

MAYOR OF SUNBURY

Says Peruna is a Good Medicine.

Hon. C. C. Brooks, mayor of Sunbury, Ohio, also attorney for Farmers' bank and Sunbury Building and Loan Co., writes:

"I have the utmost confidence in the virtue of Peruna. It is a great medicine. I have used it and have known many of my friends who have obtained beneficial results from its use. I cannot praise Peruna too highly."

HON. C. C. BROOKS.

There are a host of petty ailments which are the direct result of the weather.

This is more true of the excessive heat of summer and the intense cold of winter, but it is partly true of all seasons of the year.

Whether it be a cold or a cough, catarrh of the head or bowel complaint, whether the liver be affected or the kidneys, the cause is very liable to be the same.

The weather slightly demerms the mucous membranes of the organs and the result is some functional disease.

Peruna has become a standby in thousands of homes for minor ailments of this sort.

AWFUL ATTACKS OF PAIN.

A Most Dreadful Case of Kidney Trouble and How it Was Cured.

Thomas N. McCullough, 321 South Weber St., Colorado Springs, Colo., says: "For twelve or fifteen years I was suffering frequent attacks of pain in the back and kidneys that lasted for three weeks at a time. I would be unable to turn in bed. The urine was in a terrible condition, at times a complete stoppage occurring. I began with Dean's Kidney Pills, and soon felt better. Keeping on, I found complete freedom from kidney trouble. It is generally on the back, breast, face, arms and legs, though other parts of the body may be affected. In Tetter the skin dries, cracks and bleeds; the acid in the blood dries up the natural oils of the skin, which are intended to keep it soft and pliant, causing a dry, feverish condition and giving it a hard, leathery appearance. Acne makes its appearance on the face in the form of pimples and black heads, while Psoriasis comes in scaly patches on different parts of the body. One of the worst forms of skin trouble is Salt Rheum; its favorite point of attack is the scalp, sometimes causing baldness. Poison Oak and Ivy are also disagreeable types of skin disease. The humor producing the trouble lies dormant in the blood through the winter to break out and torment the sufferer with the return of Spring. The best treatment for all skin diseases is S. S. S. It neutralizes the acids and removes the humors so that the skin instead of being irritated and diseased, is nourished by a supply of fresh, healthy blood. External applications of salves, washes, lotions, etc., while they soothe the itching caused by skin affections, can never cure the trouble because they do not reach the blood. S. S. S. goes down into the circulation and forces out every particle of foreign matter and restores the blood to its normal, pure condition, thereby permanently curing every form of skin affection. Book on Skin Diseases and any medical advice desired sent free to all who write. S. S. S. is for sale at all first class drug stores.

SKIN DISEASES
HUMORS IN THE BLOOD

When the blood is pure, fresh and healthy, the skin will be soft, smooth and free from blemishes, but when some acid humor takes root in the circulation its presence is manifested by a skin eruption or disease. These humors get into the blood, generally because of an inactive or sluggish condition of the members of the body whose duty it is to collect and carry off the waste and refuse matter of the system. This unhealthy matter is left to sour and ferment and soon the circulation becomes charged with the acid poison. The blood begins to throw off the humors and acids through the pores and glands of the skin, producing Eczema, Acne, Tetter, Psoriasis, Salt Rheum and skin eruptions of various kinds. Eczema appears, usually with a slight redness of the skin followed by pustules from which there flows a sticky fluid that dries and forms a crust, and the itching is intense. It is generally on the back, breast, face, arms and legs, though other parts of the body may be affected. In Tetter the skin dries, cracks and bleeds; the acid in the blood dries up the natural oils of the skin, which are intended to keep it soft and pliant, causing a dry, feverish condition and giving it a hard, leathery appearance. Acne makes its appearance on the face in the form of pimples and black heads, while Psoriasis comes in scaly patches on different parts of the body. No Chance for Argument.

"George," said Mrs. McQuillip to her liege lord, who was toasting his shins before the fire, "I suppose you got the credit for sweeping the snow off our roof walk?"

"I reckon I do, Cynthia," responded George.

"And you know you don't do a lick of it. You know I do it myself."

"You do, Cynthia. There can't be any doubt about that."

"Well, what sort of a man do you think you are?"

"I'm a blamed small specimen of a man," Cynthia said. "I have no doubt I am meaner and more contemptible than you think. Lord, love you, Cynthia, you can't get into any argument with me on that proposition. I'm the laziest, good for nothing, oneriest man in the neighborhood. If it wasn't that I've got such a good wife, I'd go and blow my worthless brains out. Supper ready yet, dear?"—Philadelphia Index.

Majesty of a Great Name.

The officer, who had come in a closed carriage to take the man of the house to the detention hospital, was informed that there would be some difficulty in persuading him to go.

"What's the trouble?" he asked.

"He says he is the caliph of Bagdad, and he doesn't have to go anywhere unless he chooses. He says he's going to stay right here."

"I can fix that, all right," the officer said.

Entering the room, he walked up to him and extended his hand.

"Haroun al Raschid," he said, with a genial smile, "how are you, old boy?"

"Who are you, slave?" haughtily demanded the other.

"The name you know me? I am the abkond of Swat. I have come to take you out for a ride. Come with me."

"Your highness outranks me. I will go."

Stains on Books.

Ink stains may be removed from a book by applying with a camel's hair pencil a small quantity of oxalic acid diluted with water and then using blotting paper. Two applications will remove all traces of the ink. To remove grease spots lay powdered pipeclay each side of the spot and press with an ink blotting paper. Sometimes grease spots may be removed from paper or cloth by laying a piece of blotting paper on them and then pressing the blotting paper with a hot iron. The heat melts the grease, and the blotting paper absorbs it.

Little Boy—Are not all the words used to be found in the dictionary, papa?"

"No, my child; new words are coined every day."

"And what is the last word, papa?"

"I don't know, dear. Ask your mother, she always has the last word."

Thoroughly Reliable.

Every here was a reliable and safe remedy it is that old and famous porous plaster—Alleck's. It has been in use for sixty years, and is as good today as ever. We doubt if there is a civilized community on the face of the globe where this wonderful pain reliever can't be found. In the relief of the ingrown digits and in their manufacture the greatest care is taken to keep each plaster up to the highest standard of excellence, and so pure and simple are the ingredients that even a child can use them. Alleck's are the original and genuine porous plasters and are sold by Druggists in every part of the civilized world.

A Direct Appeal.

A story is told of a New York car conductor who had once been in the ministry, and who retained some of his former ways of speech in his new calling.

He had been at the front of the car collecting fares, and when he returned to his platform a well-dressed person told him that a man had boarded the car at Houston street and had found a place inside.

The conductor stepped inside the doorway, and ran his mild gaze up and down the car, but could not be sure which of the tightly-packed passengers was the late arrival.

"Will the gentleman who got on at Houston street please rise?" he asked calmly.

The gentleman rose involuntarily, and with a bow and a "Thank you!" the conductor collected his fare.

McCaskin to Be Major General.

Washington, Jan. 23.—It is semi-officially announced that Brigadier General William McCaskin, commanding the department of Texas, will be promoted to the grade of major general of the statutory retirement April 14 next of Major General James F. Wade. The present understanding is that Colonel Charles B. Hall, Thirteenth infantry, in command of the infantry and cavalry school at Fort Leavenworth, Kas., will be appointed to the vacancy in the list of brigadier generals, which will occur early in March.

Abolish Pension Agencies.

Washington, Jan. 22.—The house committee on appropriations today reported a pension bill carrying an appropriation of \$138,138,500 for 1908 as against \$140,245,200 in 1907. In the bill appropriation is made for only nine of the 81 pension agencies which now exist. The president alone under the law has authority to decide which pension agencies are to be discontinued. President Cleveland issued an order for the discontinuance of nine, but the order was rescinded by President McKinley.

Gold Production Increases.

Washington, Jan. 22.—The Geological survey announced today the total production of gold and silver in the United States for 1905, aggregating \$60,365,342 fine ounces, with a valuation of \$122,402,636. Production of gold aggregated 4,265,742 fine ounces, valued at \$88,180,700, an increase of \$7,716 over the previous year. Total production of silver was \$6,101,600 fine ounces, valued at \$34,221,936, a decrease of 1,581,200 ounces in actual output.

IN THE NATIONAL HALLS OF CONGRESS

Monday, January 28.

Washington, Monday, Jan. 28.—The Interstate Commerce Commission sent to Congress a report of the investigations made by it under the Tillman-Gillespie resolution concerning the relations of common carriers by rail to the production and distribution of oil. The report covers the distribution of petroleum and its products east of the Mississippi River, and, incidentally, the Kansas and Texas fields. The report points out generally the methods by which the Standard Oil Company "has built up and perpetuated its monopoly." It is asserted that "the ruin of its competitors has been a distinct part of the policy of the Standard Oil Company in the past, systematically and persistently pursued."

Wednesday, January 23.

Washington, Jan. 23.—The senate today accepted the proposition of the house of representatives to increase the salaries of senators, representatives and territorial delegates to \$7,500 annually and those of the vice president, the speaker of the house and members of the president's cabinet to \$12,000. This action was taken by a vote of 53 to 21 and followed a discussion of nearly three hours.

Thursday, January 24.

Washington, Jan. 24.—The session of the senate today was held entirely with reference to the death of Mr. Alger. Dr. Edward Everett Hale delivered a special prayer, and after the reading of the journal of yesterday was completed Senator Burrows presented resolutions expressing regret and sorrow at the sudden death and providing for a special committee of 12 senators to represent the senate at the funeral in this city and attend the body to Detroit. The resolutions were agreed to.

Friday, January 25.

Washington, Jan. 25.—Resolutions to check naval officers from "lighting a fire under senators and representatives to compel the enactment of the naval personnel bill at this session" were presented in the senate today by Hale, and, after causing a snappy debate of short duration, went over for future consideration. Hale's resolution cited the president's order forbidding government employees to "lobby," and directs an inquiry by the secretary of the navy to ascertain whether the order is being violated.

Saturday, January 26.

Washington, Jan. 26.—The senate was in session today only for a little more than an hour, the early adjournment being taken to permit attendance at the funeral of the late Senator Alger.

A few bills of minor importance were passed, but most of the time the sitting was devoted to the further discussion of Hale's resolution providing for an inquiry into the personal interest manifested by naval officers in the navy personnel bill. The resolution was ultimately referred to the committee on naval affairs.

Sunday, January 27.

Washington, Jan. 27.—The house spent the greater part of the day debating the agricultural appropriation bill, and it was still under consideration when adjournment was taken.

The question of the free distribution of garden seeds continued to hold the most prominent place with the speakers, although action on this provision of the bill, by a vote of 71 to 69, was postponed until Monday. The senate bill incorporating the International Sunday School association of America was passed.

Monday, January 28.

Washington, Monday, Jan. 28.—J. J. Hill, E. H. Harriman and the Republican policy of protection are assailed in the minority adverse report on the Lattin compromise ship subsidy bill which was filed in the House today by Spight of Mississippi. The report is signed by Spight and other members of the committee on merchant marine and fisheries—Goulden, Sherley and Patterson.

Tuesday, January 22.

Washington, January 22.—The senate today passed the compromise Foraker resolution authorizing the committee on military affairs to investigate the facts of the affray at Brownsville on the nights of August 13 and 14 last, without questioning "the legality or justice of any act of the president in relation to or connected with that affray." This action came after the subject had been under consideration almost daily since the first day of the present session of congress, and every phase of the question had been discussed on all sides.

Wednesday, January 23.

Washington, Jan. 23.—The house today passed the diplomatic consular appropriation bill, which carries a total of \$3,138,000, and the military academy appropriation bill, carrying \$1,954,483. During the consideration of the diplomatic bill, speeches were made by Sherley of Kentucky, on the "treaty making power"; by Sladen, of Texas, who urged a more liberal recognition of the Senate in the matter of diplomatic appointments; and by Longworth, of Ohio, who spoke in favor of the United States owning the residences of its foreign representatives. Cousins, of Iowa, made the opening speech in explanation of the measure.

Deafness Cannot Be Cured by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, it has a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out of this tube and restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

Deafness Cannot Be Cured by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, it has a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out of this tube and restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

"How can you call yourself a Christian," demanded the sanctimonious Mr. Biggot, "if you play golf on the Sabbath?"

"But I don't," replied the mild man.

"What! How dare you say you don't play golf, when this very minute—"

"I say I don't call myself a Christian. My name's Isaacstein."—Philadelphia Press.
