LENGTH OF BLACKSNAKES.

Rapidity of Movement Makes Them Seem Longer.
One of the significant features of this snake season, and of any snake season that occurs, which is every year, is the very long length of the blacksnaakes that are seen, says the Ohio State Journal. This is not at all remarkable for about the only thing a blacksnaake has to show for itself is its length. It has no muscular tail like the rattlesnaake, nor the puffed-out head of the hissing viper, nor the livid, languid maw of the house-snaake—it has only length, and when with amazing speed it whips through the deep grass or dead leaves it seems to be thirty or forty feet long. So truly does this little illusion exist that when a person tells of a blacksnaake seven or eight feet long, he prides himself on great modesty of statement. And, by the way, we have noted many blacksnaake stories this summer, and we have not encountered a snake under seven feet.

New Monthly Magazine.
A bright, new monthly magazine has made its appearance on the Pacific coast, and looks as if it had come to stay. It is the Coos Bay Monthly, published at Marshfield, Oregon, the business center of one of the most resourceful districts of the entire Northwest. The November number consists of about 125 pages of good reading matter, mostly local in nature, nicely illustrated, and of general interest to all who wish to know anything of the Great Northwest. The number also contains nearly 30 pages of local advertising. This speaks volumes for the business enterprise and energy of the citizens, as well as for the ability of P. C. Levar, editor and manager, and F. B. Cameron, advertising manager.

TWO TRAINS COLLIDE

Immigrant Train in Disastrous Indiana Wreck.
Forty-seven Passengers Dead.
Were Nearly All Fugitives from Russia—Survivors Lose Baggage and Other Possessions.

Chicago, Nov. 13.—More than half the passengers on an immigrant train on the Baltimore & Ohio railroad were killed or injured in a collision today between the passenger train and a freight near Woodville, Ind. One hundred and sixty-five passengers were on the train, and of these 47 were either killed outright or were burned to death in the fire which broke out after the collision. The names of all the dead will probably never be known, as 45 of the bodies were consumed in the flames, or were so badly burned that identification is impossible. Thirty-eight people were injured, and several of these will die. Eighty others escaped unhurt, but lost nearly all their baggage and clothing.

Of the Wagon.
Mrs. DeChise—Why are you weeping, dear?
Mrs. McSosh—Oh, I'm so disappointed! You know John signed the pledge last week.
Mrs. DeChise—Yes?
Mrs. McSosh—And—this morning he went on a fishing excursion—Cleveland Leader.

Origin of Woman.
Miss Newgirl—So you insist that man and not woman was the chief consideration at the creation?
Mr. Sparks—Certainly I do. Woman was only a side issue.—Boston Transcript.

"Believe it!" echoed Senator Sorghum, "why he doesn't even understand it."—Washington Star.

The Ideal Family Laxative
is one that can be used by the entire family, young and old, weak and strong, without any danger of harmful effects. It should have properties which insure the same dose always having the same effect, otherwise the quantity will have to be increased and finally lose its effect all together. These properties can be found in that old family remedy, Brandreth's Pills, because its ingredients are of the purest herbal extracts, and every pill is kept for three years before being sold, which we all wish to mellow the action of the pill to a laxative, on the market that is so far called.

First Appearance.
"Who are you, sir?" asked Eve, in surprise.
"Madam," answered Adam, with his most engaging smile, "I am Exhibit A of the ethnological department."
It was then that the serpent, having escaped from the zoological department, entered upon the scene, and the real trouble began.

A PUBLIC DUTY.
Montpelier, Ohio, Man Feels Compelled to Tell His Experience.
Joseph Wilgus, Montpelier, O., says: "I feel it my duty to tell others about Doan's Kidney Pills. Exposure and driving brought kidney trouble on me, and I suffered much from irregular passages of the kidney secretions. Sometimes there was retention and at other times passages were too frequent, especially at night. There was pain and discolored urine. Doan's Kidney Pills brought me relief from the first, and soon infused new life. I give them my endorsement."

EXPECT ROOSEVELT'S AID.

Leaders Confident That President's Coming Message to Congress Will Contain Radical Demands for Labor.
Minneapolis, Minn., Nov. 12.—That the convention of the American Federation of Labor, which opens in this city this morning, will go on record in favor of an aggressive political policy seems assured. From all parts of the country delegates are bringing in reports of success at the polls at the recent election.

Chicago, Nov. 13.—More than half the passengers on an immigrant train on the Baltimore & Ohio railroad were killed or injured in a collision today between the passenger train and a freight near Woodville, Ind. One hundred and sixty-five passengers were on the train, and of these 47 were either killed outright or were burned to death in the fire which broke out after the collision. NEGRO TROOPS SHED TEARS.
Veterans of Twenty-Fifth Deeply Affected by Disgrace.

El Reno, Okla., Nov. 12.—The members of Companies B, C and D of the Twenty-fifth Infantry (colored), recently ordered disbanded by President Roosevelt as a result of the riotous disturbances at Brownsville, Texas, on August 13, were formally discharged today.

GENERAL SHAFTER DEAD.
Pneumonia Proves Fatal to Leader in Cuban Campaign.

Bakersfield, Cal., Nov. 13.—Major-General William Rufus Shafter, United States Army, retired, died at 12:42 p. m. yesterday at the ranch of Captain W. H. McKittick, his son-in-law, 20 miles from this city, after an illness of seven days, despite the best medical attention in California.

Dissolve the Trust.
Washington, Nov. 13.—While no authoritative statement could be obtained in regard to the matter, there is good reason to believe that the Government is about to institute proceedings against the Standard Oil Company under the Sherman anti-trust act with a view of obtaining an order of the court dissolving the company as it now exists and restoring to each of the 75 or 80 constituent companies its proportionate share of the stock and also compelling the observance of the law inhibiting them from entering into any contract, agreement or understanding with each other.

Boys Shot by Courtmartial.
St. Petersburg, Nov. 9.—The Riga correspondent of the Bourse Gazette sends a harrowing description of the recent execution of three young boys, convicted by court-martial of robbery and condemned to death. The robbery was placed against a wall in the courtyard of the barracks, and their pitiable appearance so unnerved the troops that they fired wildly, and several volleys were necessary before the little fellows were finally killed. The City of Riga is greatly wrought up over the bloodthirsty justice.

Most Drunken Army in World.
Chicago, Nov. 13.—The United States army is the drunkenest in the world, according to figures contained in the report of Surgeon-General O'Reilly, head of the medical department of the army. Though General O'Reilly does not state specifically that this undisputed eminence has been attained since the abolition of the canteen system, several commanding generals have made this claim. The report also makes clear that many diseases from which soldiers suffer are caused by driving them outside of the post for amusement.

Considers Coal Steal.
Salt Lake City, Nov. 13.—A federal grand jury was impaneled here today and will begin its sittings tomorrow. Rumor has it that presentments will be made of evidence gathered by the Interstate Commerce Commission during its recent investigation of Union Pacific coal holdings and developments in connection with the Government suit to recover land acquired by the Utah Fuel Company, but no official information is forthcoming. Even the names of the witnesses subpoenaed have not been divulged.

Discharged From Bankruptcy.
Trenton, N. J., Nov. 13.—The Iroquois Theater Company, of Chicago, whose theater was destroyed by fire three years ago, attended by great loss of life, was discharged from bankruptcy today by Judge Lanning in the United States court here. The company has liabilities of \$2,000,000 and no assets.

Judicial Accuses.

The late Justice Daly of New York frequently enlivened the tedium of legal proceedings had before him by his kindly wit.
One day a suit was brought before him in which damages were claimed by reason of an assault. Plaintiff had been knocked down by the defendant and severely pummeled while prostrate. One of the witnesses seemed very reluctant to answer the questions put to him on cross-examination, in which he was up-bid by the court.

Judge and Juror.
Judge Adams, the County Court Judge of Limerick, is one of the wisest and most successful of Irishmen, but occasionally from an encounter he emerges second best. The other day a juror asked to be excused from serving on account of deafness.

Stretching It.
An American visiting Dublin told some startling stories about the height of some of the New York buildings. An Irishman who was listening stood it as long as he could, and then queried:
"Ye haven't seen our newest hotel, have ye?"
The American thought not.
"Well," said the Irishman, "it's so tall that we had to put the two top stories on hinges."
"What for?" asked the American.
"So we could let 'em down till the moon went by," said Pat.

Look but Do Not Touch.
"Has your wife got your den fired up yet?"
"Yes, and you ought to see it. It's the coolest place in the whole house."
"I suppose you find great comfort in it, don't you?"
"Oh, she won't let me go in it. It's merely to look at."—Milwaukee Sentinel.

Race Suicide Increasing.
Paris, Nov. 12.—Public attention has again been drawn to the national peril involved in the constantly-diminishing birthrate by the publication of vital statistics for 1915. The births in France for this year numbered 807,392, showing a decrease of 10,937 from the total of 1914. The reason for this decrease is not to be found in a reduction of the number of marriages, in which the statistics show a slight increase over 1914, but it apparently arises from the aversion of the French people to raising large families.

Hotel and Restaurant Prices
are steadily rising in German cities, because of the rapid rise of prices of meat and vegetables. Cooks and waiters also demand much more than formerly.

Rogers to "Bust Trusts."
Fairhaven, Mass., Nov. 12.—Henry H. Rogers, of the Standard Oil Co., is about to start out as a "trust buster." The company to which he will first turn his attention is one of the strongest combinations in the United States, the United Shoe Machinery Company. For five years past the Shoe Machinery Company has been at litigation with the Atlas Tack Company, claiming infringement of patent. Rogers is interested in the tack company and it is said that this is what decided him to attack the big companies.

New Railroad for China.
Hongkong, Nov. 12.—Chowfu, who was recently appointed Viceroy of the Province of Kwang-Tung, has arrived here, on his way to Canton. Speaking at an informal meeting of Chinese merchants with reference to the Yuetan Railway, he insisted upon harmony between the merchants and officials with the object of bringing the scheme to a successful issue. His policy in railway matters, he said, would be dictated by Western principles.

Soldiers Must Keep Out of Politics.
St. Petersburg, Nov. 12.—An imperial order has been issued forbidding soldiers of all ranks to become members of political associations of any party whatsoever, attend political meetings or take part in agitation against the government. Violations of the order will be severely punished.

Have You a Friend?

Tell him about Ayer's Cherry Pectoral. Tell him how it cured your hard cough. Tell him why you always keep it in the house. Tell him to ask his doctor about it. Doctors use a great deal of it for throat and lung troubles.

"I had a terrible cold and cough and was threatened with pneumonia. I tried Ayer's Cherry Pectoral and it gave me quick and perfect relief. It is certainly a most wonderful cough medicine."—RENA E. WRIGHTMAN, BOSTON, Pa., N. Dak.
