VALPARAISO A WRECK.

Loss of Life and Property Are Heavy, Though Statements Conflict.

There continues to be confusion atements as to the magnitude of the disaster at Valparaiso caused by the earthquake shocks which began Thursent intervals throughout that and the next two days. Dispatches from Valparaiso to the Associated Press dated August 19 state that a moderate estimate of the fatalities is 2,000, and that the property loss may be as high as \$250,000,000, which latter is as great as the loss sustained by San Francisco in consequence of the earthquake and fire which devastated that city last

duplexing of the cables.

The cableship Burnside, which is to install the duplexing apparatus at the Alaskan end of the cable, will probably leave Seattle about September 15. It will carry 200 miles of new cable, which has just been shipped from New York for the extension of the cable ser-vice south of Ketchikan. This extension will be effected by tapping the line from Sitka to Juneau at Cape Fanshaw.

From that point a branch line will be extended down to Wrangel, then to He said: "I have been able to arrive the said: "I have been able to a Hadley, on Prince of Wales island, and then to Ketchikan, which is only about 60 miles from Port Simpson, the English town which is to be the terminus of the Grand Trunk Pacific rail-

Salem-Milking machines in opera tion will be one of the principal fea-tures of the dairy department at the State fair, which opens here September ways been interested in the subject of milking machines and their interest as milk and will not take work of that kind if they can get anything else at the same wages. But milking machinery has not generally been found to be successful and dairymen have been compelled to depend upon such labor as they could get.

There are

There are some manufacturers of milking machines who think they have contrived apparatus that will extract the lacteal fluid from the patient or impatient cow, whether she be a hard milker or an eary one. Machines so simple that a boy can run them, are al-leged to be ready for the farmer who doesn't like to milk and cannot hire somebody else to do it for him. Ma-chines adjustable for tall cows or short ones, kickers and nonkickers, Jerseys, Holsteins or scrubs, await the doubting owner of the dairy herd. It's all a question of proof and the state board of agriculture proposes to give the manu-facturers of milking machines the op-portunity to prove by actual demin-

CASHIER BACKED BOOKIES.

Hering Represented Himself Wealt Man Seeking "Suckers."

Chicago, Aug. 17. — Absolute proof that Henry Hering, cashier of the wrecked Milwaukee Avenue State bank. was financial backer of a bookmaking syndicate which laid odds on horse races, was brought to light late today when Inspector Shippy found a check made payable to Harry M. Smith, who for years ran the Buffet at 56 South State street, and whose place was closed this spring, because of running a hand-book, that handbook being none other than that run by the syndicate headed by Hering, but whose name never ap-peared as connected with it until to-day. Other men in the syndicate were Charles Francis, Thomas Rowe, Waiter Frantzen, Harry Thorpe and Henry

All these men were interviewed by the inspector and all admitted that they were connected with the book, but denied that they knew Hering was con-nected with any bank, and said that he represented that he was a wealthy an, and that he wanted to increase his wealth by separating "a few suckers from their loose change."

New York, Aug. 17 .- It can be a thoritatively stated that control of the Chicago, Milwaukee & St. Paul raiload has passed into the hands of E H. Harriman, via the Southern Pacific Railroad company, which is controlled by the Union Pacific Railroad company, the main Harriman concern. A rumor to the effect that Harriman sought to own the St. Paul property has been heard on various occasions of late, but not until today could it be learned from a competent authority that there was good foundation for the

As a railroad deal this purchase the St. Paul by Harriman is more remarkable than the coup by which he secured the Illinois Central control nearly a year ago. Harriman had for ears been an important factor in the Illinois Central management, but until now he has never been mentioned in onnection with St. Paul.

The present deal is also interesting from the fact that in 1900 James J Hill, Harriman's arch enemy in the railroad arena, made strenuous efforts to purchase the St. Paul, but was refused control by the same Standard Oil interests which with willingness turned the property over to Harriman.

Russian Terrorists Wreak Vengeance

on Hated Police. St. Petersburg, Aug. 15. - Advices received from Libau state that the riotus demonstrations that began there Saturday night still continue and that the Hooligan element absolutely holds sway in the city, the police being powerless to check it. Law abiding citizens are unable to traverse the streets and a reign of robbery and rapine is in pro-

gress that will not be checked until troops are sent to aid the police.

So far all appeals to the government at St. Petersburg have fallen apparently upon deaf ears and this fact has embeldened the disturbing element to add murder to its other crimes. Five storekeepers have been murdered during the past 12 hours and hundreds of shops have been looted. The rioters raided the alcohol depot, and after filling themselves up on the fiery fluid, paraded the streets, shouting threats against the Jews and factory owners

and a Woman With Him. Chicago, Aug. 15 .- Testimony indicating that extensive preparations for flight were made by Paul Stensland, president of the Milwaukee Avenue State bank, and that a woman entered into these preparations, were secured by Assistant State's Attorney Olsen today, through the cross examination of Miss Allen McCracken, housekeeper for land took with him in trunks and boxes sheets and other bedding, towels, win-

dow curtains, carpets, rugs and a silver dinner set. Some of this is said to have been traced to Baraboo, Wisconsin. The large trunk that is being traced is said to be three feet high and bound with iron. The box traced to Wisconsin weighed 375 pounds when it was placed on an express wagon at the Stensland home on the day of the flight. Telegrams have been sent all over the world to trainmen to look for

the big trunk. Another warrant charging Cashier Hering with forging a note for \$10,000 in the name of Marius S. Kirby was issued today.
