Bryan is giving the Democratic boat of state a frightful rocking.

Taft should be all right in giving taft, if that will count in Cuba.

Perhaps if Puter publishes a book as he says he will, some people who are known for their iniquities will receive a thick coat of pewter.

As quietly and happily as going to a summer's picnic, do Uncle Sam's soldiers go to Cuba. And that is as seriously as we take the game of war these days.

Henry C. Frick has just completed a \$2,000,000 palace, but it takes 150 servants to do the work about it, and they'll enjoy it more than its owner will. That helps a little.

The world will awaken in a very short time to the fact that, lying just north of the west central part of the United States, is a country almost equal to the Mississippi valley in vastness and productivity.

Hardly anything is real and genuine now-days, not even that feminine wobble. Most everything is padded. And now the question is, shall Portland's population be padded. The Journal says "yes," and The Oregonian says "no," and there you have it.

Again it has been demonstrated that the City of Estacada would be the grainer if the council would appoint someone to be its clerk's advisor. We believe there is legal talent enough here to take care of the city's business in court affairs in a way that the city will be the gainer and not the loser.

Give the newcomer the glad hand. Give him to know that you are glad to see him, and want him to stay. That you are pleased to have him help in developing this rich country. You, who have been here these many years, have performed your part well. Encourage the newcomer that he may do his part as well. The stranger needs a word of welcome. Don't forget the social call, either. Be helpful toward the newcomer.

A few opinions have been heard on the "hearing in court" Monday before E. S. Womer. Some against and some for the stand the "court" took in the matter. The fact that the recorder had issued the warrant of arrest as a justice was sufficient grounds for a discharge. But no higher court with plenty of evidence to convict would permit such a mere

ESTACADA

Is going to grow this coming summer more rapidly than ever before. The great Electric Power Plant, costing over \$1,000,000.00 will be completed, a large sawmill will be built, and logs will be floated down the Clackamas from miles above. The price of property should advance with the completion of enterprises now under way, and the perfection of those already in operation.

We have some choice business and residence lots in Estacada which are good investments for anyone. Prices reasonable and terms easy.

clerical oversight to defeat the ends of justice. Such an error is not fatal to the cause, and is not beyond correction by the magistrate, simply because it does not affect in any degree the standing of the defendant in court. There was no warrant issued because it was not completed and there was no court. Ex-Senator Brownell might just as well have pleaded his case before our Metropolitan Mayor, as he terms him, as to have noticed the court he did. However, everything was expedited along professional lines, and several of us are wiser for it.

Coal Oil For Snake Bite.
J. D. Dalgram of Meade, says coal oil is an infallible remedy for the bite of a rattlesnake, and while in Texas, where big rattlesnakes grow, a man who made a business of catching live snakes, carried with him only this remedy and that it never failed. He says soak the wound immediately with the coal oil and little fear may be felt as to the result. This is a very simple remedy and nearly always close at hand. He says persons going picnicking should always take with them a bottle of coal oil.—Ione Proclaimer.

Case Dismissed
The charge of assault and battery against the half dozen young men who held rough revelry a week ago Sunday was called before Recorder Womer Monday for hearing and, on motion, was dismissed. The action was brought by Marshal Lovelace, and in issuing the warrant the recorder inadvertently did so as a justice of the peace. And on this technicality a dismissal was secured. Attorneys Brownell & Heylman appeared for the several defendants.

Years ago when telephones were still a novelty, a farmer came to town one day and called on a lawyer friend of his whom he supplied with butter, and who had had a telephone recently put in his office. "Need any butter this morning?" asked the farmer.

"Well, I don't know," answered the lawyer.

"Wait a minute. I'll ask my wife about it."
After speaking thru the 'phone he went on: "No; my wife says no."
The farmer's face was a study for a moment. Then he broke out with: "Look-a-here, Mr. Lawyer, I may be a 'Rube' and have my whiskers full of hayseed, but I'm not such a big fool as to believe that your wife is in that box."
