MAY 30, 1907

This day is one named for the purpose of bringing to memory the dead soldiers who gave their lives that this national government might continue as they believed it should. Decoration Day—Memorial Day—is not a festive, holiday, to be celebrated; but it is a memorial, holy day, on which all are invited to aid in preserving the remembrance of the nation's dead heroes.

Vote so that after the election you will be satisfied with what you did in the election booth. The only one to whom you will have to account is yourself and your conscience. When the voter does not follow the dictates of his own mind when casting his ballot, the great power of the secret ballot is lost.

Other places are arranging for different kinds of shows or fairs. Is it too late for Estacada to have some sort of a fair? How would a cherry and flower fair and festival do? There will be an over abundance of these here this year. If not this, how would a fall exhibit of grain, vegetables and fruit do?

A true example of how a great corporation will help the dear people is seen in the Southern Pacific's willingness to contest to the last ditch the people's perfect right to the land which the government says the railway must sell to actual settlers for not more than \$2.50 an acre.

The first annual Clackamas Co. Strawberry and Rose show will be held in Oregon City on June 7 and 8. A loving cup will be given as the first prize to be defended for 3 years. The second prize will be donated by the Canby Fruit Growers Union.

The success Governor Hughes of New York is having in his efforts to make the will of his people paramount to that of the rich bosses illustrates the kind of man he is.

Old Senator Sorghum says that people who know lots and do not try to do anything are nuisances. So are people who do not know anything and try to do lots.

The county road north of town is receiving its annual attention from the road overseer.

Judge Dimick married a couple this week, and both the bride and groom were deaf and dumb.

Several teams are hauling lumber from the mills east of town for the woodworking factory's yard. Mr. and Mrs. P. C. Boulton are now residents of that wonderful city St. Johns, and all Estacadans wish them well.

The first new strawberries to appear in the local market came from the Warner farm Wednesday. They were fine Magoons and did not last long at 15 cents.

Another son of Mr. and Mrs. J. H. Brecht died last Sunday. This is the 3rd death in the family within two weeks. The last was a son nearly 19 years old. Death was the result of a complication of diseases.

Tuesday evening a pleasant party took place at the Hotel Estacada. It was in celebration of Mrs. N. L. S. Laury's birthday and wedding anniversary. A small number of relatives and friends was present and helped her to celebrate.

A school election will be held on June 17, at 8 p. m. to elect two directors and one clerk. A school tax will be levied, and the question of adding the 10th grade work to the school may be discussed. If another grade is added, another teacher will have to be employed.

Contractor Lindsey has completed his work on the Main street grade, and the improvement places the hill in a very good condition for travel. An 8 per cent. grade has been established. A passing place about half way up the grade has been provided. This was not a part of the contract, but Mr. Lindsey thought it a good idea, and so provided the convenience.

## Big Camp Meeting to Be Held

Rev. H. E. Stubbs is preparing for a great camp meeting time for Estacada. He expects Brothers Scott, Sigsby and Pitts of the F. M. church to arrive here this week and they will pitch their mammoth tabernacle at the corner of Second and Broadway. These religious meetings will be led by Rev. Pitts, and everybody will be welcomed and expected to attend.

## Paper and Pulp Mills

### Clackamas County to Continue to Have Largest In West

The big paper and pulp mills at Oregon City are receiving extensive improvements and additions. This mill has long been the biggest of its kind in the West. The Willamette falls at Oregon City affords the greatest natural water power west of St. Anthony falls at Minneapolis, and possibly greater than any west of Niagara. With this great natural water power Oregon City should be the greatest manufacturing city in the West.

The new machinery which will be put in when all the alterations are made, is being made in Watertown, N. Y. and will not be completed till next year. The Oregon City Daily Star says it will require 75 large railway cars to transport it to Oregon and the two trains that will carry it west will be a great advertisement for the Willamette mill and Oregon generally. When the mill is entirely completed there will be but very few mills in the world its equal.

### Cemetery Talk Again Revived

The proposition of getting a cemetery open for the use of the City of Estacada and the public generally is again receiving attention. About a year or so ago The News and others talked cemetery proposition until it was thought one would be established, but as the necessity for one did not seem to urgently present itself the whole thing died out. Now that the need of a cemetery has again visited us, the efforts to get one opened to the public use are on foot to have one established.

### Relief from Rheumatic Pains

"I suffered with rheumatism for 2 years" says Roland Curry, a patrolman of Key West, Fla. "Sometimes it settled in my knees and lames me so I could hardly walk, at other times it would be in my feet and hands so I was incapacitated for duty. One night when I was in severe pain and lame from it my wife went to the drug store and brought back a bottle of Chamberlain's pain balm. I was rubbed with it and found the pain had nearly gone during the night. I kept on using it for a little more than 2 weeks and found that it drove the rheumatism away. I have not had any trouble from that disease for over 3 months." Sold at the Estacada Pharmacy.

Mr. Tim Linn has posted notices of filing on 160 acres west of and joining the Linn's mill. There is some very fine timber on the land and if the railroad company that now holds it by government grant is worsted in its fight with the Department of the Interior, Tim will be the gainer.

Mr. and Mrs. R S Blew has left the ranch and gone to Portland where Mr. Blew is again rairoading.

J J Honebon was circulating a petition Monday asking permission to close up the road which runs through his place. There seems to be a little opposition to the granting of the permit, but the number of names on the petition will likely assure Mr. Honebon success.

G. B. Linn with a force of men and teams is wonderfully improving the Currinsville road.

Sunday afternoon Geo. Lockerby was taken to the Good Samaritan Hospital in Portland; Geo. Ely accompanied him. Reports have it that there is not very much hope for Mr. Lockerby's recovery.

Miss Cutter and Miss Kennedy left Monday for Oregon City and Portland respectively. All wish them a pleasant vacation and a welcome will be ready for them when they return.

Mr. Bridenstein continues to improve the roads wonderfully. No one who saw him last Sunday grading, using a traction engine and teams, will ever again doubt David's zeal—on Sunday.
