JULY 26, 1906

This hot weather Harry ought to thaw out of prison.

According to Judge Frazer Capt. Bruin will have to take to the high timber, together with some of the under cubs.

The city council convened in regular session Tuesday evening, but as some special ordinances had not yet been prepared for its action an adjournment was taken till tonight.

Russell Sage, the millionaire but of many a good natured and malicious joke, has died at the age of 90. Sage lived a busy life, and his temporal reward was great, his wealth being estimated at \$100,000,000. He was of poor parents, but nature had endowed him with a great business faculty which he put to good use.

Japan is going to have religion. A committee to travel abroad for the purpose of discovering the true religion, the one which should be embraced by the Japanese people, was appointed by the Mikado of Japan seven years ago. This commission failed to carry out its purpose, but now the work has been resumed and European governments have been notified to that effect.

As it is in the Interior: Spray has had his share of the hot wave that has swept over the Pacific coast the past week. The thermometer has ranged from 105 to 110 in the shade, and even the nights are too warm for refreshing sleep. The hot weather has been intensified by a scarcity of ice. Those who have ice houses put up only enough ice for their own use, and there is none for sale.—Spray Courier.

Morning Oregonian—If any Willamette Valley farmer will take a glance around his ranch he will see scores of nooks and corners near the fences and buildings where grass has grown tall and become ripe and unfit for feed because he kept no sheep to eat it down. The dry grass is not merely waste, it is also a menace to his property, for, in case of fire, it affords a means of conveying the destroying element from one part of the farm to another. In Western Oregon, where sheep may be kept on Fall wheat and on clover fields in the Spring, with benefit to these crops, every farmer should have a small flock of these always profitable animals.

The presiding elder of Methodist church, Rev. Rolland, will preach in Estacada next Sunday, 29th.

Rosie Norris, living near Barton, was committed to the asylum at Salem, this week. A few years ago Miss Norris sustained severe injuries in a run-away accident, and her present derangement is a concussion of the brain resulting from the accident. She is a native of Cal.

Seems to us the railroad company should provide a caboose for the regular freight train on this line. Without a caboose it looks as though they were doing switch work all the time, but if a caboose was attached strangers would know that it was a real freight train and that it was going somewhere.

The old, historic Milwaukee Hotel came near being burned Friday of last week. This building was put up in 1852 and was then the largest building in the state outside of Salem. In the days of a half century ago Milwaukee was a rival city of Portland. At that time the old hotel was the center of the festivities and social functions of the pioneers of Northern Oregon.

W. E. Myers of the Dodge Lumber Company, was transacting business in Estacada, Wednesday. A fine ten pound boy was born to Mr. and Mrs. Myers on July 14. Mrs. Myers is doing well. W. E. reports the sawmill business good lots of demand for lumber. He is furnishing the plank for the Estacada-Springwater road, and he is kept very busy.

Contractor Stafford expects to finish the Heylman cottage this week. This is the best residence in the city, and it has gone up at a lightning pace. The building is of the modern bungalow style, with fireplace, bath, and electric lights. It has a stone cemented cellar. A spacious porch extends across the front end from which a fine view of the down town district can be had.

Last Saturday Robert Duncan, aged 21 years, was taken to Salem for medical treatment. He has been subject to epileptic fits, and of late was quite bad with them. It was finally decided that he should receive medical aid, and so Dr. Smith made arrangements for the patient. Mr. Duncan's people live in the Garfield country. A brother, Charley, and Dr. Smith took him to Oregon City.

Mr. and Mrs. George J. Stratton and family started on their return to Minnesota, Wednesday. They came west a year ago for the benefit of Mr. Stratton's health which has improved considerably. They go direct to Minneapolis where Mr. Stratton may enter the drug business. Previous to coming out here he was in the drug business at Belle Plaine, Minn., where he owns a beautiful home and other valuable property.

Last Sunday Mrs. Thos. J. Ryan wife of Ex-County Judge Ryan, gave birth to triplets, two girls and one boy. The girls each weighed 3½ pounds and the boy weighed 4 pounds. This is the first instance of a triple birth at the county seat, so far as the oldest inhabitant can remember.

Everything progressed well until Tuesday when the little boy was taken sick and died. The girls were getting along nicely at last accounts.

On Friday evening, July 13th, Mrs. L. C. Fossen entertained the Ladies of Macabees, Fen Hive, at a lawn social given at her home in the north of town. Twentyone of the ladies were present. All brought some good things to eat, and a very enjoyable time was spent. The occasion was given in honor of visiting members from Portland among were Mrs. Rice, Mrs. Neidmark, and Mrs. Downey of Golden Rule Hive. Honorary members Clark, Teddy and Leila participated in the lawn festivities.

## ESTACADA

Is going to grow this coming summer more rapidly than ever before. The great Electric Power Plant, costing over \$1,000,000.00 will be completed, a large saw-mill will be built, and logs will be floated down the Clackamas from miles above. The price of property should advance with the completion of enterprises now under way, and the perfection of those already in operation.

We have some choice business and residence lots in Estacada which are good investments for anyone. Prices reasonable and terms easy.

Bowel Complaint in Children

During the summer months children are subject to disorders of the bowels which should receive careful attention as soon as the first unusual looseness of the bowels appears. The best medicine in use for bowel complaint is Chamberlain's Colic, Cholera and Diarrhoea Remedy as it promptly controls any unusual looseness of the bowels. For sale by the Estacada Drug Store.

### Old Chronic Sores

As a dressing for old chronic sores there is nothing so good as Chamberlain's Salve. While it is not advisable to heal old sores entirely, they should be kept in a good condition, for which this salve is especially valuable. For sore nipples Chamberlain's Salve has no superior. For sale by the Estacada Drug Store.

### SPRINGWATER NEWS

Earl Shibley has finished Cromer's fine new barn and now has the contract to build a house for Mr. Bletch.

The baseball game came off last Saturday between Elwood and the Springwater nines and it proved to be a very bum game. The score was 23 to 15 in favor of Elwood. We think the home team would do well to practice more. Another game will be played between the same teams next Saturday at Elwood.

Sidney Smith had the misfortune to lose the end of his finger, while working in a box factory at Astoria. He is home on a visit to recuperate.

Haying is over and the barns are full.

Geo. Lewellin, Sidney Smith, Wm Lewellin and Mr. Wilson went on an outing trip up the Clackamas Tuesday.

A laborer at Cazadero came pretty near being scalped while at work, by a wire cable breaking and flying across the country and hitting him on the head.

Monday morning John Tracy and Mort Richards started on a trip up into the mountains and expect to be gone two weeks. They loaded a cayuse with a little bedding, provision and ammunition, and the three started buoyantly out for the Cascades in quest of the fountain that Ponce de Leon failed to find when he landed on Florida's evergreen shores. They will camp near Ed. Hunt's famous hot springs, and will spend their leisure moments taking plunge baths in the simmering waters of the springs, frying wild "bison," bison steaks, Dolly Varden and Rain Bow trout, and a variety of other rare delicacies found only in fastnesses of mountain retreats. We expect the boys to return blushing crimson with the bloom of youth on their fair faces.

Modest Claims Often Carry the Most Conviction

When Maxim, the famous gun inventor, placed his gun before a committee of judges, he stated its carrying power to be much below what he felt sure the gun would accomplish. The result of the trial was therefore a great surprise instead of disappointment. It is the same with the manufacture of Chamberlain's Colic, Cholera and Diarrhoea Remedy. They do not publicly boast of all this remedy will accomplish, but prefer to let the users make the statements. What they do claim, is that it will positively cure diarrhoea, dysentery, pains in the stomach and bowels and has never been known to fail. For sale by the Estacada Drug Store.
