**Why Farmers Should Organize**

The Morning Oregonian under date of October 15, editorially says: No man of intelligence and a willingness to learn can mingle with other men engaged in the same line of work without gathering some ideas that will be of use to him in his own activities. Even the most successful of men fall short of perfection. They learn by their own experience and, if they are wise, by the experience of others.

It is needless for farmers or horticulturists to go several hundred miles to learn something new and useful concerning the branch of agriculture in which they are particularly interested. Frequent visits among the farmers of any community will not only cultivate a better neighborhood feeling but will enable all to improve themselves in their methods of cultivating, gathering and marketing crops. If a neighbor has raised a particularly large crop or one of unusually good quality, it is worth while to find out how he did it and there is no better way than to pay him a friendly call. This would be a farmers' congress on a small scale but one unsurpassed in value as compared with the cost of attendance. It should be possible to bring the farmers into closer relations which will encourage them to work together for their common welfare.

—There is nothing that promotes good fellowship among farmers like the Grange. It is an agency for improvement in every condition of the farmer's life, both in a business and social way.

At the close of its convention work at Oregon City Saturday, the Sunday School Association elected the following officers: Rev. R. C. Blackwell, president, Oregon City; Charles Frankhauser, vice president Harmony; Mrs. C. A. Nash, secretary, Oregon City; Earl Shibley, treasurer, Springwater; Mrs. D. C. Latourette, superintendent of teachers' training, department, Oregon City; Mrs. T. E. Gault, Supt. of home Dept., Oregon City; Mrs. W. A. White, Supt. of primary work, Oregon City.

Faithfulness is better than favor; purity is better than popularity; merit is better than money; and uprightness is better than height.

It is all well enough for the poet to say such nice things, and they are all true, but the world loves applause, and that puts to rout, your faith, purity, merit, etc. oftentimes when they should pervade.

**ESTACADA**

Is going to grow this coming summer more rapidly than ever before. The great Electric Power Plant, costing over \$1,000,000.00 will be completed, a large saw-mill will be built, and logs will be floated down the Clackamas from miles above. The price of property should advance with the completion of enterprises now under way, and the perfection of those already in operation.

We have some choice business and residence lots in Estacada which are good investments for anyone. Prices reasonable and terms easy.

**How to Cure A Corn**

Expose the corn and pass the finger tips of your right hand over it slowly and carefully at the same time, sending a vibration from the brain to the corn. If it is a soft corn, 413 vibrations a second will suffice; if a hard corn, put on forced draught. Repeat slowly: "I am now sending a current of thought force into my corn, and so separating, deducing, disintegrating, rendering, splitting, sundering, splinting, snapping, dwelling, whittling, dispersing, dislocating, eliding, divorcing, pulverizing, slashing, slicing and dissecting it, that presently it will pass away." Repeat it three times; then with rising reflection: "Avaunt, avaunt, ayum! Finish by repeating the password. "The universe is mine! I am it!" The corn will at first look extremely surprised, then wilt and fade beautifully away.—Ex.

**Wounds, Bruises and Burns**

By applying an antiseptic dressing to wounds, bruises, burns and like injuries before inflammation sets in, they may be healed without maturation and in about one third the time required by the old treatment. This is the greatest discovery and triumph of modern surgery. Chamberlain's Pain Balm acts on this same principle. It is an antiseptic and when applied to such injuries causes them to heal very quickly. It also allays the pain and soreness and prevents any danger of blood poisoning. Keep a bottle of Pain Balm in your home and it will save you time and money, not mention the inconvenience and suffering such injuries entail. For sale by the Estacada drug store.

**A New England Supper**

At a meeting of the Ladies' Aid last Thursday, it was decided to give a New England supper followed by a short program, Friday evening of this week, the proceeds to be used in helping to furnish a parsonage for the M. E. church. Committees were appointed to see all the other folks and get them to help, too. Soliciting committee, Mrs. J. W. Reed, Miss Gertrude Morrow, Mrs. E. F. Surface. Program committee, Mrs. T. J. Reagan, Mrs. W. A. Heylman, Miss Vida Dale, and Mrs. H. A. Williams. The supper will be given in the lower room of the Oddfellow building beginning at 6 p. m., program to begin at 8. Price of supper, for adults, 25c, for children nine years old and younger 15c.

**GARFIELD**

Mr. George Lockerby is laid up with a broken leg. He was hauling hay last Saturday and the wagon upset catching him by the left leg. Dr. Haviland was called, and Mr. Lockerby is getting along nicely.

Mr. and Mrs. H. H. Anders, Miss Gracie Mae Smith and Fred Wilcox were guests at the William Davis home last Sunday.

Mr. and Mrs. Coyd Looney were at the wedding of their brother, Lester Hale, in Portland, Sunday.

**Sick Headache Cured**

Sick headache is caused by derangement of the stomach and indigestion. Chamberlain's Stomach and Liver Tablets correct these disorders and effect a cure. By taking these tablets at the first indication of the disease appears, the attack may be warded off. Get a free sample and try it. For sale by the Estacada drug store.

**FINE BRICK**

**A Very Fine Quality of Brick Is Made at the Estacada Brick & Tile Company's Factory**

The last kiln of brick burned by the Estacada Brick & Tile Company at the factory in Estacada has produced over 60 per cent. of extra good quality pressed facing brick. This is much better than Supt. Halpin had expected owing to the way of firing. The same brick burned in the new burning kiln would, no doubt, have come out nearly all perfect brick. Since Mr. Halpin took charge of the factory each succeeding kiln has been a great improvement over the preceding one, and the results show that the finest grade of pressed brick can be made from the clays here. This week, Manager Belknap and Superintendent Halpin are awaiting the results of the first burn in the new kiln erected by Mr. Nadolni. The kiln holds about 80,000 pressed brick. It will take ten days or so for these to pass through the burn.

**Rugs Given Away at Cooper's**
