Sciatica Cured After Twenty Years of Torture
How often do we hear it remarked: "It's only a cold," and a few days later learn that the man is on his back with pneumonia. This is of such common occurrence that a cold, however slight, should not be disregarded. Chamberlain's Cough Remedy counteracts any tendency of a cold to result in pneumonia, and has gained its great popularity and extensive sale by its prompt cures of this most common ailment. It always cures and is pleasant to take. For sale by the Estacada Drug Store.

PLANS FOR A GREATER ESTACADA

In an effort to adjust the trouble existing over the water works in Estacada, a delegation of prominent citizens of Estacada, composed of B. O. Boswell, W. A. Heylman and Judge Haviland and son, John held a conference with H. W. Goode, the new president of the O. W. P.

Upon listening to the delegation President Goode told them that his company had purchased the town-site of Estacada, the large hotel and everything pertaining thereto, and that as soon as the new management could get things adjusted a vigorous policy to aid in building up Estacada and the country at this end of the line would be adopted. Mr. Goode said that they would supply Estacada and its manufactories with all the electric power and light needed. The new company will inaugurate its plans in about thirty days.

WATER QUESTION IS DISCUSSTD

Another meeting for discussing the water question and other immaterial matters was had by the people of Estacada, Tuesday evening. After the election of a chairman and secretary, the report of the committee elected two weeks ago was heard and accepted. This committee reported that the present water system is worth \$4,882. A motion by Mr. Heylman that in view of the report of the committee the city refuse to buy the water works brought on the discussion. This was participated in by Messrs. Stratton, Heylman, Morrow, Boswell and Gilstrap and a vote on the proposition resulted in 14 against buying the system and 26 in favor of it. The chairman and secretary were elected to convey the meeting's decision to the city council, and the meeting adjourned. W. P. Keady was present and elucidated on what the water system consists of. At the close of the popular meeting the council convened and immediately adjourned until 8 p. m. Saturday.

The dynamo in the pumping station of the water system burned out last Friday, which made it necessary to turn the water on from the lower reservoir to supply the Hotel Estacada and the electric power house. And while water is obtained from this source it is impossible to close it off from the remainder of the town.
