The Pan-American Congress is
now in session at Rio de Janeiro,
and Uncle Sam's secretary is the
Root of much interest there.

What an insignificant thing is a
few million dollars when referring to
the wealth of such men as the late
Russell Sage, whose riches are esti-
mated at from 70 to 100 millions.

Something went wrong in a North-
country manufactory last week and
the explosion which followed was so
violent that hundreds of men were
thrown out of employment.—Tatler

The charter of the City of Esta-
cada says the offices of mayor, re-
corder, councilmen and treasurer
are elective offices, and that no per-
son shall be eligible to hold any e-
lective office unless he is the owner
of real estate in his own name.

A short time ago a controversy
was on over the water system in
Estacada, and the city finally de-
cided to purchase the plant. If it is
not considered too impertinent, we
would like to ask at what point in
the deal the transaction is at. Why
not close the bargain? Are we pay-
ing water rent, and to whom?

It is a strange thing how little in-
general people know about the sky.
It is a part of creation in which na-
ture has done more for the sake of
pleasing man, more for the sole and
evident purpose of talking to him
and teaching him, than in any of
her other works, and it is just the
part we least attend to her. There
are not many of her other works in
which some more material or essen-
tial purpose than the mere pleasing
of man is not answered by every
part of the organization; but every
essential purpose of the sky might,
as far as we know, be answered if
once in three days, or thereabouts,
a great, black, ugly raincloud were
broken up over the blue, and every-
thing well watered, and so all left
blue again until next time, with,
perhaps, a film of morning or even-
ing mist for dew. But, instead of
this, there is not a moment of any
day of our lives when nature is not
producing scene after scene, picture
after picture, glory after glory, and
working still upon such exquisite
and constant principles of the most
perfect beauty, that it is quite cer-
tain it is done for us and intended
for our perpetual good.—Ruskin.

A called meeting of the city coun-
cil took place on Tuesday evening.
Mayor Reed, and Councilmen Cary,
Stratton and Howe were present.

ESTACADA

Is going to grow this
coming summer more
rapidly than ever before.
The great Electric Pow-
er Plant, costing over
\$1,000,000.00 will be
completed, a large saw-
mill will be built, and
logs will be floated down
the Clackamas from miles
above. The price of prop-
erty should advance with
the completion of enter-
prises now under way,
and the perfection of those
already in operation.

We have some choice busi-
ness and residence lots in
Estacada which are good in-
vestments for anyone.
Prices reasonable and terms
easy.

A few small bills were allowed and
ordered paid. An ordinance pro-
viding for street improvements on
Broadway was present. This ordi-
nance will be read at next Tuesday
night's meeting. The council took
under discussion the "cleaning up"
proposition, and it was ordered that
the city marshal proceed at once to
compel the people to clean their
premises of any filth or rubbish
which might be a menace to the
public health. Adjournment was
taken till next Tuesday evening.

A letter received by a friend from
Robert Duncan conveys the good
news that he is getting along nicely
and that the treatment he is receiv-
ing is doing him good.

Clackamas County As- sessment IS RAISED 1,500,000.

The Supreme court's decision de-
claring the exemption laws of the
state invalid has caused a ruffled
commotion throughout the land.
No one will be allowed their \$300
exemptions. Under the exemption
law the professional men escaped
paying taxes on their libraries etc.
Assessor Nelson has decided that
an equitable assessment requires the
assessors to list at their proper
valuations the libraries and all other
personal property of doctors, law-
yers etc. in the same manner as are
listed carpenters' tools and the per-
sonal effects of the individual tax-
payer. This will make a change in
the tax roll, and will raise the as-
sessed valuation of the county. In
1905 Clackamas county's valuation
was \$9,608,045 and this year it will
be over \$11,000,000 which means
an increase of more than a million
and a half dollars, including the
\$475,475 household goods exemp-
tions in the former year.

The Portland General Electric
company, says the Oregon City En-
terprise, contributes the largest sum
yearly to the Clackamas treasury of
any taxpayer. The big monopoly
paid in over \$15,000 taxes last
year on an assessed value of their
property of \$600,000. The same
property will be assessed this year
for between seven and eight million
dollars.

The total increase on the mills in
Oregon City will amount to over
\$300,000. The Willamette Pulp &
Paper company will pay on at least
\$325,000 this year. When Nelson
came into office four years ago this
same company was assessed \$84,000.
The Crown mills will pay on at least
\$125,000 this year. Four years ago
their assessed value was \$29,000.

The assessment of the Southern
Pacific railroad will be more than
doubled, and there will be a big in-
crease in the valuation of the O. W.
P. & Ry. Co. The latter was only
assessed at \$18,800 four years ago,
\$162,060 last year, but they must
pay on \$210,000. During this big
increase not a mile of track has been
built in this county. The assessed
value per mile has been raised from
\$1,400 to \$7,000.

The Southern Pacific assessment
per mile has been boosted in four
years from \$3,500 a mile to \$15,000
a mile. Mr. Nelson does not value
the S. P. quite so high as the recent
conference of assessors proposed—
\$19,000—yet his more than dou-
bling of last year's figures is relative-
ly a far greater increase, for lands
are not increased here at all. In the
counties that are going to assess at
\$19,000 the general assessment has
been correspondingly raised on all
property and full cash valuation has
been placed on lands and personal
property, so in reality the boasted
raise on the S. P. is no increase at all.

Unnecessary Expense
Acute attacks of colic and diarrhoea
come on without warning and prompt
relief must be obtained. There is no
necessity of incurring the expense of a
physician's service in such cases if Cham-
berlain's Colic, Cholera and Diarrhoea
Remedy is at hand. A dose of this remedy
will relieve the patient before a doctor
could arrive. It has never been known
to fail, even in the most severe and dan-
gerous cases and no family should be
without it. For sale by the Estacada
Drug Store.

Summer Diarrhoea in Children

During the hot weather of the summer
months the first unnatural looseness of
the child's bowels should have immediate
attention, so as to check the disease be-
fore it becomes serious. All that is nec-
essary is a few doses of Chamberlain's
Colic, Cholera and Diarrhoea Remedy fol-
lowed by a dose of castor oil to cleanse the
system. Rev. M. O. Stockland, Pastor
of the first M. E. Church, Little Falls,

medy for several years and find it a very

diarrhoea in children." Sold by the Es-

home in Portland after spending her
vacation at J. J. Davis'.

As Sunday was Earl Wagner's
21st birthday, and being no longer
a boy, he treated a few of his friends
to ice cream and cake at his home.
One of his presents was a fine young
horse, given him by his parents.
Boys, it pays to have a 21st birth-
day!

Horace and Herman Davis and
Grover Krigbaum have just come
back from the hot springs where
they spent the past week in hopes
of improving Horace's health.
