## Spray Material

Owing to the fact that vitrol is very scarce and the price advancing daily, it will pay those intending to use it in their spraying, to call early at the Estacada Pharmacy and secure their supply. Bring your catalogue and secure your spray material at the same price it will cost you to secure it in Portland.

Our Lime and Sulphur solution is a perfect chemical combination and is far superior to the home-made or crudely made Lime and Sulphur wash. The home-made preparation is not made in a way that will get the sulphur dissolved and in chemical combination with the lime, and to get the two completely into a finished, chemically combined solution is important. Our Lime and Sulphur solution reaches the full limit of value and, its lasting quality is much greater than the Lime and Sulphur wash that is not perfectly combined chemically.

Our lime and sulphur solution is made of the purest and best quality of Sublimed Sulphur and of Lime that tests 99.98 per cent. pure. It is clear, deep cherry colored liquid, free from sediment. It is a beautiful product and is very reasonable in price and its work is perfect. It is all ready for use just as you get it. Merely add 11 gallons of water with each gallon of the Lime and Sulphur solution. There is no sediment to clog the sprayers. No boiling is to be done, which saves time, labor and annoyance. It is always alike and uniform in strength and results. Price, 1 gal. 65c; 5 gals. \$2; 10 gals. \$3.85; 50 gal. \$13.

## Exchange at Portland Rates

Eastern Exchange at Portland rates is what the Estacada State Bank is now giving the good people of Estacada and vicinity. They have just completed arrangements with bankers in New York, Chicago, and San Francisco to honor their drafts at those points. Their drafts will now be honored in any city or town in the United States. This gives the merchants and public a great advantage over past conditions. The deposits of the Estacada State Bank have increased even beyond that anticipated by the present owners, and their report printed below indicates that they already have gained the full confidence of a prosperous public.
