TALK WITH REBELS

Terms Arranged With Leaders of Liberal Party.

Havana, Sept. 25.—An uneatisfactory conference was held at the palace last night by President Palma, Secre-Secretary of State O'Farrill, Freyre Andrade, speaker of the lower house, Secretary of War Taft and Mr. Bacon, Consul General Steinhart and Captain McCoy, when the mediators called the attention of the Cuban administration to the status of the peace negotiations with the Liberals and insurgents. The conference adjourned at 11 o'clock to

The peace terms proposed are known to be against the government. The visit to the palace of the American commissioners was therefore not par-ticularly pleasant. On departing, Mr. Taft announced that the conference had resulted only in exchange of opinions commended it to my friends with the commended it to my friends with the ry best of results. Esther M. Milner. Very few of the great multitude of omen who have been relieved of some elvic disease or weakness by Peruna mained in conference long after that

At the conclusion of a long conference There are, however, a few courage-ous, self sacrificing women who will for the sake of their suffering sisters allow peace commissioners, the insurgent peace commissioners, the insurgent committee announced that there was practically no difference remaining begratitude for her restoration to health tween it and Messrs. Taft and Bacon, she is willing that the women of the whole world should know it. A chronic ack to health is no oner members of the committee are

Mr. Taft said he could give no details of what transpired at the conference, for the reason that it was necessary to treat with the government leaders and that the publication of the peace proposals might interfere with

The absence of a definite statement from the commissioners makes it impossible to say whether the plans carry the resignations of the present administration and the congressmen elected last year or not. There is a strong im-pression that Mr. Palma will remain and re-organize the cabi let, but that new elections will be held for half the senators and representatives, in other words those who were elected last year, and possibly also for provincial officers.

LUMBER TRUST ALARMED.

ederal Investigation Expected to Result in Reduction of Prices.

San Francisco, Sept. 25 -The Federal grand jury will commence its investigation of the lumber trust October 2. United States District Attorney
Devlin has completed his investigation
of the great combine and its methods, and he is satisfied that a trust does exand he is satisfied that a trust does exist. All the information in the possession of the government prosecutor will be turned over to the jury. There are many witnesses to be examined in the case, and there will be subpensed the case, and there will be subpensed to the information in the possession of the government prosecutor was an excellent displayed. American.

Those Cuban insurgent generals would find it safer to follow the usual practice and let the privates do the fighting, providing there are any privates and a splendid soldier, but lacked a thorough the colorest helps and a splendid soldier, but lacked a thorough the colorest helps and a splendid soldier, but lacked a thorough the colorest helps and a splendid soldier, but lacked a thorough the colorest helps and a splendid soldier, but lacked a thorough the colorest helps and a splendid soldier, but lacked a thorough the colorest helps and a splendid soldier, but lacked a thorough the colorest helps and a splendid soldier, but lacked a thorough the colorest helps and a splendid soldier, but lacked a thorough the colorest helps and a splendid soldier. course of the investigation.

timber has reached its highest mark ever, one great asset, lacking in all con-and the action of the government will probably cause a decline. An authoriter." y on the situation this morning stated that lumber prices will drop November 1, and the succeeding months will see a gradual decline in all grades of building material. This lumberman states that the decrease is partially due to the settlement of the sailors' strike. He than heretofore, and can also be handled much more rapidly.

Havana, Sept. 25. - Secretary Taft, now seeks to make effective. learing the disturbing effects of the landing of American troops, has decided against such a step, and instead he has appealed to the leaders of the insurgents to furnish guards for American property. Copies of the appeals are being sent to the insurgent leaders. A messenger has arrived at the legation from Americans in the Manicaragua valley, saying that 500 of the force unask or protection.

New Route for Chinese.

St. John, N. F., Sept. 25.—An American yacht, claiming to hail from New York, left Placentia Sunday having aboard 42 Chinese, whom it is supposed she is trying to smuggle into Canadian or American ports. The Colonial cruiser Neptune has been dispatched in quest of her, and has been instructed to seize her for alleged violation of the Colonial laws in embarking passengers without a permit. This is the third yacht in these waters during the present summer to be suspected of

STANDARD EMPLOYES STRIKE.

Conflict at Whiting, Ind , May Spread

Throughout Middle West. Mediators Agree With One Side
and Submit Plans to Other.

UNWILLING TO SWALLOW DOSE

Taft and Bacon Tell Government of Terms Arranged With Lead
Throughout Middle West.

Chicago, Sept. 24.—Warfare between the Standard Oil company and the labor unions of the country was begun last night, when the Whiting, Ind., emplores of the company quit work to force their demand for an increase in wages. The strike, which already threatens to tie up the business of the big corporation in the Middle West, is likely to assume gigantic proportions before it is ended. It was predicted last night it might involve all the employes of the company in the country.

Already the Chicago labor unions are preparing to seize the opportunity pre-sented by the Whiting strike to make more trouble for the company. They were wholly unprepared, because the employes there were not members of a union, but after a hasty conference last night it was said that they would support the men who went out and that no ber of its generals, there should be no one from Chicago would take their places. Three hundred firemen em-ployed by the Standard Oil company left their places yesterday. More than 5,000 employes who are working with the firemen are scheduled to leave their places today. These include engineers, skilled mechanics, laborers and others, the officials of whom said last night that they would refuse members of the organization work when new members might be put to work in place of the

The firemen were called out because the representatives of the Standard Oil company refused to advance wages from 22% cents an hour to 25 cents an hour, and agree to grant all the workmen the eight hour day. They also refused to recognize the union.

BUSSIAN CAMPAIGN REGUN

Parties Hold Muzzled Conventions Reaction in Trepoff's Favor.

St. Petersburg, Sept. 24. - Active work in the autumn electoral campaign was inaugurated by the Octoberists, who today opened the Kazan congress with delegates from 12 of the Volga provinces and the vast central districts of Russia in attendance. Alexander Guchkoff, the Octoberist leader, was present, laboring tooth and nail.

Owing to failure of the Octoberists to obtain official sanction, the congress was held behind closed doors and members of the press were excluded.

In pursuance of the decision of the government to permit the national con-gress of the Constitutional Democratic party anywhere except in St. Peters-burg, the administration has permitted the reopening of Constitutional Demo cratic clubs in Moscow and elsewhere but persists in its determination to suppress political agitation in the capital. The most remarkable development of the week has been the change in sen-timent concerning the late General Trepoff. The universal chorus of malediction and condemnation has given place since his death to a non-partisan appreciation of his real merits and defects, and his career has been the sub-ject of fair and even laudatory criti-cisms in nearly all circles. M. Memchinski, a prominent writer and publisher, who was recently suppressed, but who is now a contributor to Herelom, gives the following verdict on the basis of lifelong acquaintance with the

dead man: the education and, above all, the preparation necessary for the political activity Lumbermen state that the price of thrust upon him. He possessed, how-

Newfoundland Angry at Parent. St. Johns, N. F., Sept. 24 .- The reorted determination of the Imperia overnment to override the colonial anthorities and concede to the American mmission a more liberal construction ease that timber can now be brought of the berring fishery laws asked on beinto San Francisco at much lower rates half of American fishermen, has evoked much criticism here. Canada, it is said, may be a factor in the dispute, as she has for years enforced against Americans the laws that Newfoundland

EW RHEUMATISM ALMOST AS COMMON IN SUMMER AS IN WINTER.

While the damp, cold, changing weather of Winter intensifies the pains and other disagreeable symptoms of Rheumatism, it is by no means a

with one "!" will be just as hot.—New York Herald.

The thing to do with a Milk Trust is to sterilize and bottle it.—New York acid, which produces the disease, has accumulated.

Rheumatism is a disease that involves the entire system. Its primary cause results from the failure of the eliminative organs, the Liver, Kidneys and Bowels, to carry out of the system the urea, or natural refuse matter. This coming in contact with the different acids of the body forms uric acid which is taken up and absorbed by the blood. This acid causes fermentation of the blood, making it sour and unfit for properly nourishing the body, and as this vital stream goes to every nook and corner of the body, the poison is distributed to all parts. The nervous system weakens from lack of rich, pure blood, the skin becomes feverish and swollen, the stomach and digestion are affected, the appetite fails and a general diseased condition of the entire system is the result.

Not only is Rheumatism the most painful of all diseases, with its swollen, stiff joints, throbbing muscles and stinging nerves, but it is a formidable 618 32nd Street, Newport News, Va. and dangerous trouble. If the uric acid is allowed to remain in the blood, and the disease becomes chronic, chalky deposits form at the joints,

and they are rendered immovable and stiff, and the patient left a helpless cripple for life. Every day the poison remains in the system the disease gets a firmer hold. The best time to get rid of Rheumatism is in warm weather; because then the blood takes on new life and the skin is more active and can better assist in the elimination of the poisons. With the proper remedy to force the acid out of the blood, and at the same time build up and strengten the Liver, Kidneys, Bowels and other organs of the body, Rheumatism can be permanently cured. External applications relieve the pain and temporarily reduce the inflammation, and for this reason are desirable, but they cannot have any effect on the disease. The blood is poisoned and the blood must be treated before a cure can be effected.

S. S., a remedy made from roots, herbs and barks, is the best treatment for Rheuma-

tism. It goes into the blood and attacks the disease at its head, and by neutralizing the acid and driving it out, and building up the sour blood so it can supply nourishment and strength to every part of the body, it cures Rheumatism permanently. S. S. S. is the only safe cure for the disease; being purely vegetable, it will not injure the system in the least, as do those medicines which contain Potash or some other mineral ingredient. S. S. S. tones up

every part of the body by its fine tonic properties. While cleansing the blood of all poisons it builds up the appetite and digestion, soothes the excited nerves, reduces all inflammation, relieves pain and completely cures Rheumatism in every form—Muscular, Inflammatory, Articular or Sciatic. If you are worried with the nagging pains of Rheumatism, do not wait for it to become chronic, but begin the use of S. S. S. and purge the blood of every particle of the poison. Write for our book on Rheumatism, and ask our

Last Summer I had a severe attack of Inflammatory Rheumatism in the knees, from which I was unable to leave my room for several months. I was treated by two doctors and also tried different kinds of liniments and medicines which seemed to relieve me from pain for awhile, but at the same time I was not any nearer getting well. One day while reading a paper I saw an advertisement of S. S. S. for Rheumatism. I decided to give it a trial, which I did at once. After I had taken three bottles I felt a great deal better, and I continued to take it regularly until I was entirely cured. I now feel better than I have for years.
