun-
 cil and pointed remarks by the peo-
 ple are the cause. The owner of
 the water works loses \$19.50 each
 month as rental from the people,
 and the people are at a great incon-
 venience. Those who were supplied
 water by the system are not pre-
 pared for the situation, and many
 who were looking for the system to
 be extended are disheartened. The
 trouble, no doubt, will be adjusted
 in a week or so. Should conditions
 continue longer it is said the hotel
 and power house will be cut off of
 their water and closed down.

ure and duty. When man respects
 himself and place then will every
 man respect him. If you have no
 respect for those providing a means
 to better their condition you have
 no respect for yourself or you would
 either respect them or sever connec-
 tions with them. Again, if you've
 no respect for your town you should
 get out and not be satisfied till you
 are out and where you can do bet-
 ter, and if things suit you you will
 do better. I would say to those who
 want to see Estacada a town to try
 to make it a town, and to those who
 want to see it a town but dont help
 to make it one, get out and give a
 good man a chance, and when we
 get it on its feet come back and look
 at it, you may be surprised. And
 to those waiting to see the brick &
 wood factories and the O W P do
 something to make this town, have
 they not given you labor at great
 expense to keep you here and to in-
 duce others to come? Haven't they
 used their hands, brains, lungs and
 jaws to get the ball rolling? Any
 one in his right mind knows this,
 and if you havn't your right mind,
 let people think you have anyway.

In regards to the brick plant, a great
 many have doubts as to what it is going
 to do. As superintendent of the Estaca-
 da Brick & Tile Co. I will state that Mr.
 Belknap went east on business for the
 company. The plant was shut down be-
 cause it could not be operated while such
 changes and improvements were going
 on. It has been decided to put in an au-
 tomatic clay dryer, conveyer belts, a
 patent brick kiln and a tile machine, these
 improvements together with a few alter-
 ations will cost in the neighborhood of
 \$20,000. And when this work is com-
 pleted it means steady employment to 35
 men directly and 10 indirectly which
 means the support of at least 50 families,
 more than are in Estacada today. And
 when the wood plant gets in operation,
 when the company gets the big sawmill
 installed up the Clackamas river it will
 employ 40 or 50 men. So you see what
 it means. It means that some day we
 will be sailing along smoothly and then
 it will be no trouble to get people here.
 It will be no trouble to get other indus-
 tries to take hold, and the sooner we do
 all we can to promote and help the
 sooner we will reap the benefit. To get
 business we must make it. Business cre-
 ates business, and the links of business
 are so closely interwoven that no matter
 who we are, where we go, how we turn,
 the effect is felt by someone else. For
 illustration: Let us consider our town as
 using 300 lbs of tea a month. It has to
 be produced, loaded on vessels, bought
 to this country, unloaded, transported by
 rail to the warehouse, then to the dealer,
 and last to the consumer who has to
 labor on it to prepare it for use. Just
 see what an effect would be felt. It would
 effect railroads, transportation companies
 wholesalers, retailers, workmen of all
 kinds, in all countries if we should shut
 down on the tea trade. There are many
 people who say, "Oh, I dont give a d-----
 I guess I lived before I saw this place and
 I guess I can live without any of this or
 that man's money" and that same man
 in his heart is craving for just a little of
 that man's money. In conclusion let me
 say that if the people of Estacada want
 to prosper, if they want to be helped by
 the O W P company or any other com-
 pany they must rid the town of the men
 who, all they know, and all they care is
 to kick up a fuss, and to bring damnation
 upon the town and its people. If we
 can't show them where they are wrong,
 if we can't hold our own any other way,
 before we shall stand and see such men
 pull down and destroy that which be-
 longs to us, that which could belong to
 them, and that which is for the beauti-
 fying, the building up of us and our
 country, drive them from our midst with
 a branch of tar and feathers. Give every
 man a chance to build himself up and us
 up, but not to pull us down. We must
 make up our minds to do something, or
 nothing. Let us be united and work to-
 gether and make things go as we want
 them to. I for one will stand up for all
 that is right any where and at any time,
 and shall be a bitter enemy to all that is
 wrong, no matter if it be against the
 devil himself.

Sincerely yours,
 E. M. JOHNSON.

A CREAMERY
 A Co-operative Creamery by
 the Farmers is Talked of
 for Estacada

A creamery may be estal'shed
 in Estacada in the near future. At
 least considerable is being said on
 the subject, and the people of the
 town and farmers are giving the
 movement considerable interested
 encouragement. Under the pres-
 ent conditions a creamery at or near
 here would, no doubt, become a
 paying business. But there must
 be more cows in the country and
 more good feed for them in order
 that a creamery might do the busi-
 ness it should. Of course, these
 things will come with the coming of
 a creamery. The idea advanced is
 that a co-operative association be
 formed. This would be all right,
 but a better way would be for an
 individual or a company to take hold
 of the project. Let everybody put
 a shoulder to the wheel and help a
 good thing along.

Not as Rich as Rockefeller
 If you had all the wealth of Rocke-

 could not buy a better medicine for
 bowel complaints than Chamberlain's
 Colic, Cholera, and Diarrhoea
 Remedy. The most eminent physician
 can not prescribe a better preparation for
 colic and diarrhoea, both for children

 remedy has shown it to be superior to all
 others. It never fails, and when reduced

 My platform is simply,
 DO RIGHT

In other words, I believe we should
 be as honest and economical in pol-
 itics as in private life. I favor edu-
 cation and good roads. While the
 primary law does not give satisfac-
 tion, yet I believe in the election of
 U. S. Senators by a direct vote of
 the people. Am a temperance man
 and Woman Suffragist. We need
 fewer laws and better ones. Will
 serve my constituents to the best of
 my ability.

It is Dangerous to Neglect a Cold
 For more than twenty years Mr. J. B.
 Massey, of 3322 Clinton St., Minneapo-
 lis, Minn., was tortured by sciatica. The
 pain and suffering which he endured
 during this time is beyond comprehen-
 sion. Nothing gave him any permanent
 relief until he used Chamberlain's Pain
 Balm. One application of that liniment
 relieved the pain and made sleep and
 rest possible and less than one bottle
 had effected a permanent cure. If troubled
 with sciatica or rheumatism why not
 try a 25-cent bottle of Pain Balm and see
 for your self how quickly it relieves the
 pain. For sale by the Estacada Drug
 Store.

For Sale
 We have for sale in a splendid
